A Letter from the Prez

Hi. Corvette enthusiasts! Doesn't it feel great to live in such a Corvette-friendly area with such beauty and have such an active, fun club? I get a thrill every time I see Corvettes gathering.

Doug Rosa recently informed me that we have several potential new members joining the club. That is opposite national trends over the past couple years in which Corvette clubs have declined in membership.

Since I became Vice President a few years ago, the CCCC has grown from about 35 members to about 120 members. I believe the personalities of the club members, the fun nature of our club and this great Corvette- driving-friendly area all contribute to that. Thanks for being members of the CCCC.

As you may know, Ken Lynch is retiring, leaving the Wade General Manager position at Wade Chevrolet. The CCCC Board (and the club) treated Ken to a going away lunch at Painted Pony this past week. Ken has been very supportive of the CCCC and of its members. We all wish Ken a healthy, pleasant, and happy retirement at his place in Idaho. Thanks, Ken for your many years of support. We are looking forward to meeting the new General Manager...and to developing a great relationship with him as we move forward.

As always, there are plans in the works for more activities for CCCC members. VP Derek Hall is being exceptional in organizing and staging club runs. One of the exciting ones for Trish and I is the upcoming three day run to Monument Valley in October. We have been there several times, but never driving with 20+ Corvettes. The trip will feature some exceptional scenery, nice roads, pleasant meals...and good camaraderie. It would be cool if we could have 30+ cars. We hope to see you driving along with the rest of us.

I'd like to make a few comments about the CCCC Christmas dinner at Imi's Aragosta in St George in December. For those of you who haven't gone to the CCCC Christmas dinner here's what to expect: tasty food, pleasant music, holiday entertainment and good discussions. Is there a better way to move into the holidays?

Here's just a historical note from me. When I retired 9 years ago, I had sworn off being on any committees or boards where I had to be there and be responsible for anything. Then, things changed. Jim Agar asked me to run for VP with him running for President. Jim and I strongly felt that the CCCC needed to be FUN. We assumed our CCCC positions with that goal in mind. I believe we were successful. Fun it is...

Thanks for being members. Because of our growth, I often feel that there isn't enough opportunity to get to know all members as well as I would like. However, that does not deter me from that goal. Coming from a decades-long career as a clinical psychologist, I like to listen...and talk. If we don't know each other, pull me aside.

Keep driving, keep smiling, keep waving...and enjoy life.

*Peter Spevak
President*

ANNUAL CLUB ELECTIONS

Each year, at the October General Membership Meeting, members are encouraged to nominate themselves, or someone else, to one of the five (5) positions that comprise the Club's Board of Directors.

The five Board seats consist of President, Vice President, Membership Coordinator, Treasurer, and Secretary. Each of these positions are expected to serve not less than one year, and not more than two years.

The positions of Webmaster, Sunshine Coordinator, and Newsletter Editor are not board positions, but are important club positions to which the Board asks club members to fill as needed.

You may nominate yourself, or someone else, for more than one of the five Board positions. In the unlikely event that the nominee is not elected to their preferred position, they could, however, be elected to the alternate position(s) for which they were nominated.

Nominations can be sent via email to the Club Secretary, Paul Styka at p.styka@sbcglobal.net. The nomination period ends on October 31, 2021.

At the General Membership Meeting, scheduled for Tuesday, November 9, 2021, with a quorum of not less than 20% of the membership present, all names nominated will be announced and voted upon by a raise of hands. The nominee with the most votes received for each position, is elected. Terms of service will commence on January 1, 2022.

If you want your vote to count, you must be present at the November General Membership Meeting.

'TIS THE SEASON FOR ANNUAL CLUB DUES

Yes, it's that time of year when we need to pay our annual club dues to retain our membership. Here is how it works:

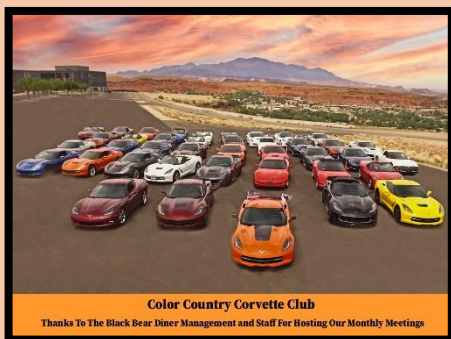

If you are an existing member, your annual dues payment is \$60 for a single member, and \$70 for a double membership.

