## MS4 STORMWATER BEST PRACTICES DURING WINTER SEASON

### RESIDENTIAL WALKWAYS

- \* Reduce the amount of salt that you apply to your driveway and walkways.
- \* Use snow removal tools and machinery (i.e. shoveling, plowing, etc.) whenever possible to reduce the amount of salt and chemicals used on properties.
- \* Use only sand to provide traction.
- \* If you have multiple entrances to your home, designate one of them as the "winter entrance" and only maintain the walkway that serves that door.

### GO GREEN

- \* Compost your Christmas tree instead of throwing it in the trash. Contact Allegheny CleanWays to find a location to recycle your tree.
- \* NEVER dump snow near waterways, roadways or storm drains.
