## Mutual Goodwill Keynotes Crossing Protest Confab

### Council Agrees to Implement Pine Beach Pedestrian Access

The meeting of the Pine Beach Citizens Association called to protest the closing of the Pedestrian Crossing on the South side of the tracks at Pine Beach was opened by the president of the Association, Mr. G. E. Smith, who stated the purpose of the meeting and appealed to the hundred citizens present to restrict their questions and comments to this subject. The panel guests were introduced, Mr. C. Harris, C.N.R., Mr. Armstrong, C.P.R., Mr. G. Goodale and Mr. Scott Braddell, Aldermen, Mr. R. LeBlanc, City Manager. The mayor Mr. John Pratt was unable to attend the meeting because of prior commitments in Ottawa, and The Safety Council had declined to send a representative in view of the fact that they could contribute nothing to the subject under discussion.

Mr. H. Olmsted, Past President of the Association, was chairman for the remainder of the meeting. Speaking as Commissioner of Fire and Safety, Mr. Goodale stated that the Pine Beach Crossing was never a legal crossing but had remained open on the request of the City of Dorval (in view of fire and safety hazards for those north of the tracks) until Danegani was completed, at which time the Board of Transport ordered the crossing closed. When the C.N.R. closed the Pedestrian Crossing, the City of Dorval sought legal advice regarding liability in case of accidents before taking steps to remedy this inconvenience to citizens. Such legal advice having now been obtained the City Council is prepared to pass a resolution for formal application to the Board of Transport for opening of the pedestrian crossing. Mr. Goodale said it was very clear that all concerned were in agreement, and that the legal pedestrian opening would certainly be obtained, but that the proper procedures must be observed. In the meantime, the crossing was being left unofficially open.

Mr. Harris, public relations Director of the C.N.R., said that they had merely complied with an order of the Board of Transport, and were most willing to co-operate with the City and The Board on any further ruling. Replying to a protest by citizens concerning the present state of the crossing where plankings had been torn up, Mr. Harris

said that the C.N.R. could not move to construct a proper walkway until the order for the crossing became official. Mr. Armstrong pointed out that the C.P.R., having a station at Pine Beach, had the right to provide access to the tracks and had for that reason left open the pedestrian crossing on the north side of the tracks.

The complete good will amongst all concerned was restated by Mr. Braddell who appealed to the Association to be patient while the proper procedures were being observed.

Some questions were then directed to Mr. LeBlanc concerning the services of the fire department for residents north of the tracks; the condition of Cardinal Avenue; and the difficulties involved in crossing the Boulevard at Pine Beach. Discussing these issues, Mr. LeBlanc said that Cardinal should be paved early in the spring; that a new fire station for all of Dorval, relocated near the Dorval Traffic Circle, is in the planning stages; that a request has been sent to the Department of Roads to change the lights on the Blvd. at Beach.

One resolution was formulated, a request to the City of Dorval to investigate, through the Board of Transport, the feasibility and costs of a pedestrian overpass or underpass at Pine Beach.

### AUXILIARY MEETING

The February meeting of the Dorval Group of the Women's Auxiliary of the Lachine General Hospital was held at the home of Mrs. J. B. Ross 3, Second Avenue. Mrs. D. D. Butler assisted as hostess. The President Mrs. W. C. Dixon was in the Chair and a short business meeting was held. Mrs. P. Ruta introduced the guest speaker, Miss Limoges of the Bell Telephone Company, who spoke on "Your Voice is You". Members were invited to record their own voices. Mrs. C. Basset thanked her on behalf of those present.

The work group of the Lachine General Hospital Women's Auxiliary will meet at the home of Mrs. D. D. Butler, 11 McNicoll Crescent on Wednesday afternoon February 24th.

FAMED PAINTER ROBERT PILOT, R.C.A., HAS DONATED A PRIZE to the Civic Library Bridge, Mr. Pilot's works have been exhibited in every gallery of any consequence in Canada and Europe. The painting displayed by our favorite distaff alderman, The Hon. Hazel Ballantyne, is on exhibit at Duke's in Dorval Gardens Shopping Centre. Photo C.A. Barbier.

## Industrial Sites Up for Leasing

A stopgap solution to the restricted availability of land for industrial purposes may be at hand with the calling for tenders by the Department of Transport for land west of Cote de Liesse. Last tender date is set for February 24, and the City of Dorval is trying to interest Quebec Industrial Leaseholds, the City's agent, in bidding on the land.

One drawback, however, to the offer for leasing is the stipulation that any lease involved would be for a 10-year period. It has long been a bugbear to industrial development that suitable land, when and where available, is to all intents and purposes priced out of hand and therefore impracticable in point of lease or sale. Council and city management hope, however,

that the Department of Transport tract will at least provide some new impetus to development.

