ages 0-2

Preschool
Classes
ages 2-6

Youth
Classes
ages 6-13

All programs are provided by trained and vetted teachers and childcare workers

Our preschool program offers a variety of activities centered on a weekly Bible lesson. We share God's Word through prayer, scripture memory, play, crafts music, games and other activities.

Our youth program parallels the adult curriculum with age appropriate home study questions for students to learn and seek scripture on their own. We have a primary workbook for early readers and a junior workbook for older students. Coming together Thursdays, students will experience a group discussion time along with prayer, scripture memorization and other activities to enhance their learning.
