

# DEBUT OF THE SCORPION KING

The purpose of this illustration is to depict the Total Solar Eclipse of December 4, 2021. It will occur directly over the South Pole in the 'Underworld' that Antarctica is as an isolated continent. What is very peculiar about this time and place is that the Solar Eclipse occurs in the Sign of Scorpio. Also, the Planet Mercury will be in conjunction with the Sun and the Moon when the Eclipse occurs. The Sign of Scorpio is at the Golden Gate and whose Guardian Sentinel is Ophiuchus. What might be of a possible Prophetic overlap is that if one aligns the Eclipse to direct North-South orientation, the depiction of the Scorpio Motif exactly resembles the Heliofant Logo of the Letter 'O' as the Eclipse and a 'Dot' for Mercury. What is further intriguing is that if one sees the conclusion of their Occult Short Film, I Pet Goat 2, the 'End of the Line', or Storyline ends with the Debut of their AntiChrist. This AntiChrist figure is directly associated in the Film with Anubis, the LORD of the Dead and Underworld. It is an icy lifeless place. Astronomically, the AntiChrist is associated with the God of Mercury, etc. One is not insinuating that at this precise time and place, the Biblical AntiChrist will appear on the World Scene, but that in terms of His Spiritual maneuvering, it is a major milestone achieved. That perhaps, the World is just about now ready for his Debut. The Message and purpose of the Heliofant Short Film has come to its conclusion, at least Astronomically on December 4, 2021, just 9 years from its release.

## SOLAR ECLIPSE SERIES

The 2nd Solar Eclipse, will be the only one in the Series of 4 since May 26, 2020 that encompasses the 4 Blood Moons, which end on November 8, 2022. This Total Solar Eclipse is the counterpart and pair of the 1st Solar Eclipse type that was Annular. It occurred in-between the Horns of Taurus and produced a 'Wedding Ring' or Ring of Fire Effect. What is peculiar about this 2nd Total one is that it occurs in the Sign of Scorpio and in the same exact angle depicting the Debut or Advent of the Heliofant Short Film AntiChrist figure, thus the Scorpion King.

The Occult Short Film, entitled I Pet Goat 2 is about a Storyline that chronicles the Journey of the coming AntiChrist figure as disclosed in the Bible. It was released in 2012 with a retrospect starting with the events of 9-11. But since 2012, there have been some amazing Predictive Programming that have come true. What is the message of the Storyline? The Debut of the AntiChrist that the world and Israel will clammer as their Savior. Oddly, the final scene take place in the place and time that exactly matches the Total Solar Eclipse in the Sign of Scorpio. Where? IN the South Pole.

# HELIOFANT PREDICTIVE PROGRAMMING TIMELINE

## STORYLINE'S FINALE CULMINATING WITH THE DEBUT OF THE ANTICHRIST

The purpose of this illustration is to provide a timeline based on the Occult Short Film that came out in 2012 entitled, I Pet Goat 2. It is a clear example of Luciferian Predictive Programming that since 2012 has had many depictions come true. Some may argue that the real life mimicking events could have been man-made and orchestrated. This can be the case but there are certain key events that dealt solely through Nature. The Storyline is about the Journey of the coming AntiChrist figure that debuts at the 'End of the Line', awakened and ready for the 'New Dawn' and Age to come. The Storyline is filled with Biblical inferences and how it mocks the 'Bride of Christ' that is depicted waiting, in vain it seems for Redemption. The point of the matter, is that the Storyline has an ending point and it happens to coincide, Astronomically with the Antarctic Total Solar Eclipse in the Land of the Icy Underworld. The Sign occurs in Scorpio wherein the Logo of the Heliofant exactly matches the position Mercury will be conjoined with the Eclipse. Thus, this event that culminates the film's message on December 4, 2021 is a Luciferian Milestone achieved. And if the signaling is of any concern, it would strongly suggest just how close the real corresponding event will then be.

