Early Spring or Not?

Groundhog Day is celebrated on February 2. According to legend, if the groundhog sees his shadow (a sunny morning), there will be six more weeks of winter. He then returns to his den and goes back to sleep. If, however, he does not see his shadow (cloudy days), spring is just around the corner.

FUN, BIRD WATCHING ACTIVITY

Join in the Great Backyard Bird Count (GBBC) February 12, through Monday, February 15, 2021. Participants are asked to count birds for as little as 15 minutes (or as long as they wish) on one or more days of the four-day event and report their sightings online at birdcount.org. Anyone can take part in the Great Backyard Bird Count, from beginning bird watchers to experts, and you can participate from your backyard, or anywhere in the world.

Stock up on Mealworms now to be prepared for the Robin's return.
