Discover a unique media with an origin that traces back to the sixteenth century. Pastel is powdered pigment rolled into sticks and held together with a special binder. Notable artists have used pastels including Jocoopo Bassano, Rosalba Carriera, and eventually artists such as Manet, Renoir, Toulouse-Lautrec, Hassam and more.

The Ohio Pastel Artists League (OPAL) increases interest in the medium of pastels and strives to help their members grow in artistic endeavors. Join OPAL in a fascinating exhibition that explores and celebrates the art of pastels.