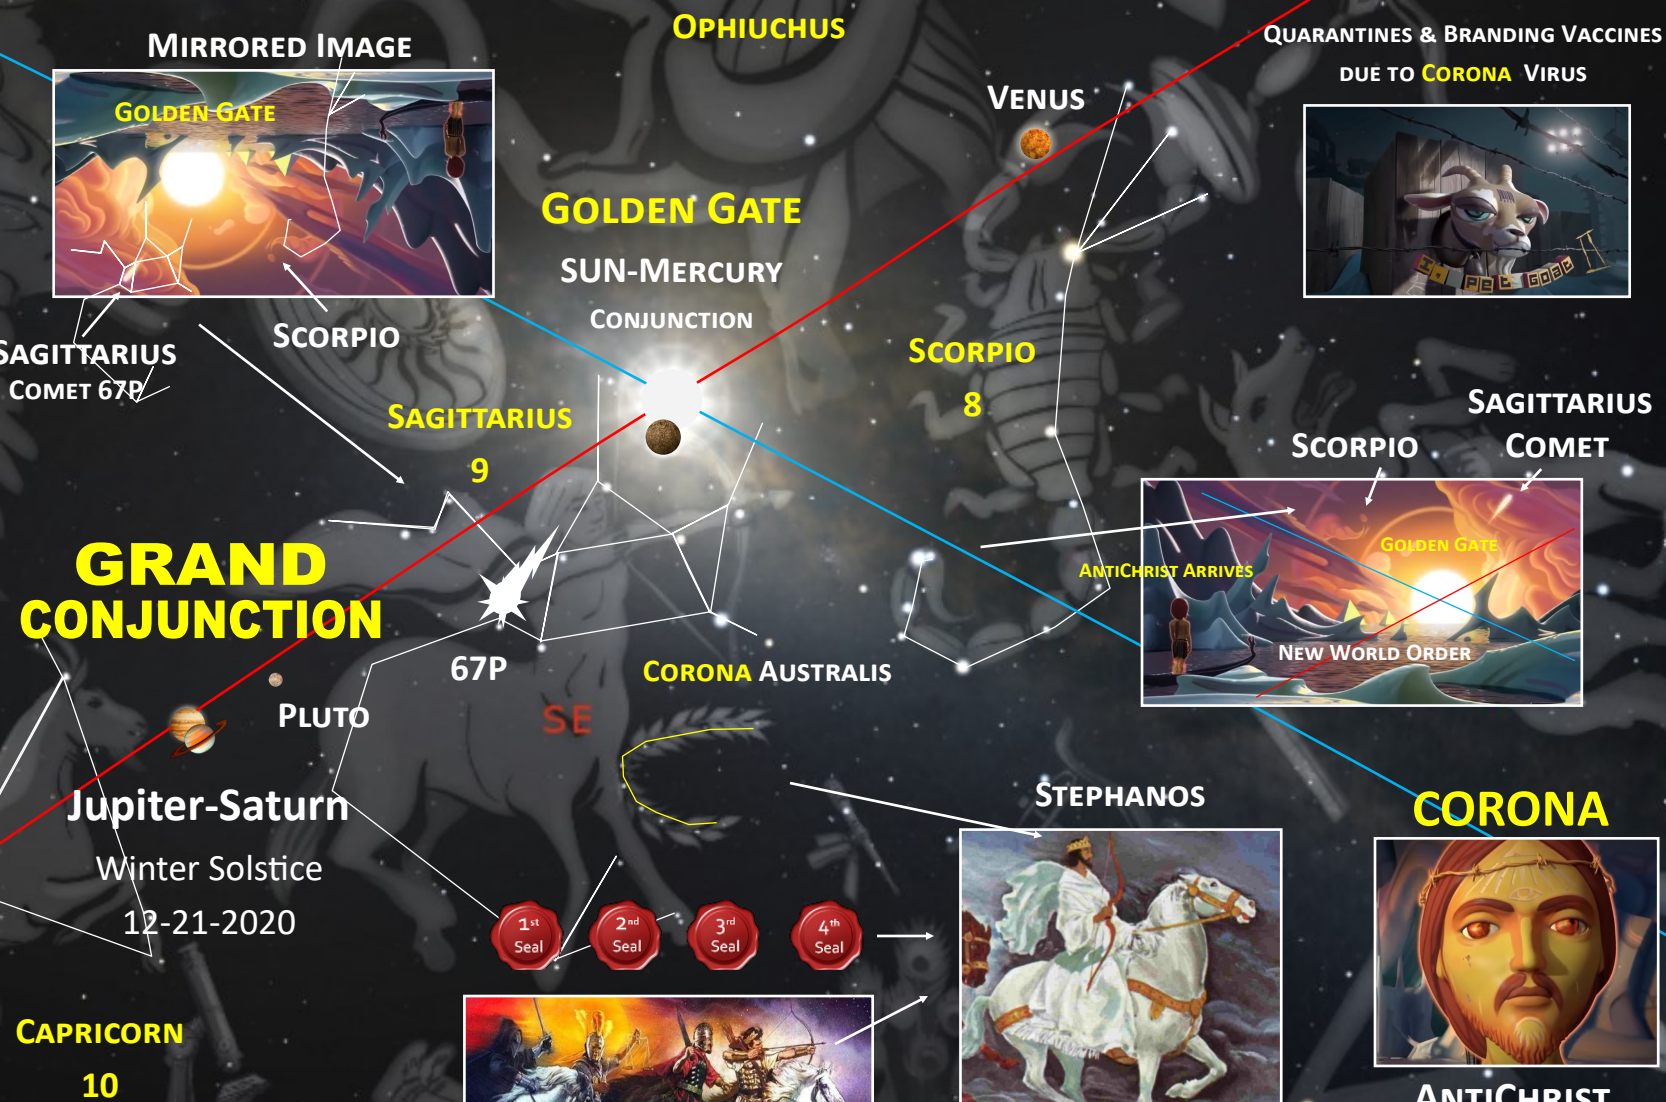

# JUPITER-SATURN GRAND CONJUNCTION

## DEBUT OF THE ANTICHRIST AND THE COMING NEW WORLD ORDER

The purpose of this illustration is to show the planetary alignments and the Grand Conjunction of Jupiter with Saturn on the Winter Solstice of December 21, 2020. Pluto will also be in the vicinity of the conjunction and Mercury will be in conjunction with the Sun at the Golden Gate. Venus will be at the claw of Scorpio. What this cosmological tapestry suggests is that the Grand Conjunction signifies a coming drastic change in the social, political, religious and economic order. There are those that interpret this array as the coming of the New World Order. What is central to the cosmological depiction is centered on the Sign of Sagittarius. This Sign is attributed to the coming AntiChrist figure. He is likened to the Rider of the White Horse from the book of Revelation that depicts the 4 Horseman of the Apocalypse. The Rider has a Bow and a Crown. It so happens that Sagittarius has a Crown also, Corona Australis. Others are also linking this motif and linking it to the Corona virus COVID-19 planned Pandemic that has lockdown the whole world. The Pandemic started in Wuhan China and spread to the main hotspots of Iran, Italy, Spain New York and Seattle in the USA. Cosmologically, the Grand Conjunction suggests then that the AntiChrist is about to enter through the Golden Gate for his debut to the world and will usher in the New World Order that the Grand Junction is suggesting. The alignments are also being compared to the Heliofant animation that has an esoteric connotation of the coming AntiChrist figure and the dawn of the New World Order.

