

GRAND COUNTY WATER CONSERVANCY DISTRICT
GRAND COUNTY SPECIAL SERVICE WATER DISTRICT

Regular Meeting ----- August 27, 1992

The meeting was called to order by the Chairman, D. L. Taylor at 7:00 A.M. at the District office. Other Board members present were Bobbie Domenick and John Groo. ATTENDANCE

Special Service District members present were D. L. Taylor, William D. McDougald and George White.

Others present were Max Jensen, Ray Tibbetts, Marsha Modine, Dale Pierson and Roberta Highland.

After calling for additions or corrections to the minutes of the meeting of August 13, 1992, and hearing none, the Chair declared the minutes approved as circulated to the Board. MINUTES

Ray Tibbetts asked for the District to sell his client water rights on the Colorado River. Bill moved to lease the right at \$15.00 per acre foot. Tibbetts asked if 1/2 second foot could be negotiated. The price the board set has been set at a lease for \$15.00 per acre^{foot}, or to sell outright for \$25,000.00 per cfs. Bobbie seconded. MOTION CARRIED. TIBBETTS
WATER RIGHTS
LEASE

D. L. explained the District had discussed the increased use at Ken's Lake, and had invited Mr. Jensen to discuss the State of Utah becoming more involved. Jensen replied the State only becomes involved through the legislative process. In response to a question, it was stated this is mostly BLM land, while the site of the dam itself is State lands. The state has jurisdiction over the surface of the lake. Mr. Jensen stated the County Commissioners would have to be involved, and any project would have to be prioritized with regard to present projects in San Juan County. State wide projects of the Parks and Recreation discussed. D. L. suggested the BLM be invited to the next meeting. KEN'S LAKE
PROBLEMS

Dale reported the plans for the connection of George White Well #5 have been approved. He is now working on getting the well itself approved. Dale hopes we can get it approved as a deep well so the district would only need 100 ft as a protection zone. If it is classified as a shallow well it would need a 1500 ft. protection zone. He has contacted State Lands, and under the General Management Plan, no new zones can be put in place. Dale said he would try to get well protection zones included in the management plan. D. L. suggested we send a recommendation to the County Master Plan regarding well protection plans. GEORGE WHITE
WELL #5
CONNECTION

Bobbie moved to approve the checks.
seconded. MOTION CARRIED.
