

LA CROSSE SEED **Food Plot 101:**
Q&A Seminar in March

We have received many inquiries for conducting more seminars. The answer to that question relies on your response. Write down all of your Food Plot questions and send them to Hohl's Farm Supply, Attn: Karen. Questions may be emailed to: hohlsom@gmail.com or

mailed to: Hohl's Farm Supply
Attn: Karen
W11942 Hwy 33
Portage, WI 53901

We also have a box, in the food plot store, for you to drop your questions off. We will compile all of your questions, consult with our experts at LaCrosse and set up a day or two for a Question and Answer Seminar(s). Based on the responses we receive, we will determine whether or not to hold a Q&A seminar and if so, how many days. Your response is a critical key for the direction we choose. The more questions we receive, the better we are able to conduct the seminars. If we only receive a few questions, we will feature the answers in the next Newsletters. If we receive multiple questions, we will set 1 or 2 dates to address these questions. If you make it possible for us to set the date(s), all attendees will receive a copy of all of the submitted questions with the answers. *Of course, Karen will be supplying her homemade snacks and goodies, if you make it possible for us to hold the seminar(s).*

Do You Have Food Plot Questions?

We want to help you with them! Please submit your questions on anything and everything food plot related and we will get you the answers you need.
