

MESSAGE

Magandang Buhay sa inyong lahat,

With great honor and pride, I convey my warm greetings and felicitation to all member of Gapan City Association, Southern California on the occasions of their second anniversary.

The spirit that gave life to GAPASCA cannot be concealed. In each one of you, the spirit springs forth and in his every involvement, even the most casual stranger cannot help but be inspired. The difference that one GAPASCA can make is formidable but, when men dedicated to served and helps band together, their impact on the world borders on epic.

Many students of the city especially the unprivileged have found new chances because you were not content to sit along the sidelines. You found concrete ways to give substance to the mission of service, the unprivileged is better off because your decision to change their life and to fulfill their dreams.

Mabuhay kayo at hangad ko ang inyong tagumpay!

Teresita T. Velasco
