

# CRUCIFIXION YEAR

## WAS 32 AD THE YEAR JESUS DIED?

*What Day of the Week was that?*

by Luis B. Vega

[vegapost@hotmail.com](mailto:vegapost@hotmail.com)

[www.PostScripts.org](http://www.PostScripts.org)

The purpose of this study is to present why one is more convinced, that the Crucifixion Year was 32 AD. And that the Week Day was on a Wednesday, in the 'Midst' of the Week. One was asked to elaborate more on this Topic and one's Rationale. One is exclusively taking the Prophetic Pattern from the Decree of Daniel 9:27, etc. One cannot Prove that 'Right'. But no one can prove it 'Wrong' either, but Time will. Remember, 'It Never Lies'. As 1 of one's Main Sources for a 32 AD Crucifixion Year and that being on a Wednesday Passover Week-Day, the Teaching Series by our Late Brother Chuck Missler concludes the same.

One remembers during College, when there was no Internet, just 3 Channels on a TV and Hand Held Telephones through Land-Lines, in the USA, etc. When one lived in a 'Brother's Home', one would make Recordings of Missler's Teachings and pass them around from Home to Home on Cassette Tapes. It was like an 'Underground Church' Type of Network. Remember those Cassette Tapes? All Good, until they wore-out or got jammed and torn. One will let our Dear Brother Chuck Missler answer the Challenge. See Article below of how he Mathematically Calculates the Crucifixion Year. And that Year was/is? 32 AD.

### **THE PRECISION OF PROPHECY**

*Daniel's 70 Weeks*

*by Chuck Missler*

<https://khouse.org/articles/2004/552/print/>

So, let us Think here for a Moment... whose Math should one Believe and Accept? Realize that Missler was a U.S. Naval Academy Graduation and with a Degree in Engineering from UCLA. Now to be fair, the calculated Numbers appear to be Solid. But how many Times have we come across such 'Precise' Mathematics and it has been a 'Nothing Burger'? For example, in one's case, one has been arguing that there is presently a 3.5 Year Gap from Passover of 2022 to Fall of 2025 when the Tribulation Period is calculated to start.

Again, this is based solely on 1 Interpretation from the Daniel 9:27 Decree, etc. It is about how one sees 3.5 Year Halves occurring from the Advent of the True Christ, that then is 'Picked-up' by the Advent of the Anti-Christ. This is to insinuate that the Tribulation will not need to or will not start at the Beginning of a Sabbath Cycle. But rather, it will start where it left off with Jesus, at a 3.5 'Midst'. This is where the 2022-2025 Gap from the Rapture to the Start of the Tribulation Period.

## A Sabbath Triumphal Entry

This is only a Working Theory. It is also then how one has surmised that this 'Halves' Factor is also a Clue to the Jubilee Halves. How so? In the sense that Jesus only fulfilled the 1st Portion of the Jubilee Year. This could mean that at His 2nd Coming, that is when Jesus will fulfill the 2nd Halves of the Jubilee Year, to then insinuate that the 2nd Coming will indeed occur on a Jubilee Year Count of some sort. Or perhaps not. But consider that the 1st Part of the Jubilee Year was Completed at that Time and Place by Jesus as He Proclaimed it at the Synagogue. We know that. And that was then a Jubilee Year, 100% Guaranteed.

So, one's Theory is that it is at the 2nd Coming that has to be the Execution of the 2nd Half, as we know. Thus, that Year will have to be a Jubilee then 100%. Then we can Reverse Engineer the Jubilees to Confirm the Crucifixion Year. It has too, based on the Prophetic Pattern. But one can be wrong. Time will Tell. And we still have to argue about whether the Jubilee Year Decree was in 28 AD or 29 AD or what was the Start Days. One does agree that the Year 2023 was a Jubilee Year, as far as the 1973 Yom Kippur War goes. As to the Prophetic Years since Jesus' Decree? Not sure. That is the Question. Nonetheless, oneself and our Brother Missler would agree on a 28 AD to make a 32 AD Crucifixion Year.

Now to elaborate more on the Specifics of that 32 AD Crucifixion Year, the Week Day is also asserted to have been on a Wednesday, in the 'Midst' of the Week, per the Daniel 9:27 Prophetic Pattern. The Key? That is found in John 12. These are just my Observations. When did Jesus come Riding into Jerusalem as the Messiah the Prince? One will leave Links to a prior Article that delves into the Day Count Precisely. It can be about 'Splitting Hairs' and one does differ by 6 Days in the case of Brother Missler.