Ald. George Goodale and his associates on the Civil Defense Committee meet with Mayor Pratt tomorrow night to push ahead the organizational setup of the CD picture. The main purpose of the meeting will be to discuss integration with various City Hall departments. Dorval, in essence, is going ahead mainly on its own in this field without waiting for government directives which have been minimal and sporadic, according to local CD workers. Dorval is therefore taking the initiative in concentrating on civil defense in peace-time.

In other City Hall news, the projected trip by City Manager Rene A. LeBlanc and City Lawyer Guy Pager to make representations to Quebec regarding Montreal Metropolitan Corporation's threatened broadening of powers over the suburbs, reported in last week's issue, has been postponed to next Wednesday, February 24.

## Lakeshore Women Hear Mrs. Gilbride

At their February Meeting in Valois members of the Montreal Lakeshore University Women's Club were addressed by Mrs. P. G. Gilbride on the topic "Facts Not Fancies". Mrs. Gilbride, who is one of the two women members on the Board of Broadcasting Governors, brought along to the meeting samples of the weighty "Briefs" which are submitted to each member of the Board of Broadcasting Governors from each station applicant. These she submitted as examples of facts which must be examined, before licences are granted. Mrs. Gilbride outlined some of the work done by this board in recent sessions in Vancouver and Winnipeg.

With licence applications coming in from all over Canada, she commented that the work entails a refresher course in Geography. A picture on the cover of a recent "Canadian Broadcaster" showed the Board of Broadcasting Governors at hearings in Winnipeg before a packed gathering of broadcasters from all over Canada. Every hearing is well attended by individuals intent on finding out all they can about the factors which influence the decision of the board. Mrs. Gilbride, citing the example of the recently granted radio licence for the Lakeshore at Pointe Claire, remarked that decisions are always difficult.

Mrs. Gilbride wished to point out that the affiliation of such groups as University Women's Clubs with the National Council of Women gave strength to many undertakings. Outlining some of the encouraging aspects of the slum clearance, Mrs. Gilbride referred enthusiastically to its progress and the appreciation of some of the families she had met in this work. She also spoke warmly on some of the projects for rehabilitation within the penitentiary, and of ways in which released prisoners may be helped by Companies and individuals. During the question period which followed it was quite evident that behind the facts, and the work involved in these associations much of the success lies in the sympathetic, and determined character of Mrs. Gilbride.

During the business meeting new officers of this branch of the Canadian Consumers Association were elected: Mrs. Joy Dulon, Chairman, Mrs. B. B. Wallace, Secretary-Treasurer. It was announced that funds for the Scholarship Fund of the M. I. D. W. C. would be raised by a card party and social evening to take place on the next meeting night March 14, at John Rennie High School. March 9 was announced as the date set for the Citizens Conference on Refugees at Pointe Claire City Hall, to be convened by the Montreal Lakeshore University Women's Club.

MAJOR ROGER BASTIEN has been named full-time Recreation Director for Dorval. Maj. Bastien brings to the new post many years of experience in parks and playgrounds work, and will take over March 1. The incoming Recreation Director was for many years a mentor in the City of Montreal's Parks and Playgrounds Dept. setup and will take over a position that has hitherto been filled on a part-time basis.

## "ON THE JOB WITH YOUTH

22nd ANNUAL REPORT 1959

LACHINE - DORVA Y.M.C.A.

THE LACHINE-DORVAL Y.M.C.A. 22ND ANNUAL MEETING was highlighted by a stirring speech by Professor Donald Peats, left, Assistant Dean of Sir George Williams University, shown here with John Brackenzie, who was re-elected chairman of the local Y.M.C.A. board of management. Increases in membership of 21% along with a banner year in its program of services to the youth of Lachine and Dorval were reported. The organization was off a successful in its maintenance campaign, raising a total of \$7,800 on an objective of \$6,500.

## Filling A Long-Standing Need

The announcement that The City of Dorval has finally engaged a full-time Recreation Director comes as welcome news. This vital post has been too long filled on a part-time basis, with the Dorval Recreation Association doing a back-breaking job of tying the loose ends together, and, we might add, a magnificent job.

Major Roger Bastien has had wide experience in the recreation and parks and playgrounds field. He comes to Dorval facing a difficult task, one that will demand ingenuity and understanding to a degree. But Major Bastien will have the continuing cooperation of the D.R.A. and, of course, the best wishes of everybody from Councillor to father and mother.

We look for fine results and join our readers in wishing the newcomer every success.

John Pratt

## Reports From Ottawa

Municipalities in Jacques Cartier-LaSalle will probably be interested to learn that the city of Ottawa has pushed their debt up to \$117,500,000, which amounts to 25.2% of their taxable assessment. The theoretical safe margin for an industrial city in Ontario is usually regarded as 20%. The City of Ottawa's debt has jumped from 17% to more than 25% in the past four years, and the City Treasurer has warned that this trend cannot continue without serious impairment of the city's financial standing. The city has reduced its budget this year by an amount of \$3,000,000 from last year, but this will not show in the city's tax bills until 1961. Local municipalities may therefore take some grim consolation in the fact that they are not alone in their budgetary difficulties.

