

**We provide tutoring and concepts review for the Next Generation NCLEX (NGN). Our staff offers support, motivation, interaction, clarification, and assist you with the proper development of critical thinking skills. We want to help you Pass the NCLEX the 1<sup>st</sup> time!!**

### **WHY Professor Grant?**

Our nurse educator has significant knowledge about the NCLEX; She has been in the nursing field for 25 years and understands how to teach nursing concept mastery with the new NCSBN format. **We want you to succeed!**

Our NGN prep review program is customized for those who are taking the exam for the first time and can also help those who need to retake the NCLEX-RN. We understand that failing the NCLEX-RN exam can be hard, especially when you feel you have given 100%. That's why we are here for you, and we'll be with you until you pass.
