Companies in Iowa with active appointments

2022 Company Appointment Renewals

Iowa will again be processing all appointment renewals electronically through the National Insurance Producer Registry (NIPR). <https://nipr.com/products-and-services/nipr-gateway/appointment-renewals>

Termination requests for individual appointments that are not to be renewed must be completed before 4:00 PM Central Time on December 20th, 2021.

The renewal invoice and list of appointments will be available at NIPR from January 6, 2022 through March 15, 2022 4:00 pm CST. The list of appointments may not be amended. The invoiced amount is due.

Iowa does not charge fees based on LOA but rather a retaliatory fee is charged based on the appointing company's state of domicile.

For companies, who are domiciled in a state that does not require a renewal appointment fee, you still must view the renewal appointment invoice at NIPR and pay the transaction fee for your appointments to be renewed.

Failure to pay renewal appointment fees by **March 15, 2022** will result in termination of a company's appointments.

IMPORTANT RECONCILIATION INFORMATION

- Insurance carriers with an NAIC CoCode wishing to reconcile company appointments with the state insurance department may obtain a list of appointments via the Company Appointment Report (CAR) prior to appointment renewal invoices being created. Terminations can be made through the Interactive Appointment and Termination Application. Both of these applications are available to NIPR Subscribers. If you are not a subscriber or need to verify that you are subscribed to these products, please contact NIPR at 816-783-8467 or marketing@nipr.com for subscription information. You may also utilize the services of an NIPR Authorized Business Partner http://www.nipr.com/index_authorized_business_partners.htm.

If you have questions regarding the renewal appointment procedure, contact the Division at (515) 654-6565 or by email at producer.licensing@iid.iowa.gov

For additional information please visit NIPR at <https://www.nipr.com/renewalsIA.htm>