Further to my recent remarks on the subject of dishonesty and bad taste in advertising, may I quote from a recent article in the January News Letter of the Canadian Chamber of Commerce, which deals with the growing acceptance by the general public of dishonesty as a way of life in every human field of endeavour from politics to the hypocritical practice of religion itself.

"There is ample evidence of a general distortion of values in the world today - a sort of moral disorientation. Mink coats and politicians, fixed prize fights, juvenile delinquency, misleading advertising and now, most recently, rigged quiz shows, raise disturbing questions about the state of the public conscience and would seem to reflect a cynical attitude towards the moral standards against which we should measure our thoughts and deeds. The frightening thing is not that individuals depart from the paths of rectitude - that has happened from the time of Adam and Cain and will probably continue until the end of time - but rather that there is so much apathy, so much general acceptance of evil practices that they seem to have become almost normal. Charles Frankel, Professor of Philosophy at Columbia University, in a recent article said 'In politics and business, in education as well as entertainment, the arts of deception have clearly won an honoured place'."

The citizens of this County will be glad to know that there is an increasing awareness on the part of Cabinet Ministers, at least in Ottawa, of the great local interest in finding a solution for our sewage disposal problems. From the Ministers who have spoken to me personally on this matter, I gathered that this growing awareness is due to the increasing number of letters which they are receiving, particularly from the riding of Jacques

Cartier-LaSalle. If it is the intention of the citizens to continue writing these letters, and I certainly hope it is, may I suggest that individually written letters which arrive on a minister's desk day-after-day-after-day are much more effective than group petitions or mass-produced mimeographed or printed replicas of the same letter. I am happy to report that there is a growing interest in this important matter among the rank and file of members of Parliament, as well as the Ministry, and it is to be hoped that a similar interest will make its appearance at Quebec. No eventual federal financial assistance in this matter will be of any use until such time as the provincial authorities decide to take the necessary initiative in abolishing the pollution of lakes and streams.

### FATHER & CHILD NIGHT

The Men's Club of Dorval United Church are planning their annual father and child night on Monday February 22nd. This will take the form of a supper with entertainment to follow. The executive advise that they have arranged for Doug Scott, who has an excellent reputation in the "magic circles" to handle the main portion of the entertainment. Cartoons and a rousing song will fill out the eve.

This is a nonprofit evening arranged by the Men's Club for all fathers of the church to have an evening out with their children.

## Minister Hails Spirit of Harmony

The Annual Congregational Meeting of the Strathmore United Church was held in the church hall February 1st, 1960. The well attended meeting of members and adherents was conducted by Reverend H. Corry Martin to hear and consider reports for the year 1959 of the Session, the Committee of Stewards and other major organizations and subcommittees.

Reverend Martin's report, as Minister, stressed the growing spirit of harmony and Christian fellowship within the congregation. Highlights of the past year were reactivation of the Men's Club, creation of the Woman's Federation and initiation of Visitation Evangelism by laymen of the church, which visitation was outstandingly successful. The need to increase efforts in the sphere of Christian Education as well as the continued expansion of work in other spheres of the church organization should be the aim for next year.

Mr. H.D. Broth, Chairman of the Session, reported that the 27 elders on the Session had 11 regular meetings during the year. One special meeting was held to consider requirements of those residing in the Surrey Gardens area, both present and future.

Mr. George Charron, Chairman of the Membership Committee, reported a net increase of 83 members on the church roll to a total membership of 612.

Mr. W.M. Martin, Chairman of the Christian Education Committee, reported Sunday School membership of 602 pupils and 73 staff with midweek groups having a membership of 186 with 27 leaders.

The report of the Committee of Stewards was given by Mr. W.C. Shortt, Chairman. He stated that ten regular monthly business meetings were held during the year with good attendance. Church property and various services were maintained in close co-operation with various church organizations. The Treasurer's report was given by Mr. W. Ruthford showing total expenditures of \$35,455 being slightly in excess of receipts for the year with the deficit being made up by withdrawal from the reserve fund. Budgeted expenditures for the year 1960 are \$34,900, which, it is anticipated, will be received if pledges by members are fully maintained. Appreciation was expressed to Mr. D.W. Butcher, C.A., who acted as official auditor.

Other reports presented were as follows: Missionary and Maintenance, Mr. R.O. Benson; Mission Band, Mrs. R.D. Baxter; Women's Association, Mollie Fern; Men's Club, D.C. Johnson.