# SOLAR ECLIPSE PATTERNS

## COMPREHENSIVE MAPPING OF THE ECLIPSES FROM 2008-2026

The purpose of this illustration is to focus and amplify the time segment of astronomical eclipses over several decades. An examination will be made to see if there are unique properties and patterns in light of Biblical Astronomy. The complete sequence of solar eclipse types are plotted onto the timeline. The various lunar eclipses from this time period are also superimposed onto the timeline as well. As the solar and lunar eclipses are plotted, there appears to be a significant pattern that emerges, particularly from 2011-2026. What seems to accent and highlight this pattern is a Beginning, a Middle and an End sequence with the Triads in relation to the prelude of 3 consecutive total solar eclipses. The TETRAD that occurred happened to fall precisely on YHVH's Feast dates. This all inclusive patterns could possibly mark an 'end' or a 'beginning' to a countdown moment in time that could have prophetic significance of Biblical proportions.

There are a total of 3 consecutive years 2008, 2009, 2010 of Total Solar Eclipses leading up to a Triad of Blood Moons and Partial Solar Eclipses starting in 2011. The rare Central Bull's-Eye Blood Moon occurring on June 15th, 2011 that is directly in line with Jerusalem correlated to its counterpart on July 27, 2018...a 7-year period. The 3rd Triad of 2025 is a Central Blood Moon, and over Jerusalem. The 2 solar Hybrid eclipses of 2013 and 2013 appear to 'bookend' a timeframe as well. The Triads span an approximate 7 year period, it might very well be that the Triads could be a clue, astronomically as to when the 'beginning' of a prophetic period of Daniel's 70th Week of Years could commence.

