Sharon,  
 hanging around with  
 you and knowing  
 life this so when we  
 say goodbye - good  
 luck  
 with Parker

Greeting Magdalena High School Students!

It has been my pleasure to observe and, in a small way, participate in the educational program of our community.

It is my hope that each and everyone enrolled in our school realizes that the dividends on educational pursuits are not easily assessed and are, for the most part, directly proportional to the desire and effort.

The following quotation that I have borrowed from an unknown author expresses my sentiments on why we have some high achievers and some failures in schools:

"I've paid close heed to the ways of men,  
I've observed what the world calls luck,  
I have silently marveled, now and then,  
At the potent power of pluck;  
And this is a bit of truth I hail,  
A sentence that's worth one's heed;  
The man who is always afraid he'll fail  
Doesn't stand much show to succeed!"

Are you plucking for success or are you waiting for luck that is not coming?

Sincerely,  
Ray Smith  
Superintendent

Lucille Gutierrez  
Secretary

May I congratulate the Student Body of Magdalena High School for their maintenance of the truly fine traditions that have been established over a period of many years. Your many hours of endeavors have been for the benefit of Magdalena High School as well as for each individual. You have helped to create a school atmosphere which makes Magdalena High School a school where any young person can be proud to be a member of the Student Body.

I congratulate the class of 1970 for your many accomplishments. I wish for each of you the best of luck, and real success in your future endeavors.

To the underclassmen, may your accomplishments be greater in 1971.
