

Threat Assessment/School Safety & Security

Clarion County Career Center has a Threat Assessment/School Safety & Security Team whose purpose is to evaluate and investigate, on a case-by-case basis, whether situations, actions, and behaviors could result in a significant risk to the health and safety of individuals within a school community.

Determinations will be based on reasonable judgment relying on the best available objective evidence to determine the nature, duration, and severity of the risk; the probability that potential injury will occur; and whether reasonable modifications of policies, practices, or procedures could mitigate the risk.

Students, parents/guardians, and staff are encouraged to report concerns to the Director, a trusted adult, or through the Safe2Say Something Program. *All reports of concern will be kept confidential.
