e get asked all the time “Where can I go for this budget”... if only you could then see what happens in our heads. We start sorting and filing HUNDREDS of destinations and hotels and excursions and restaurants and beaches and transportation services AND AND AND. It is almost too much for us to narrow down a trip simply based upon budget. So, we sat down and thought about our top 5 vacations under popular budgets... We are starting off with our top 5 for couples under \$3,000 international leaving from Houston. We made sure to only quote major airlines, so don't even worry about that! All of these awesome vacations are 6-7 nights! Rates of course will vary with dates and they will change as time goes on, but we tried to pick appropriate times to visit each destination!
