# Westerner

No. 170

\$25.00

The "Westerner" is without a doubt the finest working recurve bow on the market today in this price range. It has been proven to be the most durable and trouble-free bow Fleetwood has ever manufactured.

The "Westerner" is constructed of fiberglass, hickory and lemonwood tapered laminations, pregwood face and walnut handle riser. The natural wood finish of the pregwood face gives this bow outstanding beauty. Pregwood is made of layers of maple impregnated with resin under heat and pressure. It has extremely high compression strength. Beautiful high gloss finish.

The "Westerner" is 5' 5" in length and is available in all weights up to 60 lbs. Recommended for arrows up to 29". Comes equipped with contour handle, medium "instinctive type" sight window and center shot design, also leather handle grip and double loop dacron bow string.

Bow has a smooth non-stack draw, fast cast and is not effected by cold, hot or dry weather. It has lasting durability, constant deadly accuracy and free of recoil. An excellent bow for the beginner yet fine enough for the most expert archer. Carries Fleetwood's usual one year guarantee.

No. 135 — "THE IMPERIAL"—STRAIGHT END LAMINATED BOW—Construction consists of Fibreglass backing, tapered and parallel laminations of maple, walnut riser, glass facing. Fitted with genuine leather handle, arrow rest, and double loop Dacron string. Bow length 5' 5". Weights to 70 lbs.....No. 135.....\$29.50