New members of the Session elected were: D. Parkinson, A. Pettie, J. Givins, J. Brown, R. Aitken. Those elected to the Board of Stewards were W.C. Angevin, J.A. Baird, A.E. Burgess, J.S.

Hodgson, J.W. Moynagh, Dr. D. J. Monro, W.E. Wilson.

Mr. W.J. Ingram was appointed as representative to Presbytery and J.H. McLellan was reappointed as Congregational Secretary.

Refreshments were served by members of the Woman's Federation upon adjournment of the meeting.

They think too little who talk to much.

- John Dryden

Nature has given us two ears, two eyes, and but one tongue, to the end that we should hear and see more than we speak.

- Socrates

Well-timed silence hath more eloquence than speech.

- Martin F. Tupper

Most men and women talk well, and some practice what they say.

- Mary Baker Eddy

# DORVAL Sports on Parade

by GABY FILIATRAULT

The Dorval Juvenile Rockets proved that their first victory against Hudson was not due to luck when they went to Hudson to take the second game of the series by the score of 4 to 3, winning the series by the score of 10 to 4. The Rockets are in the finals against Pointe Claire with the first game scheduled for Saturday the 13th and the second game for Sunday the 14th, if ice was available.

It was another good game by the Dorval boys with Pierre Dusseault getting two goals. Guy Filiatault and Bobby Johnson getting the others. A new goaler was tried out by Dorval in that game and Charlie Tricker did a good job. The goaling situation has been the big problem all season long but play-off time comes along and we see a new goalie each game. So far it proved successful but we hope that somebody will be appointed regular goalie for the rest of the games. However the changes didn't affect the team as more goals than ever were scored and less were allowed opposing teams.

Pointe Claire has a strong team, but if Dorval plays the kind of hockey that they can, an upset may be the result. So far in play-off games the referees have been outstanding, and no game got out of control. It proves that with competent referees it's possible to have the boys play real good hockey.

## The Dorval East St. Louis Marie bantams took the first series by the Story Behind The Drug

One of the favorite gimmicks of science-fiction writers is the "Time-Machine". In this pseudo-scientific marvel—the first of which was "invented" by H.G. Wells—the hero goes backward or forward in time to perform his deeds of derring-do. On occasion, depending on the imaginative inventiveness of the author, even the course of history has been diverted into other channels. If we had a time-machine and if we could go back a couple of decades, to the year before the Second World War, we would find a great many things have changed in the intervening years. And probably some of the greatest changes have been in the field of medicine; in fact, so outstanding have been those changes that if you had a 1959 prescription in your pocket, the odds are against simply because the drugs needed had not been developed at that time.

Another indication of the amazing changes that have taken place in the pharmaceutical field is the fact that to-day 90 per cent of all prescription dispensed by druggists are compounded by manufacturers. Only a few years ago a prescription usually meant waiting while the druggist carefully compounded it from various vials, bottles and boxes—and sometimes the wait might be of considerable duration if the pharmacist lacked certain ingredients, a not uncommon occurrence should the prescription be a complicated one.

To-day, the dispensing of the average prescription takes only a few minutes. It might seem a simple matter for the druggist to pick the drug off the shelf or out of the refrigerator already compounded, after reading the doctor's order. But behind this are not only the vast facilities of the pharmaceutical industry but also the highly specialized training required before the pharmacist is qualified. He has to have four year's university training, the equivalent in scientific achievement to that given in any other faculty at the bachelor level.

To-day's new drugs are so complex and are becoming more so and

the pharmacist must continually keep abreast of the latest developments to enable him to fulfill his role in understanding and giving information when requested.

When it is remembered that some 90,000 prescriptions are dispensed daily in Canada, the time saved today with prescriptions already compounded compared each one individually, is almost incalculable.

## Jaycees to Probe Taxation Picture

The Dorval Junior Chamber of Commerce will set up committees to investigate Dorval's proposed land-improvement assessment and water pollution on the Lakeshore according to Mr. E. C. Amos, Executive Vice President of the Dorval group, at a recent general meeting of the Jaycees.

"There has been much talk proposed on Dorval's proposed tax uncultivated land, and we feel it is our duty to investigate all aspects of this change to the tax structure to see just how it will affect the taxpayer and if it will encourage industrial expansion in Dorval," said Mr. Amos.

"Dorval was asked to withdraw its tax change from this year's State Bill," continued Mr. Amos, "but it is our understanding that the city plans to present it again next year."

Water pollution on the Lakeshore will also be investigated and resolutions prepared for presentation at both the Quebec and National Conferences of the Junior Chamber of Commerce.

Any resident of Dorval or Lachine wishing to serve on either of these committees or who would like further information on them may contact Mr. E. Amos at ME 1-3966.

# CARAMBA!

That's a swear word in Spanish. But you'll never hear even a mild "gosh darn it!" from anyone who has the good sense to patronize the local merchants and shop in Dorval. Prices are lower; shopping is roomier and easier; and there's complete variety to match any metropolitan store. What's more, your Dorval merchant takes a personal interest in you. Be wise — be smart — shop Dorval and save time and money!