To be fair, Missler just agrees with the Day Calculation derived from Sir Robert Anderson of Scotland Yard, etc. But consider one's 'Reverse Engineering' of the Day Count based on John 12 was when Jesus comes On-the-Scene, 6 Days prior to the Passover Crucifixion Day. Consider how John 12 starts-off with this 6 Day Count to the Passover. Notice the 'Menorah' Pattern from Sunday to Saturday Resurrection.

---

<i>DAY 1 Nisan 9</i>	<i>APRIL 09: Friday Dinner in Jesus Honor</i>
<b>DAY 2 Nisan 10</b>	<b>APRIL 10: Saturday ('Next Day' = Triumphal Entry. Lamb Examined)</b>
<i>1-DAY 3 Nisan 11</i>	<i>APRIL 11: Sunday</i>
<i>2-DAY 4 Nisan 12</i>	<i>APRIL 12: Monday</i>
<i>3-DAY 5 Nisan 13</i>	<i>APRIL 13: Tuesday</i>
<b>4-DAY 6 Nisan 14</b>	<b>APRIL 14: WEDNESDAY &lt;----- Passover, in the 'Midst' of the Week.</b>
<i>5-APRIL 15:</i>	<i>Nisan 15 Thursday</i>
<i>6-APRIL 16:</i>	<i>Nisan 16 Friday</i>
<i>7-APRIL 17:</i>	<i>Nisan 17 Saturday (Resurrection before Sunset, 72 Hours Later.)</i>
 <i>APRIL 18:</i>	 <i>Nisan 14 Sunday</i>

---

## A 6-Day Discrepancy

There is 1 Observation for 2024. One has noted that the Last Great American Eclipse on April 8, 2024, will be on the Eve of Nisan 1. Could this Day and Event echo back to John 12 as a Prophetic Innuendo? Perhaps. How so? Consider that from Nisan 9 to Nisan 14, Passover is when those 6 Days occurred. And?

<https://www.hebcal.com/converter?qd=9&gm=4&gy=2024&q2h=1>

One argues that the Decree of Artaxerxes II occurred on the Spring Equinox, as to Mark the Exact Time and has no Discrepancies based on Calendars. Thus it is from March 20, -445 BC, not on March 14, -445 BC as both Sir Anderson and Missler assert. Here is, pertaining to the Prophecy of Daniel Day Count to when the Messiah the Prince was to have arrived into Jerusalem, to the Day.

---

March 20, 445 BC on Spring Equinox Decree by Artaxerxes II, Son of Esther and Artaxerxes I.  
+ 173,880 Days  
= **April 10, 32 AD**  
= **DAY 2 Nisan 10**    **APRIL 10: Saturday ('Next Day' = Triumphal Entry. Lamb Examined)**

### JOHN 12

**v1) 6 Days before the Passover**, Jesus came to Bethany, where Lazarus lived, whom Jesus had Raised from the Dead.

**v2) Here a Dinner was given in Jesus' Honor.**

**v12) The Next Day** the Great Crowd that had come for the Festival heard that Jesus was on his way to Jerusalem.

**v13) They took Palm Branches and went out to meet Him, shouting...[Sabbath].**

---

Notice...the Key is, 'The Next Day'. Now where does one come-up or explain the 3 Day Difference from Sir Anderson and Brother Missler? They both started the 173,880 Day Count from March 14 in -445 BC. One rather surmises that the Decree was made, as was custom, in Astronomical Alignment to the Sun, Moon and Stars. It was to Accentuate the Decree being of Divine Order, etc.

One has written on this Notion of who certain Days were used to make Decision in the Ancient World, i.e. Oracle of Delphi, etc. So, one Postulates that the Decree was made in Correspondence on the Day of the very Spring Equinox of March 20th, not the 14th. This would then appear to Synchronize one's Day Count to 'fit' the April 14, 32 AD Crucifixion Year, Month and Day. Realize that in both Daniel and Revelation, the Day Count is made in the following 3 manners. But it is the Day Count of a 24-Hour Day that is the Least Common Denominator. This dispels any Discrepancy of having to Adjust for Calendars based on Years and Months.