# Town & Country

No. 130

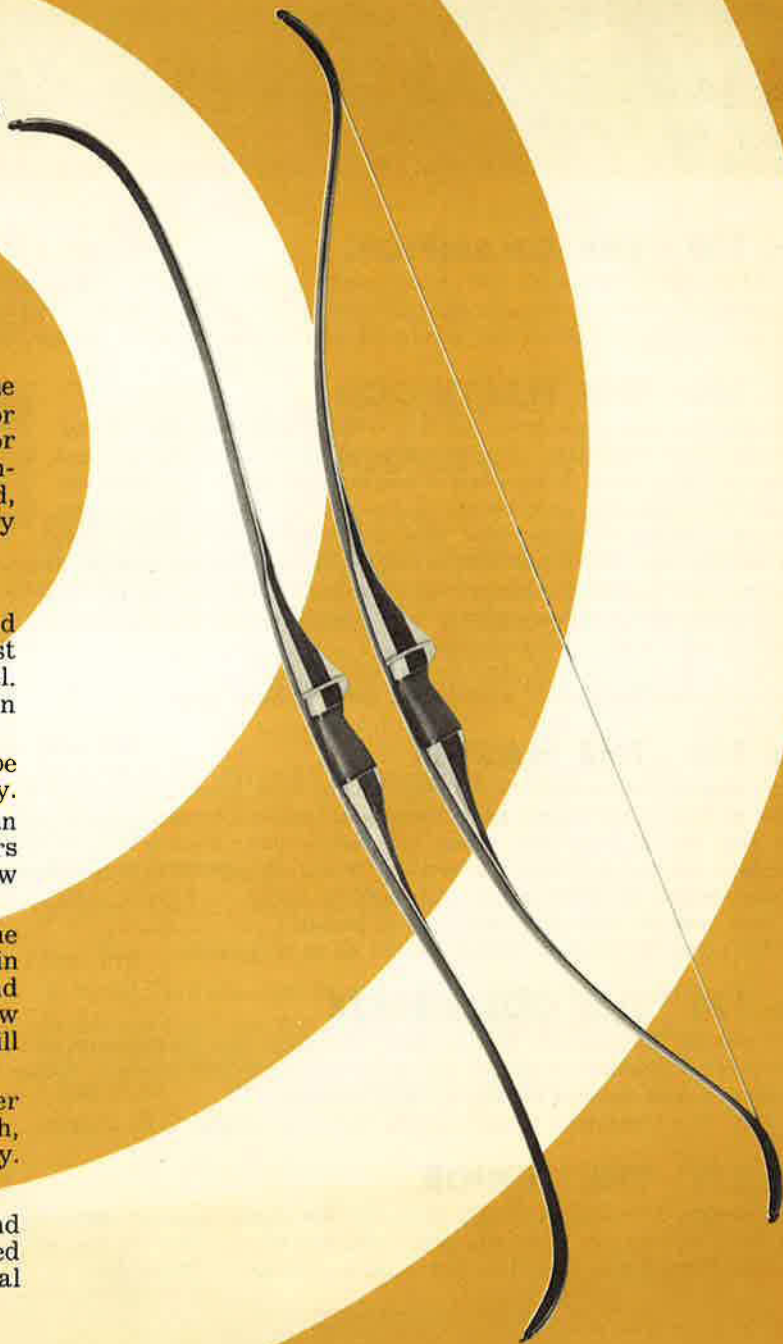

\$49.50

The "Town and Country" bow is correctly named because it is equally efficient on the target range, field course or hunting in big game country. The length and superior design of this bow gives it lightning cast yet the smoothness of the finest target bows available. Pound for pound, inch for inch we guarantee this bow to be as fast and steady as any on the market, regardless of price.

## CHECK THESE OUTSTANDING FEATURES:

1. Full working recurve design with fibreglass front and back and tapered maple laminations. Only the very finest glass available is used for the front and back of this model. Has a tensile strength of 95,000 PSI and compression strength of 50,000 PSI.
2. Large 24" handle riser with comfortable saddle type handle makes it impossible to grasp this bow incorrectly.
3. Bow is  $2\frac{1}{4}$ " at the arrow rest thus allowing for an overdraw, an added safety feature. Many manufacturers charge approximately ten dollars extra for this overdraw feature.
4. The contrasting woods of maple and walnut give the "Town and Country" added "eye appeal" found only in much more expensive bows. Beautiful lacquer, varnish and buffed-wax finish. Wedge type construction in the bow tips adds an additional touch of beauty, but better still prevents twist in the limbs and adds cast to the bow.
5. The long 7" Sight Window gives the free style archer plenty of sight even for the shortest field shots. Smooth, non-stack draw. Soft recoil action. Pin-point accuracy. Center shot.

"Town and Country" is available in one length, 5' 6" and may be furnished in all weights up to 70 lbs. Recommended for arrows not over 30" long. Carries Fleetwood's usual one year guarantee.

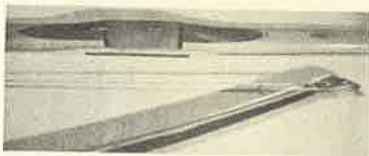

# LEMONWOOD BOWS

## No. 109 THE CHAMPION

Glass-Powered Lemonwood bow. Hand made of seasoned lemonwood, backed with fibre glass to give a fast, smooth shooting, durable straight bow. Self tips, walnut overlay, leather handle grip with arrow rest, equipped with Dacron bow string, finished in clear flexible lacquer, any wt. to 60 pounds.....\$16.00

## No. 100 THE FLEETWOOD

Fibre Backed Lemonwood Target Bow with Plastic Bow Tips. A durable bow, for especially rough use such as Archery Ranges and Colleges. Hand made from selected lemonwood. White or Black vulcanized fibre backing adds beauty to the bow and prevents breakage. Colorful Fleetwood Plastic Bow Tips also enhance the bow's beauty and doubles the life of the bow strings. Genuine leather handle, beautifully shaped walnut overlay. Genuine linen double loop bow string with keeper. Finished in clear flexible lacquer, and perfectly tillered. The correct length of bow from 5' to 6' will be supplied to correspond with weight ordered and length of arrow with which it is to be used.

No. 100 The Fleetwood. Any weight to 45 pounds.....\$12.75 Ea.  
No. 101 The Fleetwood. Any weight from 46 to 60 pounds ..... 13.95 Ea.

