

The FIGU Community has lost someone special!

Gentle, quiet, and reserved was Jimmy Chen. His spirit-form has departed for the other side. He went suddenly and inexplicably and left us standing in a shroud of mystery. He succumbed to his injuries from a fatal single-vehicle accident in his car, about a quarter of a kilometre from his home, around 02:30 on Tuesday Feb 6<sup>th</sup>, 2024, in Tiny, ON. Jimmy was 39 years old.

He is survived by his older sister and his father and is predeceased by his mother.

Jimmy was a member of FIGU Landesgruppe Canada and an earnest student of the Geisteslehre [Creation-energy teaching]. He really has done a great service for the English-speaking community who are interested in the material that FIGU/ Billy Meier disseminates. Three of Jimmy's greatest accomplishments were the initial translation and formatting of three of 'Billy' Eduard Albert Meier's spiritual teaching books *Arahat Athersata* and *About the Fluidal-Energy resp. Fluidal-Powers and Other Things*. He'd also recently completed translation of Meier's book *Genesis*, which is currently undergoing review, and formatting, for upcoming publication.

In addition to those translation feats, Jimmy put a lot of time and a lot of effort into presentations for our various group meetings, public and private, as well as articles for our thrice yearly newsletter. He was very dedicated, detailed and focused on the work he did. What he's accomplished in the short time he was with us will help a lot of people in the future to have a clearer understanding of what the purpose of life is and what it means to be a true human being.

We look forward to resuming conversations with your next personality Jimmy, as we're sure he/she will find the teaching quickly again!

## **SETTING THE HUMAN BEINGS FREE**

by Jimmy Chen / November 3, 2023 / 9:21 pm

The evolution has natural foundations of its own,  
and the human being is without fear of the known,  
if an imaginary might is connived where it cannot be found,  
the believing will always be maliciously fearfully bound,  
the human being's thinking has energetic might,  
so the imaginary is given unjustified right,  
if he/she were more rationally thinking,  
the world would not be so much of belief's making,  
not full of destruction, greed and hate,  
unworthy of a valuable human being's fate;  
the truth and realisation that the imaginary is unreal,  
sets the human beings free of his/her sadful ordeal;  
self-freed from the consciousness impenetrable darkness and enslavement,  
into a world of true joy, freedom, peace and evolutive fulfilment.
