NvFRW Urges Nevadans to Vote Trump and Repeal Obamacare

Las Vegas, NV — October 28, 2016 — "Nevada's failed health care exchange is but one example of the unaffordability of the Affordable Care Act. Insurance companies are folding, Americans have less choice in health care coverage, and as of 2017, our state will see a 10% increase in premiums. Hillary Clinton rejects the failure of the ACA, wanting to 'build on the progress we've made,' (hillaryclinton.com) yet her plan to expand Medicaid and health care for illegal immigrants can only succeed through additional taxation. This election, Nevadans can choose to elect a president in Donald Trump who will replace Obamacare with a free-market system that will ensure more affordable coverage for more people." — Lori Piotrowski, President, Nevada Federation of Republican Women.
