The original Loud Speaker, founded in 1925, was a local institution not only in Ivyland but in all of the surrounding areas. Much more than an advertising circular, the paper was filled with the wisdom and pithy humor of its editor, H. H. Eddowes. Ivyland and The Loud Speaker belonged together (and still do). Today we try to bring a little of that spirit back to the Borough with an updated publication that has its roots in the past and its focus on the present. We hope you enjoy it.

The Luminarias of Ivyland

An illuminating Christmas tradition for many in the US is the use of luminarias to light pathways during the holiday season. Luminarias or farolitos, depending on where you live, are paper bags with lit candles inside. The candle lights were first used in New Mexico to direct paths to residents’ front doors and the local church on Christmas Eve, showing the way for the Holy Family. Originally, New Mexicans used small handmade lanterns to light the way but after 1872, when the flat-bottom paper bag was invented, they found that a bag weighed down with sand and a candle didn’t take light the way but after 1872, when the flat-bottom paper bag was invented, they found that a bag weighed down with sand and a candle didn’t take

when to light. The tradition for the borough has been to light the luminarias on Christmas Eve around 6PM. If the weather is not good, the “raindate” is Christmas Day evening. If you didn’t order your luminaria bags and candles for all the neighbors who wished to participate and coordinating the distribution to participating residents. So when you admire the wondrous spectacle of our candlelit streets on Christmas Eve, you can thank Bonnie and the Kleins for helping make it happen.

Now, many cities in the US host their own Luminaria festivals to make the days surrounding Christmas merry and bright. So how did the tradition start in Ivyland? It turns out Lincoln Avenue resident Bonnie Rowes brought the idea with her when she moved to Ivyland in 1976. Bonnie had seen luminaria displays in Bethany and thought it would be a wonderful addition to our borough. For years, Bonnie organized the ordering of the bags and candles for all the neighbors who wished to participate and convinced the borough to have sand delivered to the Fire House parking lot for all to use. In recent years, Pat & Phil Klein – both also of Lincoln Avenue – have been handling the orders through the now familiar “Luminaria Letter” and coordinating the distribution to participating residents. So when you admire the wondrous spectacle of our candlelit streets on Christmas Eve, you can thank Bonnie and the Kleins for helping make it happen.

On behalf of the Borough Council and staff, I want to wish all residents a happy and safe holiday. If this time holds religious significance for you, I wish you, your family and friends a very safe and Merry Christmas. This is also a much anticipated time where loved ones join together to enjoy family and friendship, reminisce about cherished moments, and create new memories together. I hope you also get involved in the traditions and memories that make Ivyland special. There are several events open to all that are held at the Ivyland Presbyterian Church including the gingerbread house decorating, the tree lighting and caroling. The luminaria tradition goes back to the 1870's and lights up the town. This time of year further offers us an opportunity to think about the welfare of all citizens, and especially those experiencing hardship. A special thank you to those who have volunteered their time and generosity to help those in need. Merry Christmas, Happy Holidays, and a happy and healthy New Year to all.

— Mayor Anthony Justice

Ivyland Bonfire and Hayride

During a crisp fall evening, there is nothing better than sitting by a roaring fire, roasting marshmallows and chatting with friends and family. On October 19th, Ivyland residents got to do just that during the time-honored Ivyland Bonfire. More than 20 years ago, longtime resident and founder of the Ivyland Heritage Association Ed Clydey began organizing the bonfire, which has since evolved into a borough tradition with plenty of refreshments and horse-drawn wagon “hayrides”, officially marking the beginning of the cooler months.

A true symbol of fall festivities in the US, bonfires’ roots actually stretch all the way back to the 10th century in Gaelic Ireland. During the festival of Samhain, which marked the end of the summer and the beginning of the “darker” months, the Celtic people would gather on hilltops and light a bonfire as an offering to the gods. It was believed that during Samhain, spirits would come out to travel freely to the living world. The bonfires, as a sign of celebration, would ward off any dark and evil spirits. At the end of the festival, the embers from the fire would be spread across the fields for luck and protection until the next harvest season.

Centuries later, fall bonfires still bring communities together to celebrate. Special thanks to Granieri Landscaping, A Better Way Farm (hayrides), the Ivyland Fire Company, and the entire Park & Rec Committee and borough volunteers for helping the Ivyland community to continue to come together.

Ivyland Christmas Ornament is still available!

This year’s ornament celebrates the historic Ivyland Presbyterian Church. These ornaments are for sale at the Borough Office. There are also a few ornaments from previous years still available. Each ornament is $2.

For more information, contact the mayor at ajudice@ivylandborough.org.

We invite everyone who loves this old town and who cares about its future to join us. This is our only requirement for membership. No matter where you live and work, if you care about Ivyland, you are welcome.

We want to take a moment and wish everyone a happy and healthy holiday season and hope to see you soon at one of our upcoming events:

**SAT. DECEMBER 14**

**SANTA COMES TO IVYLAND**

**Ivyland Meadows**

12:30 p.m. - 2:30 p.m.