### Psalm 19

#### A PSALM OF DAVID

The heavens declare the glory of God; the skies proclaim the work of his hands. Day after day they pour forth speech; night after night they reveal knowledge. They have no speech, they use no words; no sound is heard from them. Yet their voice goes out into all the earth, their words to the ends of the world.

In the heavens God has pitched a tent for the sun. It is like a bridegroom coming out of his chamber, like a champion rejoicing to run his course. It rises at one end of the heavens and makes its circuit to the other; nothing is deprived of its warmth.

# TETRAD - VIRGO CONNECTION

The purpose of this illustration is to show some amazing mathematical correlations between the Tetrads of 2014-15 and the up-and-coming Great Virgo Sign. There appears to be some unique variables that factor in the phi ratio sequence as this study suggests 'Prophetic Time' is reassured with and by. The 1st observation is that if one takes a day before the start of the beginning Tetrads date of April 15, 2014 and measures out in time a day after from the Great Virgo Sign of September 23, 2017, the day count equals 1260 days. This coefficient is half of the prophetic 2520 variable of which many sacred measurements are taken from and in different dimensions even. Thus the 1260 day count could be a prophetic clue that is for sure a mathematical certainty for the Tribulation period to come.

## GREAT VIRGO SIGN

The 2nd observation is that the Equinox Solar Eclipse that occurred within the Tetrads and the 8th of this type since Christ on March 20, 2015 is in approximate phi ratio proportion mathematically and thus in terms of time in-between the start of the 2014-15 Tetrads on April 15, 2014 and the Great Virgo Sign of September 23, 2017. This is amazing to realize that such eclipses, comets, Blood Moons, Tetrads are all prophetic because they coincide with the Holy Feasts of YHVH. As to the interpretation and meaning, that is subject to on-going debate. One thing is for sure, Biblical prophecy is a good thing as it is given to Humanity and in particular to YHVH's People as an advanced warning of something to come in YHVH's prophetic timeframe.

The 3rd observation is that technically the Great Virgo Sign of September 23, 2017 will actually be occurring on the first full day after the Civil New Year, 5778. According to the Rabbinical Calendar, Rosh HaShanah starts on the evening of September 20, 2017 and ends on the evening of September 22, 2017. The Virgo Great Sign starts on the eve of the 22nd depending on where one is at on the Earth.

The year 2018 or 5778 will witness the 70th Year Anniversary of Israel's 'birth' as the typology of the Man-Child, in one layer of interpretation of the Great Virgo Sign. The other inferred meanings concerns Jesus Christ foremost and the Body of Christ, that is the Saints that are to be raptured-up to Heaven as the Man-Child. Also realize that 2018 will be the 1948th year since 70 AD that Israel was judged with the 3rd and last Diaspora for rejecting Jesus Christ as the Messiah. The last observation has to do with another timeframe that appears to converge the last 2 most profound and 'Prophetic Keys' of the Olivet Discourse. Not only will there be the 70th Year Anniversary of the rebirth of Israel in 2017 but the 50th Year Anniversary or 'Jubilee Year' of the liberation of Old Jerusalem to include the Temple Mount. Amazingly the Great Virgo Sign is in approximate phi ratio to the June 7, 2017 Jubilee Anniversary and to the May 14, 2018 Independence Day anniversary of May 14, 2018.

As noted also in other studies, the position of Jupiter in Virgo after having been 'birthed' approximately 13 days prior to the Great Virgo Sign date of September 23, 2017 is also in approximate phi ratio of time and space, in-between the Moon at the feet of Virgo and the Sun at the shoulder area of Virgo. Could the remaining 3rd 'Prophetic Key' of the Olivet Discourse, that of the rebuilding of the 3rd Temple be realized within this prophetic timeframe?

