# Context

Guatemala is currently facing times of social, political, and economical difficulties. As a result of this situation, our family has become very motivated on taking the appropriate steps in order to cause a positive and lasting impact on the communities we are close to, especially with the upcoming generations.

We believe the greatest opportunity we have to achieve such impact lies on Salvador Falla Santos school, located on the family's farm San Sebastian. In our opinion, education is the best way to affect in a positive way the up coming generations of San Miguel Dueñas, a community of more than 10,000 people located just outside the farm and just a few miles away from Antigua.

This school has been running for 68 years now and we believe it is time for a change. We want to support these kid's education by giving them the best we can, taking care of every detail, no matter how big or small. We would like to give our kids new opportunities, which is why we would like to start teaching and training them on agriculture, technology, music, sports, carpentry, basic business skills, among other things. Our goal is to help them achieve their purpose with vision and positive impact.

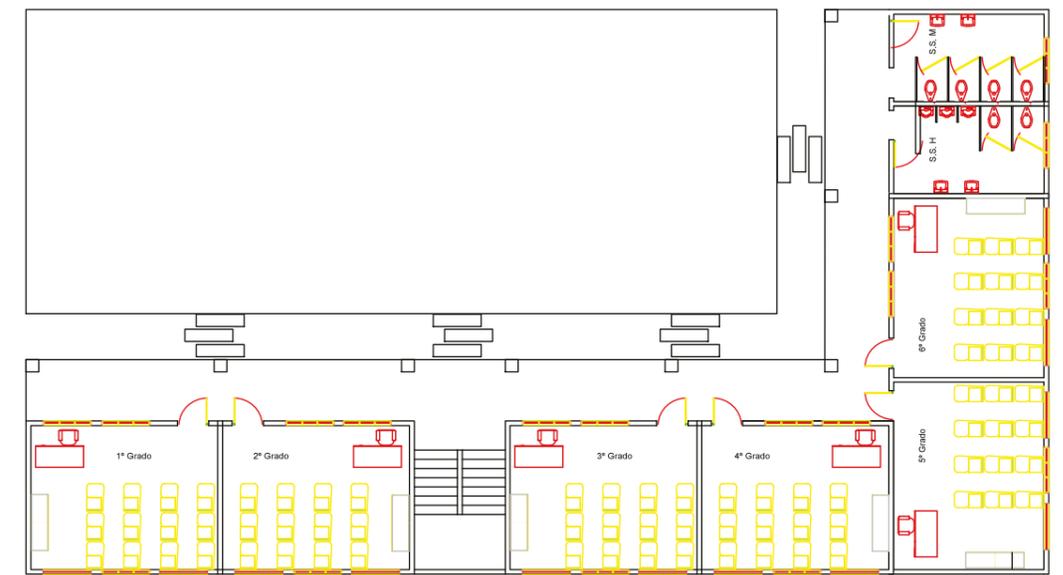

# Objectives

- Share the blessing that God has given us as a family with our employees and our community.
- Create growth opportunities by teaching the children life principles and values.
- Increase the number of children attending the school.
- Improve the music and art programs, by providing a better space and the appropriate tools.
- Upgrade the school facilities to provide adequate space for academic improvement.
- Impact the next generation positively, so they do the same within their community.

- Build 12 classes for elementary and high school.
- Create appropriate space for art, music, carpentry, and other classes.
- Cafeteria to serve lunch to the kids.
- Proper space for recess: Soccer field, basketball field, playground.
- Restrooms

# Phase I: Upgrade School Facilities

# Phase II:

## Program Implementation

- Guatemala Prospera's platform, a platform based on principles and values.