## No. 105 THE MASTER

Fibre Backed Lemonwood Bow. Hand made with greatest care from selected imported Lemonwood. Black or White vulcanized fibre backing to prevent breakage. Self Tips, Walnut overlay at handle, leather grip, double loop linen string. Finished in clear flexible lacquer. Any length to 6 foot to correspond to weight ordered and length of arrows. This is an especially rugged bow and is recommended highly in heavier weights for hunting.

No. 105 The Master. Any weight to 45 pounds.....\$11.90 Ea.  
No. 106 The Woodsman. Weights from 46 to 60 pounds ..... 13.10 Ea.

## No. 120 THE COLLEGIATE

Light Weight Lemonwood Target Bow. The same fine construction as in our heavier bows except made from smaller lemonwood staves. Hand tillered, hardwood overlay, double loop linen bow string, leather handle grip and finished in clear flexible lacquer.

No. 120 The Collegiate. Length to 5½ foot. Any weight to 26 pounds.....\$7.50 Ea.

## No. 125 THE JUNIOR

Light weight Lemonwood Target Bow for the Junior Archer. Hand tillered, hardwood overlay, double loop linen bow string, leather grip and finished in clear flexible lacquer.

No. 125 The Junior. Length 5 foot only, any weight to 20 pounds.....\$6.25 Ea.

No. 225.....\$10.95 Ea.

# QUALITY TARGET ARROWS

## No. 360 PORT ORFORD CEDAR TARGET ARROWS

This represents a fine quality inexpensive yet durable practice arrow. The same high quality wood is used in this arrow as in the more expensive shafts, the difference being mainly in the matching. Machine

fletched, colored cock feather, parallel steel points,  $\frac{3}{16}$ " shafts, replaceable plastic nocks, neatly painted and crested. Lengths, 24", 25", 26", 27", and 28".

No. 360 Port Orford Cedar Target Arrows.....\$5.65 Doz.

## No. 355 Matched Port Orford Cedar Target Arrows $3\frac{1}{2}$ " Spiral Fletching

Made of the finest  $\frac{3}{16}$ " Port Orford Cedar, matched within 10 grains in weight and identically in spine. Parallel steel points,  $\frac{3}{16}$ " replaceable plastic nock. Machine fletched with spiral ground base feathers,

colored cock feather. Neatly painted and beautifully crested. Lengths 24", 25", 26", 27", and 28".

No. 355 Matched Port Orford Cedar Target Arrows.....\$8.50 Doz.

## No. 350 CHAMPIONSHIP TAPERED SELF ARROWS $3\frac{1}{2}$ " Spiral Fletching

This grade arrow is rightly called Champions as they are used by champion archers in this and many regions where a really good self arrow is desired. They are perfectly matched in spine and weight within five (5) grains. Selected Port Orford Cedar shafts. Tapered

from  $\frac{3}{16}$ " to  $\frac{1}{4}$ " at the nock. Spiral fletching with ground base feathers, colored cock feather.  $\frac{3}{16}$ " parallel steel points,  $\frac{1}{4}$ " replaceable nocks, neatly painted and brilliantly crested. Made in any length to 30 inch. Stock lengths, 24", 25", 26", 27", and 28".

No. 350 Championship Tapered Self Arrows.....\$9.50 Doz.

### ECONOMICAL

### "6 PACK" ARROW DISPLAY CASE

### PRACTICE ARROWS

#### No. EC—Economy 6-Pack

An inexpensive Beginner Arrow. Made of Port Orford cedar. One color band below fletching. Steel target point, plastic nock. Sold only in 6 pack—24" 26" and 28" lengths.

No. EC—"6 Pack"  
(72 Arrows).....\$21.60 per pack, retail

Note—Be Sure to State Your Arrow Length

#### No. 360—Practice Arrow 6-Pack

Fleetwood's #360 Arrows are now available in either one dozen boxes or the new six dozen attractive Counter Display Rack. Same specifications as our #360 Arrow shown above. The "6 Pack" may be made up of all one size or any number of our standard sizes—24", 25", 26", 27" or 28".

No. 360—"6 Pack"  
(72 Arrows).....\$33.50 per pack, retail

Can be mailed by parcel post.

# FIBRE GLASS ARROWS

## No. 340 "DEERSLAYER" HUNTING ARROWS

Matched in spine and weight. Fitted with Fleetwood No. 855 125 grain Deerslayer Broadheads. Fletched with extra heavy ground base spiral fletching, plastic nocks, neatly painted and crested. State bow weight and drawing length desired.

No. 340 Fleetglass Deerslayer Hunting Arrows.....\$22.80 Doz.

## No. 345 "KING OF THE FOREST" ARROWS

Same specifications as No. 340 except fitted with Fleetwood King of the Forest No. 850 125 grain four blade broadhead. A four blade head broadhead has many advantages; it will not plane in flight, will not bind, allows maximum penetration leaving an open wound so an animal will bleed more freely and leave a blood trail. State bow weight and drawing length.

No. 345 Fleetglass King of the Forest Hunting Arrows.....\$23.80 Doz.

### FLEETGLASS

FLEETGLASS—The finest fibreglass arrow made. Our tubular fibreglass shafts are manufactured in our own factory of the best materials available. Our machines to manufacture Fleetglass shafts were designed and made for us by a man who pioneered tubular glass fishing rods. Every machine and every process operates automatically making each shaft micrometer perfect. A special exclusive process makes the spine even throughout the circumference of the shaft. The nock taper is molded in as a part of the shaft thus needing no insert or plug. You can pay more but you cannot buy a better glass arrow. Sizes to match any weight bow from 20 to 80 pounds.

#### FLEETGLASS ARROW SHAFTS ONLY

No. FG 16.....\$13.95 Doz.

## No. 338 FLEETGLASS NON-SKIP FIELD ARROWS

Our non-skip insert point is especially designed to stop an arrow where it touches the ground. Fletched with 4½" spiral field type feathers. Matched in spine and weight. Point matches Fleetwood Hunting Points in weight. State bow weight and drawing length desired.

No. 338 Fleetglass Non-Skip Field Arrows.....\$19.95 Doz.

## No. 325 FLEETGLASS TARGET ARROWS

The finest quality fibreglass arrow on the market today. Matched in spine and weight. Insert points (not slip over), plastic nocks, spiral machine fletched, neatly painted and crested. State bow weight and drawing length desired.

No. 325 Fleetglass Target Arrows.....\$18.95 Doz.

Note—Be Sure to State Your Arrow Length

## QUALITY HUNTING ARROWS — FIELD ARROWS

Made of matched 11/32" Port Orford cedar shafts, fitted with Fleetwood No. 855, 125 grain Deerslayer broadhead. Matched in spine for heavy hunting bows and within 10 grains in weight. Fletched with ground base, long heavy hunting feathers, accurately spiraled. Replaceable Index nocks, painted full length of shaft and neatly crested. Will conform to game laws in all states. All lengths.

No. 370 Deerslayer Hunting Arrows.....\$14.25 Doz.

Made to the same exacting specification as our No. 370 except fitted with Fleetwood four (4) blade King of the Forest Broadhead, No. 850, 125 grain. This makes a well matched, rugged big game arrow which effects the deadliest killing power ever designed into a hunting arrow. A four blade head has many advantages over the two blade in that it cuts a cross which prevents any binding of the shaft allowing maximum penetration. It also leaves an open wound so the blood may flow more freely, leaving a blood trail. All lengths.

No. 375 King of the Forest Hunting Arrows.....\$15.25 Doz.

A fine Non-Skip Field Arrow made of selected 11/32" Port Orford Cedar, fitted with Fleetwood 125 grain steel. Non-skip point that stops at the point they strike the ground. Matched in spine and weight, long low (1 in 10) spiral fletching and fitted with Index nocks. Painted full length of the shaft and beautifully crested. The hunter's practice arrow. Custom-built, state arrow length and weight of bow.

No. 388 Non-Skip Field Arrows.....\$10.95 Doz.

Made of selected 11/32" Port Orford Cedar, fitted with target type parallel steel points. Matched to within 5 grains in weight and identical in spine. Long low (1 in 10) spiral fletching, plastic Index nock. Custom-built, state arrow length and weight of bow.

No. 387 Matched Field Arrows.....\$9.95 Doz.

## PORT ORFORD CEDAR ARROWS

Fleetwood arrows are held rigidly to exacting specifications found only in the very best arrows made. Shafts are doweled from split stock Oregon Port Orford Cedar, properly seasoned and matched in spine and weight in large numbers. Our arrows are spined on our Micrometer spine tester and weighed on our electric scale capable of holding tolerances of 1/2 grain or 1/1000 of an ounce.

No. 370 DEERSLAYER  
HUNTING ARROWS

No. 375 KING OF  
THE FOREST  
HUNTING ARROWS

No. 388 NON-SKIP  
FIELD ARROWS

No. 387 MATCHED  
FIELD ARROWS

# SPECIAL FIELD ARROWS

## No. 334

### FLEETGLASS FISH ARROW

Fish Arrows are not fletched—the drag of the line off the reel keeps them in line. Special fish point, one or two prong. Made extra heavy with full 30" length to penetrate into deep water. State bow weight desired.

No. 334 Fleetglass Fish Arrow

\$2.50 Ea.

## No. 333 FLEETGLASS ARCHERY GOLF APPROACH ARROW

FLEETGLASS approach arrows are fitted with a 2½" needle like approach point which is absolutely non-skid. Fletched with 4½" spiral machine fletching, neatly crested. State bow weight and drawing length.

No. 333 Fleetglass Archery Approach Arrows .....\$2.00 Ea.

## No. 395

### FLU-FLU ARROW

Made of select Port Orford Cedar. Blunt point. Six inches of feather fletching spiraled around the shaft. Made especially for that short distance shot or tree shot.

No. 395 Flu-Flu Arrow.....\$1.50 Ea.

## FORGEWOOD ARROWS

(UNFOOTED)

- STEEL TARGET POINT
- NON-SKIP STEEL POINT
- KING OF THE FOREST BROADHEAD

Made of Sweetland Compressed Cedar Shafts. Arrows that will withstand rugged field shooting and hunting. Twice the hardness and density of natural cedar. Glass smooth finish. Exactly matched in spine and weight. Made to any standard length and to match your bow.

No. F-10 with Steel Target Point  
\$19.00

No. F-12 with Non-Skip Field Point  
\$19.50

No. F-14 with King of the Forest Broadhead .....\$24.50

Important—When Ordering be sure to Specify Draw Length and Bow Weight.

Note - Be Sure to State Your Arrow Length

# No. 300 FLEETWOOD 24 SRT-X ALUMINUM ARROWS

## No. 300 FLEETWOOD 24 SRT-X ALUMINUM ARROWS

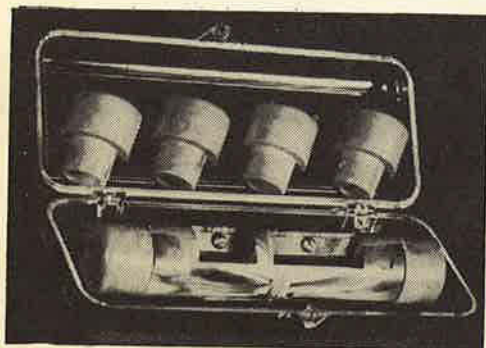

MADE OF EASTON 24 SRT-X ALUMINUM SHAFTING

By far the best material ever made for the manufacture of precision arrows. Possessing a very high modulus of elasticity, and the ability to resist permanent set. Perfect matching, having a one grain tolerance in weight, identical spine. Six diameters of three wall thickness each makes possible the correct matching to ALL bows. Precision fletched with 1 in 10 spiral fletching. Crested to your specifications and numbered if desired. Specify Arrow length and bow weight.

No. 300 24SRT-X Aluminum Target Arrows.....\$27.00 Doz.

# SAUNDERS

85,000-SHOT

## ARROW STOPPER SAVER MARSH GRASS TARGETS

Choice of National and Regional Tournament committees nine to one.

**TOUGH WILD MARSH GRASS** difficult to procure—almost impossible to handle—is used exclusively. Only in Saunders matts will you find this tough, mouse repellent grass used.

An end grain center section, made on exclusive core making equipment, shrugs off wear . . . stops your arrows by friction instead of being cut. Doubles the life of the matt. This is the first improvement in basic matt design since the development of the spiral wind 300 years ago.

Wild marsh grass, plus special patented machinery, plus 14 years of target matting experience, puts this matt in a class by itself.

Burlap Cover Matts. Save muss and fuss! This is a standard tournament quality matt plus a burlap cover. This matt is made on the same patented machines with the same material, by the same skilled craftsmen as our regular matt.

# SPECIAL FIELD ARROWS

## No. 380

### BLUNT ROVING ARROWS

Closely matched in spine and weight, long low (1 in 10) spiral fletching, fitted with slip over blunt points making them almost indestructible. Made of 11/32" selected Port Orford Cedar shafts. Plastic Index nock. Painted full length of the shaft and nicely crested. All lengths.

No. 380 11/32" Roving Arrows

\$9.95 Doz.

## No. 377 SMALL GAME

Made of selected Port Orford Cedar shafts, matched in spine and weight. Long low spiral fletching, plastic nocks, painted full length of the shaft and neatly crested. Fitted with Fleetwood No. 860 Small Game points. Custom-built, state arrow length and weight of bow.

No. 377 Small Game Hunting Arrows

\$10.50 Doz.

## No. 390

### ARCHERY GOLF ARROW SET

The Archery Golf Arrow Set consists of one flight arrow fletched with very small feathers, one approach arrow with a special approach point to prevent skidding and one blunt putter arrow. Made of select Port Orford Cedar. These arrows are designed to take a maximum of abuse. The approach arrow and blunt are painted full length of the shaft and neatly crested. All lengths.

