

Welcome to our Community!

At Lasting Impressions, we celebrate the uniqueness of each child and family. We believe that children need a safe place to identify and communicate their feelings, needs and desires.

We follow accreditation guidelines to ensure our standards are above state licensing regulations. Our teaching team believes that children need to develop a sense of self-esteem and competence to maximize their potential.

Our Philosophy

The individual needs and interests of each child are the basis for a balanced program of child-initiated, child-directed, teacher supported play.

Our programs help children foster a sense of self-confidence with the aid of attentive and nurturing teachers in an environment that will provide each child with age appropriate tools meant to help develop the whole child.

"I am so grateful for the loving and competent staff who take care of my baby!"

~ Kasey- Infant Mom

Lasting Impressions
Child Care Learning Center

NAEYC Accredited

- ✓ Experienced Educators
- ✓ Small Class Sizes
- ✓ Play Based Curriculum

Infants – 6 weeks to 16 months

At Lasting Impressions we understand just how important the first months of a child's life are to their overall development. We ensure that through an attentive and affirming relationship we will meet all of the needs of your child: physical, emotional, and intellectual needs.

Toddlers -16 months to 36 months

We understand that not all children develop at the same pace, therefore, our Young Toddler program provides a diverse array of activities, materials, and support for children at the various stages of their development. The program provides a cheerful and secure environment that promotes open, child paced learning.

Preschool - 3 to 5 years

Our Preschool program will focus on helping your child practice and gain confidence in their self-reliance and decision making abilities. Our teachers provide appropriate encouragement to help focus their self-awareness into a usable tool for their development.

School Age – 6-12 years

Our school age program supports the day to day activities of our changing learning environments, from homework help to online learning, we have a teaching team ready to support your learner.

Curriculum

Our teaching team plans activities around what the children are interested in. The activities are incorporated into their theme for the week through the seven different interest areas in the classroom.

- Dramatic play
- Art
- Blocks
- Science and Discovery
- Reading
- Music and Movement
- Sensory

Curriculum is developed to support the social, emotional development of children making friends, learning how to solve problems with one another and managing their feelings.
