Members of the public who chose to do so, may still attend the Governing Board meeting in person. Chairs will be arranged so that members of the public can be sat far apart from each other. If the Governing Board room reaches a capacity beyond what is currently being recommended by Government agencies, the District may offer live streaming of the meeting in other rooms in order to abide by those recommendations.

The Governing Board may vote to table "Call to the Public". Should this occur, the public is invited to contact the Governing Board at lfink@choiceacademies.org with comments and concerns that would otherwise have been shared with the Governing Board during the Board meeting.

Lisa Fink, Board President
