

C-SHINE
RINSE AGENT WITH CARNAUBA WAX
PRODUCT NO.: WH-380

- High Gloss Finish
- Effective & Highly Economical
- Decreases Drying Time
- Helps Prevent Oxidation
- Biodegradable
- Great Beading Action
- Contains Carnauba Wax Emulsion
- Alkylphenol Ethoxylate (APE) Free

C-SHINE Rinse Agent with Carnauba Wax is a liquid concentrate designed for application during the rinse cycle of automotive or fleet washing systems. It adds a high-gloss appearance to the vehicle while decreasing drying time and preventing oxidation of paint and exposed metal parts. Properly diluted, this product is extremely economical - 5 gallons can treat up to 1000 vehicles.

Applications & Uses	Dilutions	Directions
Automatic Car Washes	10:1 Before Dispensing	This product is a concentrate and must be diluted before use. We recommend to pre-dilute the product to 10:1 before final dilution for use. For application, dispense at a recommended rate of 6 oz per vehicle (approximately 80:1 to 100:1). For a high gloss finish, wipe vehicle down with a soft, dry cloth.
Self-Serve Car Washes	10:1 Before Dispensing	For application, dispense at a recommended rate of 6 oz per vehicle. For a high gloss finish, wipe vehicle down with a soft, dry cloth.

Suggested Industry Applications:
