

Ball Field Project

You may have noticed a new fence and backstop were installed at the Ball Field. A sizeable donation was made to upgrade the field and the town is working on making it playable for our community and ever-growing youth baseball program. Once the youth baseball season is over in June, we will remove the infield grass and replace it with a sand mixture used for baseball/softball fields. Eventually, as funds allow, dugouts and bleachers will be added. We are excited to see so many residents using it already!

Thank you to everyone who attended/supported the Frog Regatta and SE Spokane County Fair Auction