Ivyland Village

Valentine Ave – 4:05, 4:40, 5:15 pm

Ivyland Borough

Towling Chase, Pennsylvania Ave – 4:45 pm

Saturday 4:25 pm - 5:00 pm

Bristol Rd. & Carver Ln - 3:15 p.m.

Ivyland Presbyterian Church

1:30 p.m.

We are always in need of Volunteers, if you are interested in joining our Ivyland Fire Company family please email us at ifc62@gmail.com or stop by any Monday night at 3:30 PM

---

**IVYLAND COMMUNITY**

**NOTICES & EVENTS**

---

**SAT. DECEMBER 14**

SANTA COMES TO IVYLAND

brought to you by the Ivyland Fire Company

Santa will be at the North Pole from 4:00 pm - 6:00 pm.

For more information, contact the Ivyland Fire Company at ivylandfirecompany@gmail.com

---

**SAT. DECEMBER 14**

**Make a Gingerbread House**

4:30 p.m. - 6:00 p.m.

Ivyland Presbyterian Church

Bring $10 per family & candy for decorating

Student Spotlight: Nolan Pope

William Tennent High School senior Nolan Pope has a goal and a plan to reach it. As member of Boy Scout Troop 200 (soon to be relocated to the Ivyland Presbyterian Church), he’s mapped out his Eagle Scout project that will be a fine addition to our Borough. Nolan’s idea is to create and install a box for older and worn American flags so the Boy Scouts can properly retire them. The collection box would be located at the Ivyland Memorial Park which is indeed an ideal place for it – in fact the project was approved and endorsed by Borough Council. Nolan has been a scout since he was 5 years old and has achieved into various leadership positions through the years. His goal of becoming an Eagle Scout and completing this project by spring will be celebrated with two services:

Traditional Lessons & Carols

5:00 p.m. – Family Services

7:00 p.m. – Traditional Lessons & Carols

**Communities come together to celebrate.**

**Be Nice When You Deice**

Water is almost officially here and this can be a difficult time for acquisitive life due to runoff of deicing materials to surface waters. Excess salt and other deicing chemicals can harm aquatic life in our streams and impact drinking water supplies.

Some environmentally-friendly snow removal practices to help keep Ivyland’s streams and groundwater clean:

- Shovel snow before it turns to ice to limit the need for deicing chemicals like rock salt
- Shovel snow onto permeable surfaces including gently sloping and level landscape and gravel areas as so the rain can soak into the ground rather than flow directly into a nearby storm drain system

If you must use deicing chemicals, follow these suggestions...

- Control application of chemical deicers and avoid overapplication
- Limit chemical applications near environmentally sensitive areas including springs, streams, ponds, wetlands, and water supply areas and sensitive landscapes and vegetation
- Use salt substitutes that are less harmful including Calcium Chloride (CaCl2) and Calcium Magnesium Aerate (CMA)
- After snowmelts, supply runoff, including road, to prevent it from washing into storm drains and streams

Why should I limit my use of salt and other chemical deicing products?

Deicing products contain chemical constituents that can be harmful to the environment including some resources and drinking water supplies. For example sodium can break down soil structure and decrease soil permeability which adversely impacts vegetation and soil microbes. Chloride exhibits heavy metals and impacts fresh water supplies including ground and surface waters, and heavy metal components can adversely impact water quality, plant and aquatic life.

The Luminaria of Ivyland

An illuminating Christmas tradition for many in the US is the use of luminarias to light pathways during the holiday season. Luminarias or luminaria, depending on where you live, are paper bags with lit candles inside. The cradled lights were first used in New Mexico to direct paths to residents’ front doors and the local church on Christmas Eve, showing the way for the Holy Family. Originally, New Mexicans used small bonfires to light the way but after 1872, when the flat-bottom paper bag was invented, they found that a bag weighed down with sand and a candle didn’t take from their firewood and was cheaper, in contrast to the Chinese paper lanterns. From then on, the modern luminaria was born and the tradition quickly spread throughout the country.

Now, many cities in the US host their own Luminaria festivities to make the days surrounding Christmas merry and bright. So how did the tradition start in Ivyland? It turns out Lincoln Avenue resident Bronwyn “Bonnie” Rowe brought the idea with her when she moved to Ivyland in 1976. Bonnie had seen luminaria displays in Bethlehem and thought it would be a wonderful addition to our borough. For years, Bonnie organized the ordering of the bags and candles for all the neighbors who wished to participate and coordinated the distribution to participating residents. So when you admire the wondrous spectacle of our candlelit streets on Christmas Eve, you can thank Bonnie and the Kleins for helping make it happen.

When to Light:
The tradition for the borough has been to light the luminarias on Christmas Eve around 6PM. If the weather is not good, the “raindate” is Christmas Day evening. If you didn’t order your luminaria bags and candles, you can still get them on Amazon. Also, if you have older luminaria bags and candles, you can still use them. We have also seen luminaria kits at local hardware stores.

How to Light:

When you light your luminarias, it is a beautiful sight that brings a special touch to your home. It is a beautiful tradition that many people enjoy. If you have any questions or need assistance, please feel free to contact the Borough Hall at 215-755-2000. We look forward to seeing your luminarias glowing bright and shining during this wonderful time of year.
