

Is proud to be a  
Quality Contractor  
for

# TVA eScore Rebate Program

\* When you have energy efficient items installed, make sure to retain any stickers showing the energy rating. TVA may ask to see these during their inspection. Inspections must be completed within 90 days of installation.

## Getting started is easy!

### STEP 1

Register online or over the phone. Simply visit [www.2eScore.com](http://www.2eScore.com) or call 1-855-2eScore (1-855-237-2673) to get started.

### STEP 2

Contact a Quality Contractor Network (QCN) member to begin the work you want to do.

If you don't know a QCN member, you can find a list specific to your area on our website or over the phone. A QCN member can discuss options, rebates and program details with you.

### STEP 3

Get a FREE quality assurance inspection AND an eScore evaluation of your home.

A TVA certified energy advisor will evaluate your home to provide an eScore and a list of improvements to raise your home's eScore, install instant savings upgrades, and provide access to more rebates to help make your home as energy efficient as possible.

### Rebates that are available through TVA eScore

Upgrade	Homeowner Rebates (MATCHING 50%)	Limits
