

2020 FORMULA CONTESTS

Formula's will be generated for 2020 after membership closes on February 15. How formula is generated: Total # of program membership *divided by* Total # of Statewide program membership *times* Maximum Contestants per Contest. If the formula generates a "0" for your school, advisors will need to fill out an "Alternate Form". If an available spot comes open, we use the Alternate Forms to fill those spots. Below is a list of schools that have these programs. If your school is not on the list, please notify the State Director.