The Dorval Juvenile Rockets proved that their first victory against Hudson was not due to luck when they went to Hudson to take the second game of the series by the score of 4 to 3, winning the series by the score of 10 to 4. The Rockets are in the finals against Pointe Claire with the first game scheduled for Saturday the 13th and the second game for Sunday the 14th, if ice was available.

It was another good game by the Dorval boys with Pierre Dusseault getting two goals. Guy Filiatrault and Bobby Johnson getting the others. A new goaleer was tried out by Dorval in that game and Charlie Tricker did a good job. The goaling situation has been the big problem all season long but play-off time comes along and we see a new goaleer each game. So far it proved successful but we hope that somebody will be appointed regular goaleer for the rest of the games. However the changes didn't affect the team as more goals than ever were scored and less were allowed opposing teams.

Pointe Claire has a strong team, but if Dorval plays the kind of hockey that they can, an upset may be the result. So far in play-off games the referees have been outstanding, and no game got out of control. It proves that with competent referees its possible to have the boys play real good hockey.

The Dorval East St. Louis Marie bantams took the first series by the score of 18 to 2 from Roxboro and in the first game against Beurepaire took a 6 to 0 lead in the two games total points final. The winner of the Lakeshore title was to start against LaSalle on Monday last.

So far, the Windsor Gardens Pee-wees have caused the biggest upset in play-offs when they scored a nice 3 to 1 victory on Strathmore last Friday evening with line goalee C. Wolff and M. Read playing the starring roles. Time and again Strathmore were stopped by Wolff and Read provided the scoring with two goals. It was a great victory for Windsor Gardens and a very hard defeat to take for Strathmore. On Saturday morning at the MacDonald College Arena Windsor Gardens played another wonderful game to beat Clearpoint by 1 to 0 and the second game was to be played Sunday afternoon. Every boy on the team deserved a lot of credit as they played inspired hockey and kept working very hard at all times.

Strathmore Midgets won the first final game against Valois by the score of 3 to 1 and were to meet again at Valois on Sunday afternoon. A big win for Strathmore and their chances are very good now with a two points lead in the series.

The Mosquitos lost the first game Saturday morning by 7 to 2 to Valois and the second game was also to be played on Sunday afternoon at Strathmore. With a 5 goals deficit it doesn't look too good for our boys but we never can tell.

We started our article with the Dorval Rockets news and since then a bomb has exploded in Lakeshore hockey circles. The Dorval Rockets have been eliminated from all play-offs and one of their players, Kevin Morris, has been suspended for three years. The reason as many of you will know by now is that Kevin had given wrong information about his age and was not eligible to play juvenile hockey. How can such a thing happen? It is beyond our understanding that such a thing should happen. Kevin apparently has been registered with the Q.M.H.A. for a number of years and this year for some reasons decided to try to change his age expecting to get away with it. Why was it discovered only in the final play-off serie? We don't know. But the fact remains that the rest of the team is receiving the worst penalty that can be given in sports circles. We don't blame the Lakeshore Hockey Board but we blame Morris in the first place and whoever knew that he was not eligible and waited until Dorval Rockets had a good chance to win the Lakeshore title to bring this out. More about this next week when all the facts will be known.

We are very glad to report that likable Bill Greenshields is recovering very fast from the injury sustained in a recent fathers hockey game. He is doing a tremendous job at Nihon Park and his absence would be heavily felt.

## DORVAL CRIBBAGE

"The 11th nights play was held at the home of L. Murray 149A Lakeshore Drive, February 8th. Winners for the evening were, L. Murray and W. Woodley who scored 831, L. LeBlanc and J. Banks, 825, J. Winterhalt and B. Swinburne 801. Leader's in the Doubles play are, L. LeBlanc 1st, D. Low 2nd, D. Russell 3rd, and in the Singles the leaders are, J. Chevalier 1st, W. Woodley 2nd, G. Harker 3rd. L. Murray and Pete Rogers won the prizes and the pool was won by B. Smith and J. Bank's 5. Both parties' birthday was celebrated with a solo rendition of Happy Birthday being sung by D. Low. A

report was heard on the Lobster Party held at Larry Moquin Hotel,

It was a successfulevening from a financial stand point, everyone had an enjoyable time and special thanks to Jack Shaw who supplied the music and who is Orchestra leader at the Hotel. Our next play night will be held at the home of W. Patch, 62 Green Circle on February 22nd, 8 p.m.