# HYBRID SOLAR ECLIPSE BOOKENDS

## SOLAR AND LUNAR ECLIPSE PATTERNS 2013-2023

The purpose of this illustration is to layout astronomically, the Solar and Lunar Eclipses for the decade since 2013. This chart seeks to show the possible patterns of just how the Solar and Lunar Eclipse are juxtaposed to each other. And to have an overall perspective of the characteristics surrounding the years highlighted in these Astronomical 'Bookends'. All the Solar Eclipses from 2013-2023 on the timeline will be designated, which are 20 total. Only the Total Lunar Eclipses will likewise be plotted onto the timeline, which are a total of 10. Then, several day counts will accompany the illustrated timeline to ascertain if any possible number, date or mathematical relationship exists. There does appear to be some very unique number associations, time periods and mathematical relationships to these 'Bookends'. This timeline may suggest the prophetic and Biblical countdown to the Tribulation Period, the 3rd Temple and possibly the 2nd Coming of Christ.

Given the number of Eclipses, both Solar and Lunar in-between the 2 Hybrids of 2013 and 2023, the symmetry is such that it could constitute a 'Menorah' Pattern. It might be a stretch of the imagination but it is interesting to contemplate. Could such sequence of eclipses be hinting at the corresponding particular series of Prophetic Events? The timeline in-between the 2 Hybrid eclipse, the 8th since Christ, visually at least, appear to have a beginning with the Tetrad, a middle with the Triad of Eclipses and then an end with a composition of both types of Eclipses. Throughout this time period, there is a recurring Eclipse pattern of 4s. The Tetrad has a 4 Eclipse count, followed by 4 Solar Total Eclipses followed by 4 Partial Solar Eclipses in the 'Middle' that then are mirrored after the Central Blood Moon in 2018 all the way to 2022. Is this pattern signaling the end of the Church Age?

