Sheriff Lamb

I hate to drop this in your lap this way man I tried to just call you on the phone but I keep getting the run around in Pinal County, to include your PCSO Evidence locker man, Matthew I believe was his names statement ver batum "thats not how the game is played". Well Sheriff Lamb this is no game, it is my life and livelihood. All my efforts have fallen on deaf ears due to the Public Corription going on in Pinal County.

Therfor I have been trying to reach you on the phone since 3-29-2020 to speak about the matters of public Corription in your Jurisdiction. Your office help as well as Deputies have given me the run around as they all know they caught redhanded in a conspiracy amongst themselves, Pinal Pioneer Justice Court, and Deb Winland of 40406 N. Shetland Dr San Tan Valley AZ 85140.

Please see previous email below and attachments. I have also uploaded a good bit of this in lineated date/time order on my site for public download
<https://www.originalprecision.com/paper-wars.html>

This has wound up creating the Justification for me to go ahead and get the FED involved as the last straw was, U.S. Mail Fraud or U.S. Mail Tamper per U.S.C. 18 ch63 or ch83 whichever the FED wants to use to begin investigation and prosecution in Pinal County of the Public Corription.

I look forward to your reply Sir.

R/S

Jeremy D. Winland

Subject: Mailings

As per conversation I just had with a nice girl at your location via phone number 480-380-7312 I am sending this follow up email.

I originally called to request a direct to a person email address for pioneer justice court so I can correspond on commercial paper via email as verbals have not been on the up and up thru out some Pinal County entities, albeit some direct emails have been ignored as well. Thus I was trying to tie a human to correspondence for direct accountability reasons.

I have not received any mailings thus far from pioneer court, nor have I received a copy of the lawful service form from the constable. Therefore I formally request all be re mailed to my mailing address which is secure and picked up on video at the post office in queen creek az. The mailing address is P.O. Box 1755 Queen Creek Arizona 85142.

My correct mailing address was listed on page 20 of Exhibit A. Which is the request for hearing appeal form I filed in pioneer court after served by the constable at the pioneer court building.

This is different than my home address which is 40406 N. Shetland Dr San Tan Valley AZ 85140, the location of many of my personal things as well as many of my, protected by law, trade secrets and intellectual property. All guns and ammo i used to own as well as containers for such, have already been sold on lawful receipt to a man prior to the sunset of the red flag 24hr referenced time frame in the PO2020000054. Of which he still owns all of them on paper. The unlawfull red flag Act(s) are forbidden per Arizona Constitution Article 2 Section 26.

Please also include the audio CD i requested and paid for already in these mailings to my P.O. Box in Maricopa County.

As the last time i went into Pinal county from being called to come to the substation at ironwood and occotillo i got flanked with an unfounded red flag protective order there/baited in under false pretense via phone call and documented email to get handed a copy of a protective order, and my guns i had with me were unlawfully seized at that time.

i was never lawfully served the protective order number PO2020000054 until i arrived at pioneer justice court to file to contest the order, when i arrived the constable asked where i got the PO from, then the constable served me on paper at the pioneer justice building.

Thus establishes the order was not lawfully in place when my guns were seized at the ironwood and occotillo substation when i got told at the substation I would have to give them my guns I had with me, I did not surrender my guns. Which is known as unlawful seizure buy law enforcement.

I was told i had to give them up so rather than fight a ton of deputies like when they all swarmed in when i got hit with a chem attack and had my "blood checked" at that

same substation on substation video.

I also am more than willing to go onto polygraph with all involved to clear this up if need be.

I have tried to work with Pinal County and am getting railroaded and ratholed thus I have already created state and federal visibility with multiple entities of each, and posted much of this public record stuff to include the complete Exhibit A from my appeal in pioneer justice court, on my personal public message board, originalprecision.com on the Paper Wars page. As commercial paper is the only way I agress, as a Veteran Marine we are taught to fortify our position and await incoming rounds then return fire, not to go out as an assault squad looking for a fight.

Thank you in advance for your assistance in this very high profile matter. I look forward to receiving all mailings this week sometime.