## STRATHMORE HOCKEY

Games were resumed again this Saturday after a lapse of a week. Both Mosquito games ended in scoreless ties. Canadians played Bruins and Wings played Leafs. In the Pee Wee Section, also on Saturday, the Hawks scores a 6 to 1 victory over Rangers. Scoring for Hawks were J. Stimson and McQueston with 2 each, Boudreau and Clatworthy one each. Rangers' scoring was done by Kearney. Bruins and Red Wings tied 2 all. Scores for Bruins by Kerry and McMillan; Red Wings scoring was done by Quesnel and Marjerson.

Q.M.H.A.

Q.M.H.A. results were not encouraging this week as far as Strathmore is concerned. Our Mosquitos lost the first game of a 2 game

total point series to Valois, for the Lakeshore Championship at MacDonald College on Saturday morning by a score of 7 to 2. Our 2 goals came from the sticks of Pierotti and Morrisette. It will take a strong effort in the second game to overcome this lead.

Our Pee Wee's got off to a strong playoff start by downing Courtland Park by a score of 5 to 0 at Strathmore on February 7th. Mike Aucoin and Richard Hughes got 2 goals each for Strathmore with a singleton going to Murdoch. Jimmy Pierotti and Peter Fee had 2 assists each.

In the sudden death league final playoff on Friday night at St. Louis Marie rink, our boys were eliminated in an upset by Windsor Gardens 3 to 1. Peter Fee got Strathmore's lone goal and an assist for Pierotti. This was originally to be a 2 game total point series, but it was curtailed due to the poor weather. It was Strathmore's only loss of the season in League play.

Better news in the Midget Section with Strathmore's boys coming back strong in the second game against Pine Beach 5 to 0 thereby taking the two game total point series 5 to 4. Scorers were Harvey 2, Brown, Dice, Redywitz.

## BOO-BAA TO MODERN ADVERTISING -- THE RED AND WHITE REVUE

As this column was cut in half last week by the exigencies of modern advertising it gives me some pleasure to review the show which cuts advertising to ribbons, and then wraps its own victims in the shredded shrouds in the final scene.

GOT IT MADE has all the virtues, the verve, the daemonic energy, the yak-yaking vulgarity, and the faults too, of a college revue. Let's face it, one simply has to go back in spirit, five, ten, twenty years, get in the mood of Jo and Judy Collich, and relax and enjoy it. If you could have done that last week, you would have had as we did, an hilariously wonderful evening.

A biting satire on modern advertising, GOT IT MADE might almost be called a musical adaptation of THE HIDDEN PERSUADERS, but the quartet who wrote the book and the lyrics were quite willing to laugh at anything in Canada which is pompous from Toronto to the Prime Minister. They certainly satirized themselves, as they were perhaps a year or two ago, in the sketches of the Benedictines, the fan club of the Rock'n'roll star Benedict Jones. And by the way, top honours go to Linda Randall for her display of incredible energy as Vicki, the leader of the fan club. Honours must be shared however, and the sextette of harassed advertising executives really carried the show with their songs and dances of almost marathon length, and their routines which they carried with verve and assurance up and down the aisles of Movee Hall.

As a reformed Torontonian, I particularly enjoyed Mrs. Siddons and the "Toronto Movement," an all-out crusade to put better garments on ALL little doggies and pussy-cats. This sketch was the most hilariously funny in the show, rivaling The Chief in rollicking satire.

With the pathetic seriousness of youth, the authors became emotionally involved in their own satire, and in the final scene made a passionate plea that we take the menace of the demon Advertising seriously. It seemed quite fitting that they should do so. It is only through timely laughter that life is sometimes bearable at all, and those who can laugh the hardest at its anomalies can also weep. It is only when one is young, that one dares to do so.

## THE GREAT SEBASTIANS

To many English-speaking people concerned about good theatre in Montreal, M.R.T. has meant both a hope and a tremendous challenge. It is a pleasure therefore, to be able honestly to say that M.R.T. in its current production THE GREAT SEBASTIANS has maintained the standard with which it began the year in THE IRON HARP.

THE GREAT SEBASTIANS, written as a vehicle for the Lunts, concerns a vaudeville couple with a mind-reading act which runs afoul of the Communist authorities in Czechoslovakia at the time of Masaryk's death. Difficult as it is to ride comfortably in a vehicle designed to carry Lunt and Fontaine, Kay Tremblay and Chris Wiggins have done a more than competent job in this production. As Essie Sebastian, Kay's violently hennaed hair was just right for the part, and Chris Wiggins with his singe-grey hair and his faultlessly pressed evening clothes exuded the debonair manner of the county, well-preserved old rhinoceros.

The play begins with the curtain call of THE GREAT SEBASTIANS' final performance in Prague. The director appeared to count on his M.R.T. audience to applaud. Much louder canned applause and a single, strong spot on the performers would have given the audience a clearer cue as to what was expected of them.

