

PROVIDER QUALITY ASSURANCE DATA SHEET

The following requirements apply to purchase orders issued by Sycast Inc. (SI) to sub-tier providers of parts and/or services relative to our deliverable products per ISO9001, and our Quality Management System.

- Certificates of Conformance are required with the shipment of product to our facility.
- Acceptance of an order, contract or tender from SI allows our personnel, our customer representatives and regulatory agency representatives the right of entry into your facility to review any product, process or records relative to our purchase order.
- Providers shall conform to the drawing and/or specification requirements flowed down, including revision levels.
- Provider does not have the right to disposition any nonconforming or suspect material discovered or generated and must contact SI in writing of any such product or services, prior to shipment to our facility.
- Providers Quality Management System must comply with any system requirements flowed down on purchase order.
- Qualification of equipment and/or personnel shall be maintained and current for any special process area that requires such controls.
- SI, our customer and regulatory agencies reserve the right to source inspect product and/or services prior to shipment, if annotated on the purchase order.
- Any rated purchase orders issued under the Defense Priority Allocation System (DPAS) shall be processed in accordance with these requirements.
- Notification of receipt of parts, materials or items to nearest Government Agency is Government Mandatory Source Inspection (GMIP) is required on the purchase order (in which case GMIP must be performed prior to shipment to our facility).
- Requirements for test specimens if so noted on the purchase order.
- Compliance to any "key characteristic" requirements specified on the purchase order.
- Providers must purchase raw materials in accordance with DFARs 252.225-7014 Alt. 1 and flow down these requirements to lower tier providers/vendors (if applicable on our P.O.).
- Providers must conform to federal requirements for Code of Ethics.
- Providers must conform to federal requirements for Counterfeit Parts prevention.
- Providers must conform to any special requirements, (key characteristics, critical items, etc.) identified on the purchase order.
- Providers must conform to any special design and development controls that apply.
- Providers do not have the right to subcontractor in part or full any of the work or services provided without written consent from SI.
- Providers shall maintain all relative quality records for a minimum of three years, unless otherwise specified.
- Providers shall alert SI of any process changes relative to our purchase order, prior to implementing the process.
- Providers must ensure their employees are aware of their contribution to product safety, conformity, and the importance of ethical behavior.
- Providers must notify SI upon loss or expiration of any third- party certifications.
