

## **BORDETELLA (Kennel Cough)**

Rover Come Over follows the American Boarding Kennels Association recommendation requiring the bordetella (kennel cough) vaccination annually. However, vaccinated canines are still susceptible to various strains of the virus. The vaccines for bordetella only cover a few strains of the virus.

I understand that *although my dog is vaccinated against Bordetella, it is not a guarantee that my dog will not contract some form of the virus* and will not hold Rover Come Over responsible for any veterinary expenses.