No. 390 Archery Golf Set, set of three arrows .....\$4.25 Set

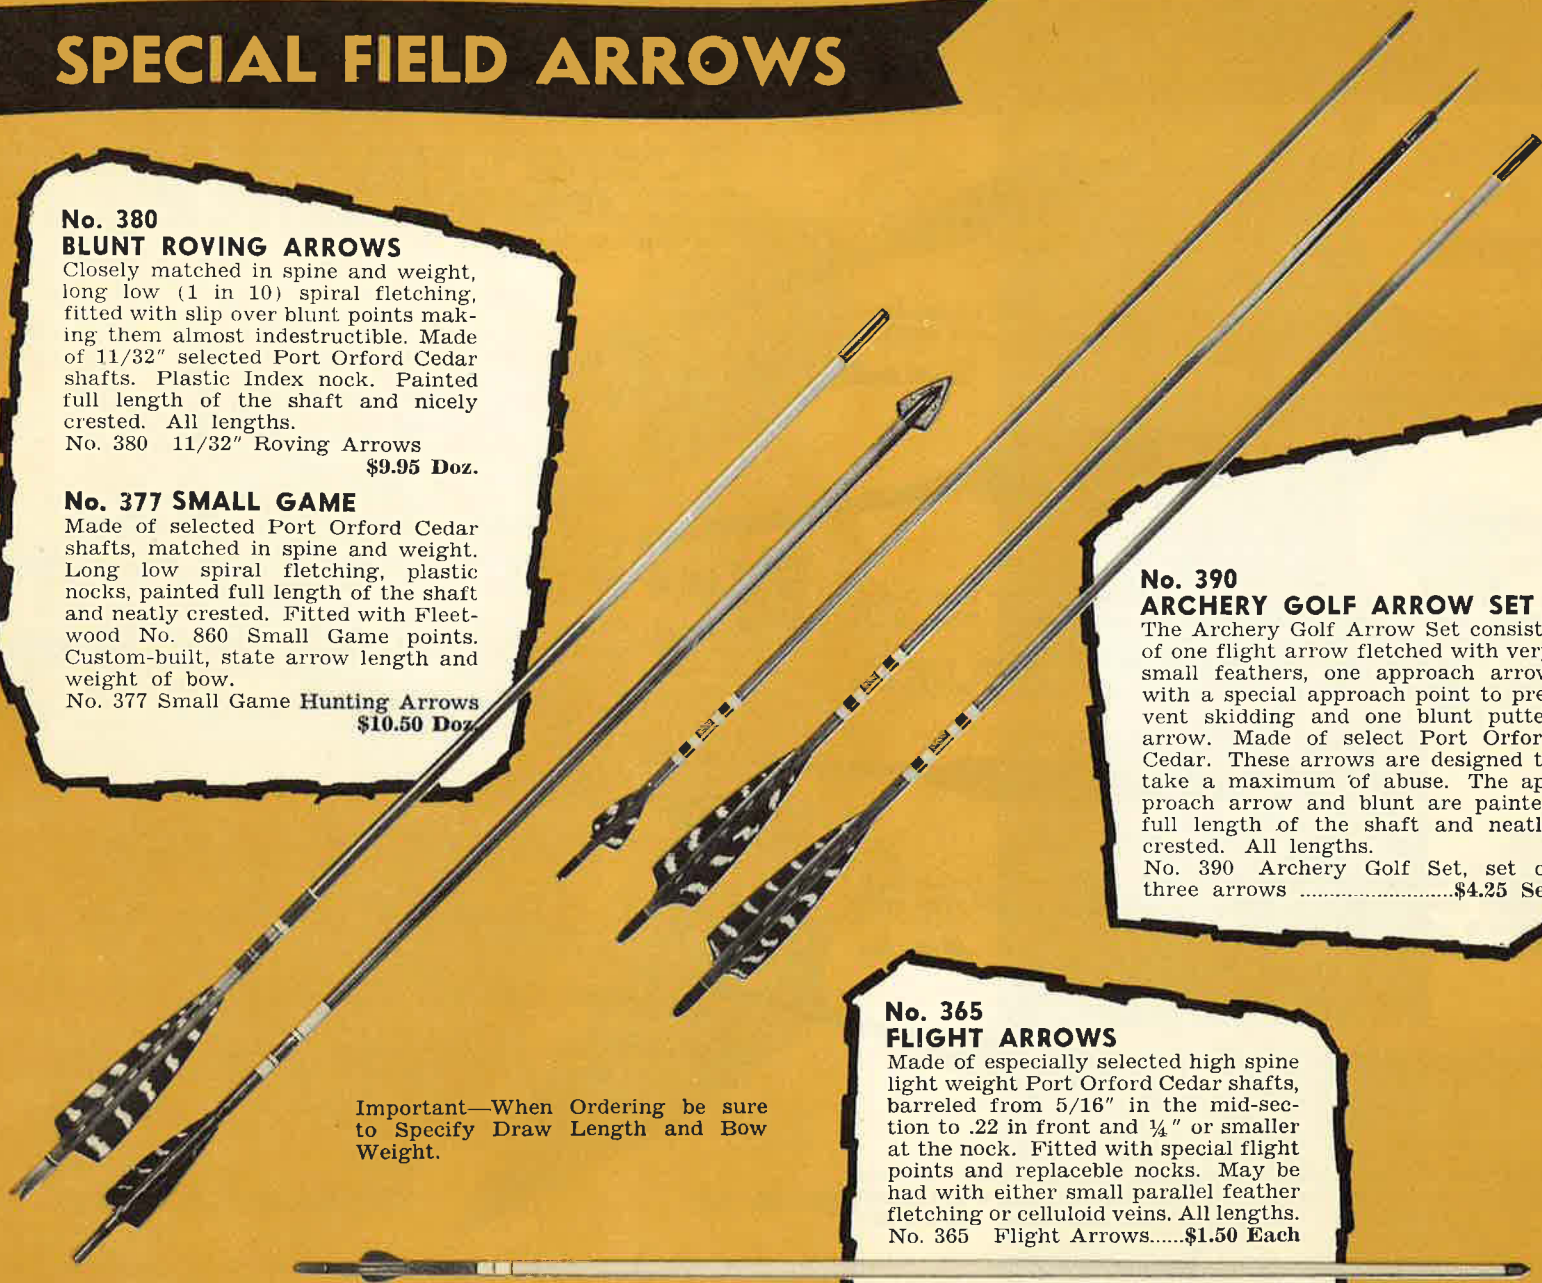

## No. 365

### FLIGHT ARROWS

Made of especially selected high spine light weight Port Orford Cedar shafts, barreled from 5/16" in the mid-section to .22 in front and 1/4" or smaller at the nock. Fitted with special flight points and replaceable nocks. May be had with either small parallel feather fletching or celluloid veins. All lengths.

No. 365 Flight Arrows.....\$1.50 Each

Important—When Ordering be sure to Specify Draw Length and Bow Weight.

## ECONOMY HUNTING ARROWS — FIELD ARROWS

Our economy arrows are made of good quality Port Orford cedar. Fitted with Index nocks, attractively painted and precision spiral fletched. Although they are not matched in spine and weight for various bow weights they are designed as an inexpensive arrow for the beginner for field archery practice.

Made of 11/32" Port Orford cedar, fitted with Fleetwood's Deerslayer Broadhead. Fletched with long ground base feathers and brightly crested.

No. EC-70 Hunting Arrows—26", 27" and 28" lengths.....\$10.85 Doz.

No. EC-70 DEERSLAYER  
HUNTING ARROWS

Precision fletched with long ground base feathers, 11/32" Port Orford cedar shaft, plastic index nock, fitted with Fleetwood's King of the Forest four blade broadhead.

