Greene Land Surveying, PLLC was founded in 2004 under the name John A. Greene & Associates by licensed surveyor John A. Greene. After 10 years of successful business the company was passed on to John's son Michael S. Greene, also a licensed surveyor. It has since been renamed to Greene Land Surveying.

Greene Land Surveying offers a multitude of surveying and engineering services including, but not limited to, site design, site layout, surveying and mapping, subdivision design, and elevation certificates.

Our staff, consisting of 3 licensed surveyors, a licensed engineer, and a surveying technician have many years of experience.
