

THE DIVIDED STATES OF AMERICA

PREPARATION OF DIVISIONS THROUGH PRAYER AND RITUAL

The purpose of this illustration is to consider what has led, in part to the present dismantling of the USA, in a multifaceted way that has basically eroded its foundations and institutions, politically, socially, religiously, economically. One is clearly witnessing the fall of an empire. The context will be based on the cause that is overall, a Spirit of Division. It is ripping the nation apart and the world at large. This conjecture stems from the esoteric and astronomical nuances that have already occurred in the USA. And that this study strongly suggests has been at work. This work has been behind the scenes as the study will recall 2 prior articles written about 2 major occasions that suggest this Spirit of Division, come upon the land. They are a factor of prayer and ritual. The 1st division occurred spiritually back in 2011 with the cross-country tour of the 13 Crystal Skulls. The 2nd division occurred astronomically across the USA with the total solar eclipse of 2017, deemed the Great American Eclipse. If one were to superimpose the lines of these said 2 trajectories, it would mark an 'X' on the map of the USA, entirely. Many that study End Times and Biblical prophecy complain that most stories pertaining to the 'End of Days' or Biblical prophecy studies involve the USA as the main focus. Many rightly note that when it comes to the Last Days, it seems the USA gets the center stage, aside from the Middle East and Israel. This is a fair judgment but consider that this is because the USA is still currently the 'Head of the Nations'.