No. EC-75 Four Blade Hunting Arrows—26", 27" and 28" lengths.

\$11.85 Doz.

No. EC-75 KING OF  
THE FOREST  
HUNTING ARROWS

No. EC-87 Target Arrow—26", 27" and 28" lengths.....\$7.95 Doz.

No. EC-87 TARGET  
FIELD ARROWS

Note—Be Sure to State Your Arrow Length

# FLEETWOOD HUNTING POINTS

**No. 855 "DEERSLAYER"  
\$3.95 doz.**

**GUARANTEED  
FOREVER  
AGAINST  
BREAKAGE**

Finest quality spring steel, tempered and drawn to the hardest possible yet not brittle hardness to hold a razor keen edge.

**Fabrication**—All Fleetwood Broadheads are spot welded in place then electrically welded by a process which makes the joint stronger than the metal itself. Guaranteed forever against the weld breaking.

**Durability**—These heads have been shot into bricks, heavy gauge metal, etc., from heavy hunting bows without so much as dulling the point; tests which would demolish most any other head ever produced. Size  $1\frac{1}{8}$ " x  $2\frac{3}{8}$ ". Weight 125 grains. Made in two sizes  $11/32$ " and  $5/16$ ". Please state size desired when ordering.

**No. 850  
"KING OF THE FOREST"**

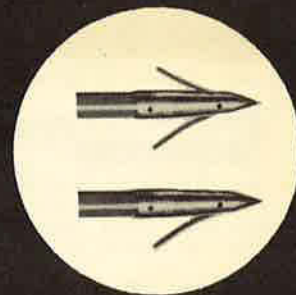

**\$4.95 doz.**

Lic. under  
Pat. No.  
2,373,216
