

IMPACT REPORT

Cancer Support Community
September 2015 - September 2016

**IMPACT REPORT: CANCER SUPPORT COMMUNITY
SEPT 2015 - SEPT 2016**

Thanks to the generosity of our family, friends and passionate supporters who participated in the 4th Annual Tour de Pier in Manhattan Beach, the Uncle Kory Foundation was able to expand the essential psycho-social services the Cancer Support Community of Redondo Beach provides to so many of our local families affected by Cancer. We are pleased to share the impacts achieved as a result of your support.

- Individual Counseling

EDDIE: A STORY OF CARE AND HOPE

“My cancer is not ordinary, because I’m too young to have it. Doctors don’t expect to find it in a man like me ... with two young kids, a wife, and an active, healthy lifestyle. They can’t even give me a prognosis since it’s usually only found in the elderly.

Cancer Support Community Redondo Beach has been a godsend to my whole family. My support group gives me hope. The Kids’ Community and individual counselling my son and daughter receive, help them in ways my wife and I can’t. And my wife – love of my life – is also in a support group where she shares her feelings and concerns. I don’t know what we would do without this amazing Community.”

– Eddie, 33-year-old cancer patient/CSCRB participant

THE UNCLE KORY MISSION

The Uncle Kory Foundation looks forward to collaborating with like-minded individuals and organizations to inspire and bring hope to those who are facing such life-altering challenges. GBM accounts for approximately 17 percent of all brain tumors and increases in frequency with age, affecting more men than women. Unfortunately for all of them, the prognosis is grim, as few will live to see 3 years after diagnosis. Most patients will live only 6-18 months. The entire family is affected by the devastating news. The Uncle Kory Foundation's mission is to advance innovative and collaborative brain cancer research to specifically improve the survival rate and treatment of those diagnosed with Glioblastoma (GBM).
