

Freeman Family

Victory Christian School is so important to our family. When God placed the option of VCS on our hearts, we were excited at the possibility that our son would be in a place that would help him grow not only in academics but also in faith.

VCS has helped us create a strong Christian foundation that will stay with our son throughout his entire life. The dedicated staff at VCS are amazing and you can tell how much they care about every student.

We are excited to continue to watch VCS grow!
