

Precision PS 8-14 Commercial Screed

**New Generation
Paving Products, LLC.**

Precision Screed for Small and Commercial Asphalt Pavers

New Generation Paving Products now offers the Precision PS 8-14 extendible screed for small and commercial class asphalt paver models. The Precision Screed is an 8- to 14-foot extra durable screed with many features not available on OEM screeds.

These Precision Screeds offer extensions with a true angle of attack for a seamless mat. Sturdy extension slides prevent extension sagging and ensure smooth, even joints. Choice of electric or propane screed heat.

8- to 14-foot Precision Screed

PS 8-14 Screed Features:

- 8- to 14-foot adjustable screed with extensions
- Propane or electric screed heating system
- Extension screed angle of attack and vertical adjustment
- Main and extension screed replaceable wear plates
- +/- 2-inch crown adjustment
- Folding main screed walk boards
- Main screed vibrator (optional extension vibrators)
- Full floating end gates with side or top handle jacks
- Replaceable end gate runner shoes
- Optional bolt-on 4 inch rise berm attachments
- Optional 12 inch bolt-on screed extensions

*Note: Bolt-on berm attachments available in 12, 18 and 24 inch lengths
Bolt-on screed extensions available in 12 inch lengths*
