Coding Key:

Kindness Items: 6, 8, 16, & 24

Indifference Items: 2, 12, 14, & 18 (Reversed Scored)

Common Humanity: 11, 15, 17, & 20

Separation: 3, 5, 10, & 22 (Reversed Scored)

Mindfulness: 4, 9, 13, & 21

Disengagement: 1, 7, 19, & 23 (Reverse Scored)

To reverse-score, change the following values: 1 = 5, 2 = 4, 3 = 3, 4 = 2, 5 = 1

To compute a total Compassion Score, take the mean of each subscale (after reverse-scoring) and compute a total mean.

Please remember that if you plan to examine the subscales separately, you should not reverse-code. Before reverse-coding, for example, higher indifference scores represent more indifference, but after reverse-coding higher indifference scores represent less indifference. This is why the subscales of indifference, separation, and disengagement are reverse-coded before taking an overall compassion mean.
