To The Steer Staff:

I wish to extend to each of you my sincere thanks and appreciation for your outstanding contribution toward making our Yearbook a success. Through this publication, you have depicted our school program so that others might gain a better understanding of our objectives.

We are living in a dynamic society which changes under our very eyes. We hope that we have helped to equip the young men and women of our student body with the tools to meet and adjust successfully to the demands of that society.

I further wish to congratulate each staff member, student, parent and board member for his contribution to our educational program and its success.

With best personal wishes in all your endeavors, I am

Sincerely,