### **1) TIME, TIME, HALF A TIME**

*This is understood to be 1 Year, 1 Year, 1/2 Year = 3.5 Years. However, one would agree that due to Solar and Lunar Conversions, Days can be 'Missing' and especially if one is assuming a 30 Day/Month.*

### **2) 42 MONTHS**

*In this manner of Expressing the Day Count, like Description #1, the Argument can be made, 'How many Days a Month? 29? 30? For example, if one is assuming a 30 Day Month, then the Day Count would be the following.*

*42 Months x 30 Days/Month = 1260 Days*

### **3) 1260 DAYS**

*The other manner in which the Day Count is Relayed is how then the very Number of the Days is given as a Reiteration, that being 1260 Days. And, as most Interpret the Context, there are 2 Halves that make up the 2520 Day Total, etc.*

---

So, these 3 manners of Expressing the Same Day and Time Duration, appear to speak to that. It is that in fact, the Days are 'Prophetic Days' based on a 30 Day/Month Delineation of Time. And here is where one then can make a 'Confident' Assertion that the Days in Question, just that, 173880 Days are irrespective if they are Solar or Lunar Based. It is in the sense that they are just 'Days', of a 24-Hour Time Period, etc.

**@ 69th Week of Years x 7s of Years = 483 Years @ 360 Days = 173,880 Days**

One is then just taking that Assertion at Face-Value and starting from the Spring Equinox of March 20, -445 BC, would correlate to the said Triumphal Sabbath of Jesus being Presented as the Messiah, the Prince to the Daughter of Jerusalem, etc. One can see that if one uses 'Years' and/or 'Months', then that can be argued, but not Days, in that Respect. It is the best as one Understands it.

Anderson is the Standard for those that conjecture a 32 AD Crucifixion Year. If one does take the Time to actually read his Work/Research, it is rather astounding, but very Academic, so you have to re-read the text and in small portions. But yes, out of all the 3 Decrees, all of them were to Rebuild the Temple. But it was the 4th one by Artaxerxes II, the Son of Artaxerxes and Ester on the Spring Equinox -445 BC that Decrees to rebuild Jerusalem. Based on my own Research, before I was even aware of Sir Anderson's Work, one had the Day Count off by 6 Days.

Notice that this Day Count is a 7-Day Span of Time that Echoes Prophetically the Creation Week of 7 Days and how 7 is the Biblical Number Signifying, 'Completeness' and 'Perfection', etc. So, you asked, 'Was Christ Crucified on Wednesday or Friday?' Well, Based on these 'Menorah' 7-Day Data Points, it is clearly on a Wednesday. But 1 of the Points Pastor Nolan from Cornerstone Fellowship stated was that it is Academically accepted that the 70 Year Babylonian Captivity was 'Officially over' on July 23, -537 BC. (At 29:41 Time-Stamp).

<https://www.youtube.com/watch?v=XjKHdPI5oXU>

Here is the (723) Vision Date popping-up again that could be tied to one's Pentecost New Wine Summer White Wheat Wedding Rapture. But to reiterate from the 6-Days leading-up to the Triumphal Entry. Based on John 12, it can also be Triangulated, based on the Visit to the House of Lazarus and the 2 Sisters by Jesus just prior to His Crucifixion. It is the Passage of the Account of meeting-up at Lazarus' Home '6 Days before Passover'. It is 1 of my Proof Texts for arguing also a 32 AD Scenario.

And just as Important, on the very Day, revealed to Daniel. So, just an Observation as it was from that Day, that 4 Days had to be determined to have the High Priest Examine the Passover Lamb. It was to make sure it was Pure and had no Blemishes, etc. Of course, the Sabbath Triumphal Entry is Circumstantial Evidence, but in one's Book, very Compelling. Why the Detail? It lends to when Jesus was truly Crucified and when He Arose. That in Turn, determines when the Church Age Started and when it will End.

Book

## **CRUCIFIXION**

*Circumstantial Evidence why it was in 32 AD*

When was Jesus Crucified? Was it in 30 AD? 31 AD, or 33 AD? This has been 1 of the most Profound Questions, that has been Debated since the Church Age started with Jesus' Death. Can the Year and the Week Day be Determined? Is there any Evidence to suggest a More Accurate Year and Week Day? The Research one is providing in this Book, is one's Best Attempt in Showing why one is More Convinced of a 32 AD Crucifixion Year. One is not attempting to 'Convince' anyone, or to 'Prove' the Year, as that is beyond one's Ability. However, to Ascertain if 32 AD was the Year, one has used a Triangulation Approach to search this out.
