JOSEPH J. LAHNSTEIN
Major, Artillery
Commanding

Joe Freeman, who was a WO with the Battery at the time it was deployed to Vietnam in 1965, sent this A Battery roster to us. We know there should be a roster like this for B Battery, C Battery and HQ. If anyone has a roster for any of the other batteries, please make a copy and forward it to us. This is part of history. You will note we have taken out part of the service number on everyone but when you send it to us please leave it in place so we can match the names on our roster with these names. We wish to protect our Alumni. We also use the SN to help those veterans that ask for help by proof that they were in the unit.
