

Making Disciples that Make Disciples

What Does A Disciple Look Like? Based upon your understanding of the Bible, draw 5 images that illustrate the traits of a disciple around the stick figure.

Simple Church/Class Findings: 4 Key findings

- Clarity
- Movement
- Alignment
- Focus

CLARITY: A CLEAR Process - A process communicated with such CLARITY that people know, where they are in the process, and what step they are supposed to take next. How can you measure how you are doing if you don't know where you are in the process?

MOVEMENT: What's Next! - Assign one primary program to each step in the process. It's OK to have OPTIONS within a step. What do you expect?

- **Participant** - The expectations of a participant are to simply participate.
- **Member** - The Expectations of a member are church membership, participation, giving, etc.
- **Serving Member** - The expectations of a serving member is to know, understand and use their gifts and abilities in some role or function of the class (temporary, short term or ongoing).
- **Servant Leader** - The expectations of a servant leader is to use their gifts and abilities to lead others in ministry and service.
- **Disciple Maker** - The expectations of a disciple maker is to multiply their life and ministry, (i.e. Paul and Timothy).

ALIGNMENT: Principles to ponder about your group!

- **Open versus closed**
 - Anyone can attend any week; they are expected.
 - Everyone is welcome to be a member of the group
- **Conversational communities versus informational seminars**
 - Small groups
 - Mid-sized groups with discussion pods
- **Outreach oriented versus inward focused**
 - If you don't find a group, a group will find you!
- **Curriculum guidelines are consistent**
- **Purposes are the same**

FOCUS:

One Purpose - Groups exist to Make Disciples!

Four Priorities

- Groups exist to share the Gospel with the Lost
- Groups exist to develop genuine Biblical Community
- Groups exist to help believers Grow Spiritually
- Groups exist to help believers Live Missionally
