

Hi, my name is Randy. I am Natalie's husband, and came on as the Director of Marketing and Maintenance this year. Over my working life I have tried many things from retail to construction. One thing has remained consistent. I love service, and think that the most important thing in any business is customer service. It is my sincere desire to make the lives of the children and parents at Jump! better each and every day that I sign on to my computer, or screw in a light bulb. Can't wait to get to know y'all. (Disclaimer: I am the worst with names. Please be patient with me 😊.)
