

CERN DEATH SACRIFICIAL RITE

An approximation of Various peculiar occult number and location associations regarding the Germanwings flight 9525 from Barcelona, Spain to Dusseldorf, Germany that crashed near Barcelonnette, France, on March 24, 2015 on the eve of CERN attempting to initiate the collider.

Ended outside Barcelon-nette

OCCULT SIGNATURE

This tragedy appears to have the markings of the occult that require human sacrifices to open up dimensional portals as CERN attempted on March 25. For example, 555 is associated with death and a resurrection., etc. Oddly enough the crash site is in phi ratio of distance from point of origin and CERN.

THE GOLDEN RATIO

It is the 'Signature of the Creator'. It is seen in math, nature, the arts and the Human Form. It is when 2 quantities are in the golden ratio if the ratio of the sum of the quantities to the larger quantity is equal to the ratio of the larger quantity to the smaller one. It is also a marker of time and space.
