A note from our CEO...

To Friends of KMHA:

Kentucky Mountain Health Alliance, Inc., dba Little Flower Clinic strives to provide quality medical care, behavioral health care, oral health care, case management, transportation, outreach and enrollment, and an overall improved experience for patients and their families in ways that demonstrate our commitment to rural health care.

Lean In author and tech executive Sheryl Sandberg states, "If you want to win hearts and minds, you have to lead with your heart as well as your mind". Kentucky Mountain Health Alliance, Inc. is blessed to employ a group of individuals who give their whole heart for service and have a mind to work. They are dedicated to the homeless or those at risk for homelessness in Perry County, Kentucky.

We are so fortunate to have such an engaging and active community. Over the past decade we have counted on our Board of Director Members, Advisory Board Members, mentors, volunteers, local, state and federal agencies that have invested their time, energy and funds into our programs! Together, we are effecting change!

Warmest Regards,

Ellen Napier

Executive Director

Our Mission

The mission of KMHA is to improve the health and well-being of Southeast Kentucky citizens who are underserved or at risk for homelessness in a respectful manner through a coordination of quality holistic services.