# BLOOD MOONS OF THE TETRAD

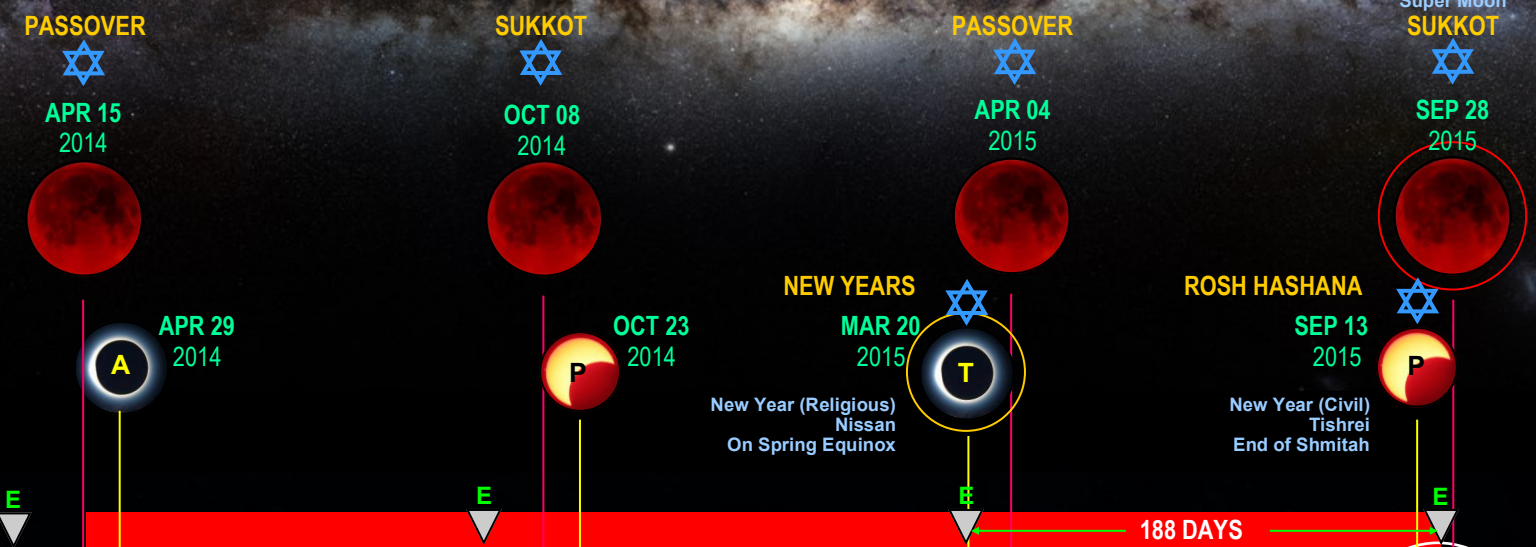

The purpose of this illustration is to layout astronomically, the 4 Blood Moons of the Tetrad of 2014-2015. This chart shows the patterns of just how the Solar and Lunar Eclipses are juxtaposed to each other. The 4 Total Lunar Eclipses are paired up with their Solar Eclipse that occur 15 days apart. There does appear to be some very unique number associations, time periods & mathematical phi ratio relationships with the Passover-Pentecost-Sukkot Feasts sequence. A Tetrad is when 4 consecutive Total Red Blood Moons occur without any partial lunar eclipse in-between the series. They come in pairs and are separated by 6 months. This Tetrad is suggested to be the 3<sup>rd</sup> in the cluster series that occurred in 1949 and 1967 on the Passover-Sukkot pattern. It is believed by many to be prophetically relevant to Israel due to the Holy Feasts of YHWH. The Hebrew Calendar is currently governed by precise mathematical rules & no longer relies on direct observation. It is possible to predict what day the holidays will fall on in the future. Start Date begins at Sunset. There is a differing view as to what the correct calendar is & between Observing- & Secular Jewish practices. The "1st month" of the Jewish calendar is the month of Nissan, in the Spring, when PASSOVER occurs. The New Year is in Tishri, the 7th month. One unique attribute of the 2015 Eclipses is that the Total Solar Eclipse occurs on the Spring Equinox to start the Religious New Year. Conversely the Partial Solar Eclipse occurs in the Civil New Year with the Fall Equinox occurring at the end of Yom Kippur. The last and final Blood Moon of the Tetrad is a Super Moon, meaning it is closest to the Earth in its elliptical orbit around the planet.

## THE TETRAD

The **Eclipse Duration** gives the length of the partial eclipse. If the eclipse is total then two durations are listed. The first is the interval between the beginning and end of the partial phases. The second value (in **bold**) is the duration the total phase.

# FAUX TETRAD OF 2021-2022

The purpose of this illustration is to depict the May 26, 2021 to November 8, 2022 Blood Moons that will occur several times, mainly in Scorpio and Taurus. What is perhaps Astronomically Significant about these 4 Blood Moon is not a 'True Tetrad'. Only because the 2nd Blood Moon is 97% Total. Nonetheless, this study will suggest that this Celestial Nexus is a Sign for Israel. And an ominous one as Blood Moons are considered Bad Omens by the Old Jewish Sages. This study suggests that Israel will enter the final Sabbath Week of Daniel to be tested of its resolve and to refine it as it will be for that purpose during the Tribulation Period. As to a prophetic meaning then? Realize that the Eclipses always occur in Pairs. You have a Solar Eclipse and usually within 14 days later, there will be its accompanied corresponding Lunar Eclipse. What the 2nd Blood Moon signaled had to do with the Sign of Noah's Year, 600. That is the year of Noah's life when the Ark was completed. The 2nd Blood Moon was the longest in duration and had not occurred in nearly 600 years. Coincidence? Then the 2nd Solar Eclipse occurs in the South Pole, in Scorpio. Some have interpreted this depiction as being associated and Predictively Programmed through the Occult Short Film called I Pet Goat 2, which depicts the Debut of the AntiChrist.

The last Blood Moon of the Tetrad that concluded in 2015 was a Super Moon. It also occurred on the Feast of Sukkot or Tabernacles. And now this pseudo-Tetrad of 2021-22 starts off with a Super Moon? Coincidence? Perhaps but one could see a possible symmetry and continuation of the 'Storyline' that is being 'signaled' in the Sun, Moon and the Stars.

This study, in comparing the prior 4 Blood Moon series, suggests that the 2014-15 Tetrad was more so a Celestial Sign for the Body of Christ. How so? Consider where the Blood Moons took place then. In the 2014-15 Tetrad, the 4 Blood Moons occurred alternatively in Virgo and Pisces. These 2 Signs are directly associated with the Church Age. So, what specifically were they 'saying' or 'announcing'? One conjectures that the message was to put the Body of Christ on notice that the last Sabbatical Cycle of 7-years was to occur ending with the Rapture. Fall 2015 to Fall 2022. And then that the transition or translation back to the Dispensation of Israel would occur. In contrast, this 'Israeli Tetrad' occurs more than once in Scorpio, Taurus and Aries. These are the Celestial Signs of the 'Enemy, Sacrifice and Slaughter' that suggests a coming 'bloody' Crucible that Israel will have to go through.