The setting for Act II was excellent and Earl Preston is to be commended for the opportunity his set gave the actors for variety in stage movement, and for its suggestion of grandeur on a stringent budget. One could have wished for more of the military authority and bearing on the part of Henry Ramer as General Zandek. No military general would attend a public theatrical performance minus his belt, cap and gloves.

It was a pity that Kay Tremblay and Chris Wiggins so far outshone the other players. This was most apparent in Act III when the threat to the Sebastians builds on the menacing attitude of the Europeans by whom they are surrounded. Robert Vernicks and Tom Owen alone provided that formality and precision of manner which was needed to give them that European flavour. The NK guards posted in the doorways looked, in their unpressed uniforms, like North American hotel staff. A good steaming-ironing, the addition of belts, caps and more formidable looking firearms were all that were needed to give the proper effect.

Nevertheless, M.R.T. is learning and will continue to learn and meanwhile they have shown us this season that they can provide us with a most enjoyable evening.

Erroll Garner, noted pianist composer, will appear in his first Montreal concert tomorrow night at the St. Denis Theatre. Garner is the first jazz artist to be presented under the aegis of S. Hurok in cities across North America, and appears here under The Canadian Concerts and Artists' Banner.

Pittsburgh-born Garner has been playing the piano professionally since the age of seven, with ever widening successes, in theatres and supper clubs, on records, television and radio. More and more of recent seasons he has been bringing his unique talents to the concert stage.

Completely self-taught, Erroll Garner has won many coveted awards all over the world, both for his playing and his compositions. Last winter, he received the Grand Prix du Disque from the French Academy of Arts. His following is world-wide, an ever-growing audience ranging from jazz enthusiasts to confirmed classicists.

## Derval West

MEIrose 4-1628

W.A. Group No. 6 of the Strathmore United Church met last week at the home of Mrs. Gordon C. Brown, Clement Avenue.

The Tuesday afternoon Bridge Club played in a group last week at the Valentine Dessert Bridge sponsored by the Strathmore Women's Club.

Mr. and Mrs. J. Hall, Thrush Avenue, spent several days in New York City last week where they were guests at the Statler Hotel.

The Holy Name Society of St. John Fisher Parish held a very successful Father and Daughter Breakfast last Sunday morning with an attendance of over five hundred.

The infant son of Mr. and Mrs. John Foster Carson, Thorncrest Avenue, was christened recently in St. Veronica's Rectory with Reverend Father Norman Griffin officiating. The baby received the names of Christopher John Carson.

Birthday greetings to Darlene Teckles, Wright Crescent, who was eight years old on February 11th, also to Richard Moynauch, Prince Charles, seven years old the same day; Debbie Ufford, Clement Ave., eight years old and Linda Sawyer, Prince Charles Avenue, thirteen years old, both celebrating their birthdays on St. Valentine's Day.

Mrs. H.C. Jackson, Starling Avenue, entertained her bridge club last week when the prizes were won by Mrs. Cleaver and Mrs. MacLellan.

Mr. E. Wirth, Chairman of the Nominating Committee of the Strathmore Community Association is very busy lining up the new slate of officers for the coming year, and hopes members will support their Association and the numerous activities it sponsors in the district. A community association is only as good as the people who help, so if you wish to do your share, call Mr. Wirth at ME. 1-6629.

Mrs. H. Gledhill, Sources Road, returned home last week-end after having spent several days last week visiting her parents, Mr. and Mrs. Bernard Morris in Picton, Ont.

Mrs. John Lawrenson, St. Leon Avenue, entertained her Bridge Club last week when the prizes were won by Mrs. Moreman, Mrs. Allan and Mrs. Wilson.

Congratulations to Mr. and Mrs. Jean Marie Cote, Dubord Crescent, on the recent birth of their son in St. Justine's Hospital.

Birthday greetings to Mrs. Robert Kyle, Dubord Crescent, who celebrated her birthday last Saturday. Congratulations and best wishes

to Mr. and Mrs. Gerard Quessel, Linnet Crescent, who will celebrate their sixteenth wedding anniversary on February 21st, and to Mr. and Mrs. Terry Leslie, who will celebrate their twelfth anniversary the same day.

A cordial welcome to the community is extended to Mr. and Mrs. W. Tucker and their family who recently moved here from Montreal and are now living on Graham Blvd. in the former Nesbitt home.

The Telephone Bridge in aid of the Dorval Civic Library will now be run to February 27th.

The North Pine Beach Bridge Club met last week at the home of Mrs. Wm. Hunter, Pine Beach Boulevard when the high scorer was Mrs. Mountfield of Westwood Ave.

Mrs. John Charters is the Convener of the "FASHIONS BY JULIETTE" sponsored by St. Andrew's Anglican Church Guild to be held in the Church Hall, on February 24th at 8:30 p.m. Her Committee includes Mrs. Frank S. Brophy, Jr. in charge of Refreshments; Mrs. Frank Johnson, Decorations; Mrs. E. Emmanuel and Mrs. J. S. Woods, Door Prizes; and Mrs. K. A. Ramsay, Tickets.

