

Lost

By John Lipinski

Missing in action, you know I was lost
Didn't know the meaning, or understand the cost
But, He died for me, gave His life on the cross
Then I found the Lord, or did He find me
Hard to know, when you're lost

I was gone, somehow, I've been found
I'd been astray, but, now I've come around
I was so wrong, didn't know what was right
I lived in the darkness, now I'm bathed in light
And I was thirsty, and I thirst, no more
Yes, I was a sinner, didn't care before
Cause, I was faithless, had no desire
To look for Jesus, now, I'm on fire

Missing in action, you know I was lost
To hopelessly wander, a path that I couldn't cross
I searched for the meaning, to understand the cost
Then I found the Lord, or did He find me,
Hard to know, when you're lost

In His own time, He'll give you the sign,
Don't give up when you're lost
