

Let's Make History

Let's make history.
You and me.
A love that will last through the centuries.
Remembered through the ages as the greatest love.
Let's make history.

It won't be easy.
Love never is .
You try and try and try...
But, with the greatest love,
We'll rise above
And have the greatest love.

Let's make history.
You and me.
A love that will last through the centuries.
Remembered through the ages as the greatest love.
Let's make history.

Through the centuries,
They'll remember our love
Through the centuries.

Romeo and Juliette
Ain't seen nothing yet.
History.

You and me.
Going down in history.
