BATHROOM EXPECTATIONS

Potty training and bathroom independence are hallmark challenges for families with preschool age children. Our goal is to support your child and their success. To that end, here are the benchmarks to look for at each age and accommodations our classrooms allow.

18mo/Young 2's – The classroom is equipped with a changing table. Their schedule allows for children that will need diapering and those that are beginning to use the potty.

Older 2's – The classroom is equipped with a changing table. They will visit the hallway bathrooms together as a class or individually as needed. Children should be working toward managing their own potty needs (i.e. wiping and re-dressing themselves). It is imperative for them to wear clothes that they can manipulate. Please introduce boys to using a urinal as this is what they will be using at school. Teachers will make sure they are re-dressed correctly and assist them in hand washing. There is room in the schedule to allow for those still using diapers.

3's/4's/5's – At these ages, neither the classroom nor the schedule allows for diaper changing. The expectation is that children are potty trained with a level of independence. There are not changing tables in these classrooms. Children should be able to manage their own potty needs (i.e. wiping and re-dressing themselves). It is imperative for them to wear clothes that they can manipulate. Please introduce boys to using a urinal. Teachers will make sure they are re-dressed correctly and assist them in hand washing.

We are always willing to assist your child as they work toward these goals. If you have concerns about your child's progress, please contact the office to discuss. We reserve the right to move your child to a class that can appropriately meet them where they are on their potty-training journey.

HEALTH

A Medical Information Form signed by a physician must be on file **before** your child is admitted to class. Please notify us if there are changes to your child's health during the school year. Keep us posted about allergies and medications your child is taking on a daily basis. All immunization updates must be reported to Child's Play.

Documentation of vision and hearing test results are required by the state of Texas for all 4 and 5 year olds.

A child **should not** be brought to school if the following exists or occurred the day before a class day:

- ❖ Fever: Your child must be fever free for 24 hours **WITHOUT** the use of medication before returning to school.
- ❖ Vomiting and/or diarrhea
- ❖ Any symptom of the usual childhood contagious diseases (COVID, flu, scarlet fever, German measles, mumps, chicken pox, whooping cough, hepatitis or head lice)
- ❖ Common cold combined with fever and/or green nasal discharge
- ❖ Sore throat
- ❖ Croup
- ❖ Any unexplained rash
- ❖ Any skin infections (boils, ring worm, impetigo)
- ❖ Pink eye or any other eye infection

Only the directors may give medication. It must be in the original container and clearly marked. An "Authorization For Dispensing Medication Form" must be completed. Contact the office if you need this form.

If a child becomes ill or is hurt while at Child's Play, a parent will be called to pick up their child.

Please notify the director if your child becomes ill with a contagious disease so parents of other children can be alerted.

Provide Child's Play with specific information regarding all allergies. For those with serious allergies, asthma, etc., medication will be kept in the office. In the event this medication is administered the parents will be contacted and informed of the child's condition.

The staff is not permitted to apply sunscreen or bug spray to children, please apply as needed before drop off.

The Child's Play staff are not required to have immunizations.

PHYSICAL ACTIVITY

Child's Play recognizes the importance of daily indoor and outdoor physical activity. There are many benefits to children that participate in physical activity every day such as; building healthy bones and muscles, improved cardiorespiratory fitness, improved weight control, and reduced symptoms of anxiety and stress. Daily physical activity can also reduce the risk for developing some chronic health conditions such as heart disease, Type 2 diabetes, obesity, along with many others.

Children will be provided with opportunities for both indoor and outdoor play for the designated time during their day as follows:

18 Month and 2 Year Olds: One 20 minute outdoor play time. An additional "Movement" is available indoors for 15 minutes each day. Music class includes 15 minutes of singing and dancing.

Children over the age of 3: One 20 minute outdoor play time between the hours of 9am – 12pm. An additional 15 minute of "Movement" is scheduled every day. Music class includes 20 minutes of singing and dancing.

Physical activity may take place in the classroom, in music, hallway, playground or movement classroom. In the event of extreme weather that prohibits outdoor play, teachers will utilize indoor space to provide physical activity.

Types of physical activity may include structured and unstructured activities such as playing on playground equipment (climbing, crawling, hanging, jumping, etc.), running/skipping/hopping, kicking or throwing a ball, and playing age appropriate games with their classmates.

Children should wear clothing that allows them to play freely and safely. Footwear should fit firmly on the foot to allow for safe running and climbing. Tennis shoes are encouraged.

EMERGENCY PROCEDURES

In the event of a medical emergency, a parent/guardian will be contacted. If we are unable to reach a parent/guardian, we will call your designated emergency contact. In the event of a major emergency, 911 will be called. If your child has a minor incident/illness a staff member will tend to the child accordingly. A detailed report will be completed, reviewed by a director, and available for parent review and signature.

EMERGENCY PREPAREDNESS PLAN

Child's Play has an Emergency Preparedness Plan which is designed to ensure the safety of children during emergencies such as tornadoes, floods, hurricanes, medical emergencies, communicable disease outbreaks and events such as an intruder, explosion or chemical spill. A copy of this plan is available in the director's office.

PARENT INFORMATION

Licensed by the State:

Child's Play is licensed by the Department of Family and Protective Services. At any time, parents may review the minimum standards and our most recent licensing inspection report. The telephone numbers and website may be obtained from the director's office.

Visiting our Facility:

Parents are welcome to visit our facility at any time. However, for safety reasons our doors are locked during the day. A staff member will admit you to the facility.

Breast Feeding:

Parents who have the need to feed an infant/child while in our facility can do so in the Director's office with privacy.

Gang Free Zone:

A gang free zone is a designated area around a specific location where certain gang related criminal activity is prohibited and is subject to increased penalty under Texas law. Specific locations where certain gang related criminal activity is now prohibited include, but are not limited to, public schools, playgrounds, video arcade facilities and day care centers.

The area that falls within a gang free zone can vary depending on the type of location. For example, certain gang-related criminal activity that occurs within 300 feet of a video arcade facility is a violation of a new law, whereas certain gang related criminal activity that occurs within 1000 feet of a school or day care center is a violation of the law. Gang free zones are needed to hopefully deter certain types of criminal activity in areas where children gather by enforcing tougher penalties.

Board of Directors:

Child's Play has a Board of Directors to oversee our program. If you find a need to contact a board member, their names and email addresses can be obtained through our office.

PARENT'S POLICIES AND PROCEDURES HANDBOOK

The Department of Family and Protective services requires that all parents have a signed copy of **PARENT'S ACKNOWLEDGEMENT FORM** in their child's folder stating they have read the Parent's Policies and Procedures Handbook.

Parent support is extremely important at Child's Play. We are a non-profit pre-school program. We offer many opportunities to support Child's Play through the following fundraisers.

❖ **RANDALLS REMARKABLE CARD (ON-GOING):**

By using your Remarkable Card each time you make a purchase, Child's Play can earn a percentage of what is spent. Our Randall's number is 731.

❖ **CHERRYDALE (FALL):**

Many lovely gifts, cards, stationery, paper products, candy, magazines, and gift items are available to order. We receive a percentage of the total sales.

❖ **BAKE SALE (FALL/SPRING):**

Fun and delicious baked goods, snacks, and confections are available twice a year at our seasonal bake sales. These events are sponsored by the teachers and staff to allow all proceeds to go to Child's Play.

❖ **SPIRIT NIGHTS:**

Meet up with your fellow Child's Play families at local restaurants on prearranged dates for dinner. Dates and locations can be found on our website, private Facebook page, and in your child's newsletter. We receive a percentage of total sales.