## Church Entertains Cubs and Brownies

St. Columba-by-the-Lake Presbyterian Church will play host to several groups of Scouts, Cubs and Brownies to mark the observance of Baden-Powell Sunday on February 21st, at the regular 10 A.M. service of worship. Among those present will be members of the St. Columba-by-the-Lake Wolf Cubs, the Second Valois Brownies, the North Strathmore Scout Troop, the First and Second North Strathmore Wolf Cubs and the North Strathmore Brownies.

Baden-Powell day is observed each year on the Sunday nearest February 22nd, which was the birthday of Lord Robert Smyth Baden-Powell, the founder of the scouting movement. A little booklet entitled "Aids to Scouting", written by Lord Baden-Powell in 1899, was the spark which began the Scout, Guide, Cub and Brownie movements which have, through the years, spread to many parts of the world and which number millions boys and girls in their ranks. The parade on Sunday will be the first such event to be held in the Church of St. Columba-by-the-Lake.

## THE STORY BEHIND

(Continued from Page 3)

able, but to be forgotten, of course, is that very often time is of prime importance when a prescription is to be filled; faster administration of the medicine called for means not only quicker easing of pain and suffering but also may make the difference between life and death.

A study of the mortality tables over the past 20 years is indicative of the more obvious benefits of modern pharmaceuticals. The mortality rate for pneumonia has dropped 61 per cent, rheumatic fever fatalities have declined 41 per cent, appendicitis 74 per cent and the combined mortality rate for tonsillitis and pharyngitis has gone down a startling 66 per cent. Bacterial endocarditis, a heart infection, once inevitably meant death. Now, through massive doses of penicillin, many people who would have died previously are walking around living healthy, happy, useful lives.

## Lake St. Louis Anglers' News

by G. DOW

The General Meeting of the Lake St. Louis Anglers Inc was held on Thursday February 11th 1960. Whilst waiting for the prominent guests to arrive Mr. Bill Stabler entertained us at the piano.

The meeting was opened at 8:45 p.m. by President Mr. Ray Shelly, with a warm welcome to all who attended. The generosity of the Montreal Anglers and Hunters was mentioned at a time several years ago when things looked black for our club. Mr. Alphonse Leclerc president of the Montreal Anglers and Hunters at the time was asked to say a few words regarding this. All he would say was that they were very glad to prevent the property falling into the hands of speculators. Mr. Leclerc is now President of the Montreal Sportsman Show which this year will be held March 18th to March 27th, at the Montreal Show Mart, 1650 Berri Street, Montreal, and he is also President of the Quebec Federation of Fish and Game, to whom we are members.

Mr. A. Coull, Chairman of the Nominating Committee, said that as there were no letters of opposition, the slate of officers published last week was accepted. Mr. Ray Shelly, President. Mr. C. Lance, 1st Vice President. Mr. L. Paquin, 2nd Vice President. Mr. A. Coull, Recording Secretary. Mr. Bill Stabler, Corresponding Secretary. Mr. T. Clume, Treasurer. The new Board of Directors was called out and took their place at the side of the Committee.

It was motioned by G. Paquette of Verdun and seconded by Mr. T. Paulet that the membership fee be increased to Senior members \$2.00 and Junior members \$1.00.

Mr. Germain Serre of the Molson's Fishing Derby gave out the prizes awarded to those mentioned last week. Prior to this he congratulated the new board of directors. Mr. Serre gave a brief outline of the new rules put forward by Mr. Richmond Pelletier and his judges for the 1960 6th Annual Fishing Tournament commencing April 1st to October 31st. The Atlantic Salmon will be the 14th species to be admitted to the tournament. The amount of prize money will be raised by \$400.00, and the districts will be changed also. We the Lake St. Louis Anglers Inc will be in the Island of Montreal and Isles Jesus District. Mr. Serre requested that

All previous Molson's Derby entry forms be destroyed as they are obsolete. The new forms have to be sworn in. Our position in the Molson's Derby was 16th which was only one place away from the 15 winning awards.

Mr. O. Houde, the new president of the Montreal Anglers and Hunters said a few words of congratulations to the Directors of last year for their progress and wished the new board the best in the future.

The Ladies Auxiliary will be holding a Runnagge Sale on Saturday April 23rd and any article of clothing, books, comics, knick-knacks or anything anyone has to dispose of will be accepted gratefully at the club at 3051 St. Joseph Street Lachine. Members especially are asked to find something during their Spring Cleaning to help the Ladies Auxiliary in their work. If transportation of goods is requested please contact Mrs. F. Paulez at HU-9-7969, Mrs. E. Groulx at PO-6-1736, or Mrs. G. Dow at DO-5-0626.
