## Materia Safety Data Sheet

### Fluted Polypropylene

#### Product and Company Identification

Product Name: CORRUGATED PLASTIC SHEET
Supplier: Plastic Trading International Inc.
Contact: 863-688-1983

#### Pure Substance

Polypropylene (PP) – Case Numbers:
PP: EPS30R    PP: Homo polymer 009003-07-0    PP Random Co-polymer: 009010-79-1 PP    Impact Co-polymer: 106565-43-9
Hazardous Components: No

#### Mixture

Hazardous Components	Concentration/Concentration Range	Hazardous Byproduct
NO	NO	NO

#### Hazardous Identification

	Potential Health Effects: NO
	Environmental Influence: NO
Most Important hazards	Physical and Chemical Hazards: NO
	Special Hazards: NO
	Main Symptoms: NO
	Hazard Category: NO

#### First-Aid Measures

Various measures in terms of different conditions:

- 1)Inhalation: Substances are not absorbed, so there is no need to persist in vomiting. This substance is non-toxic.
- 2)Skin contact: If splashed by molten material, cool quickly with water and seek medical aid as soon as possible.
- 3)Eyes: If eyes contact occurs, rinse with water immediately and seek medical aid.
- 4)Ingestion: Substances are not absorbed, so there is no need to persist in vomiting. This substance is non-toxic.

The most important symptoms and hazard effects: Burns and Scalds  
 Protection to emergency personnel: If splashed by molten material, cool quickly with water seek medical aid as soon as possible.

**East Coast Location:** 3608 Ventura Dr. East Lakeland, Fl. 33811  
**West Coast Location:** 6645 Echo Ave. Reno, NV. 89506

## Materia Safety Data Sheet

# Fluted Polypropylene

### Fire-Fighting Measures

Suitable Extinguishing Media:

- Water
- Extinguishing powder agent
- Carbon dioxide extinguishing agent

Potential hazards during fire suppression: NO

Special Procedure of fire control: Treated as conventional fires

Protective equipment required by fire-fighters: Respirator and fire resistant clothing

### Accidental Release Measures

Personal Protection: NO

Environment Protection: NO

Cleaning Method: NO

### Handling and Storage

#### Handling

Handle according to state and federal regulations

#### Storage

Keep away from any harsh chemicals that may produce dust. Keep sheets dust-free

### Exposure Controls

Personal Protective Equipment

- Respiratory Protection as need
- Hand protection: wear gloves when material is hot
- Eye protection: wear protective glasses as needed
- Skin and body protection: Only needed when material is hot
- Remove dust frequently from product to avoid accumulation that may require protective gear

### Physical and Chemical Properties

Form: Solid	Shape: Granular
Color: White	Odor: Odorless
Ph: ----	Range of Explosion: ---
Melting Point : >125°C	Density:0.9/25°C (Water=1)

# Fluted Polypropylene

### Stability and Reactivity

Stability: Stable

Possible hazards in exceptional circumstances: None known

Condition to avoid: Avoid long-term storage of high temperature occasions (>160°C---240°C)

Materials to avoid: None Known

### Toxicological information

Extreme toxicity	NO
Partial Effects	NO
Sensitivity	NO
Slow or long toxicity	NO
Special effects	Dissolved substances will produce upper warn current which burns

### Disposal

Must be disposed of in accordance to national city and/or federal laws

### Transport

Mode of transport by: sea, air, container

Use national and federal transportation laws, no special care or other regulations needed

### Other Information

The information provided in this MSDS was believed by Plastic Trading International Inc., to be accurate at the time of preparation and was prepared from available and/or known sources, information, and data believed to be reliable. This MSDS will be updated when new information becomes available to our company and is to be used for general information only.