If you joined the Club after September 15, 2021, your membership dues are paid up for the balance of 2021 and 2022.

All dues are to be received by the Treasurer no later than November 15, 2021. **Dues payments made after that date incur a \$20 late fee.**

If dues are not paid by December 31, 2021, membership is cancelled.

IN OTHER NEWS...

A BIG HIGH FIVE TO THE BLACK BEAR DINER

At the monthly Club meeting held on Tuesday, October 12, Club President, Peter Spevak, presented a beautiful canvas of a recent Club photo to **Emily Lang, Shift**

Manager of the Black Bear Diner in Washington City. The diner has been a gracious and longtime host of our monthly membership meetings. This presentation was a token of our appreciation to the entire staff.

A FOND FAREWELL TO A GOOD FRIEND OF THE CLUB.

Your officers said goodbye to Ken Lynch, a long-time friend of the Club at a luncheon held at the Painted Pony on September 24.

Ken (left of center) has been the General Manager at Stephen Wade Chevrolet/Cadillac, and responsible for all the sponsorship the Club has enjoyed for many years.

Ken is retiring to the Boise, Idaho area where he plans to do some fishing and lots of relaxing after 38 years in the automobile industry. We wish Ken much happiness and good health as he begins this new phase of his life.

WE HAVE A WINNER!

Congratulations to Jeff & Julie Zornow who's black 1990 ZR1 won top honors in the '1990 Corvettes & Newer Class' at the recent Red Rocks Car Show during Swiss Days in Santa Clara.

SUNSHINE NEWS

We continue to hear of health issues among the club membership. Please make me aware of anyone who needs assistance, or just needs a friendly phone call to brighten their day.

Myrna Hagerty spent a night in the hospital recently for observation following a spike in her blood pressure and bouts of dizziness. Her husband **Bruce** recently underwent a procedure to relieve pain in the T-9 vertebrae which was successful.

Anne Rosa also underwent a procedure to relieve pain in her lower extremities which was very successful...much less pain!

Jim Goodfellow is recovering from his recent stroke. Diane says he still has some dizziness especially when he's tired. They both plan to be back with us soon.

OCTOBER CAR OF THE MONTH

Although a car enthusiast from an early age, Corvettes always seemed beyond my reach, so I settled on the Hot Rod scene. Several cars later when age, health, too many busted knuckles from wrenching took their toll and a little more change found my pocket, I found Corvettes.

We're now on number four with the first being a 2005 base coupe followed by a 2015 Z51 auto, then a 2017 Z51 7 speed manual transmission.

Just before C8 production I suggested we get one of the last Corvettes with the engine in front of the dashboard and I was given the 'go ahead' as long as it was blue....

We have lived throughout the Intermountain West since the early 1970s and have been club members since permanently moving to St George a little over three years ago, from the mountains of Central Idaho.

We thoroughly enjoy the company of other club members; their cars, and the adventures associated with the various club functions and runs.

- Terry & Denise Oldfield

NEW MEMBERS

My wife, Gayla, and I moved from the Pacific Northwest to Hurricane at the end of 2018, after I retired. We had been coming down to Southwest Utah almost every Spring to enjoy the sunshine and warmth and fell in love with this area. We love to go hiking, camping, boating, off roading and flying.

Our recently purchased 2006 "Velocity Yellow" Base Coupe is our first Corvette. Previously, we had owned several different sports cars including a Pontiac Fiero, a Toyota Supra, a Porsche 928S, a Mitsubishi 3000GT VR4, and a Ford Mustang. Gayla's favorite color is Yellow, so I had been on the lookout for a 2006 or newer

Yellow C6 with an automatic transmission, and I found one in Phoenix that had been well cared for with less than 40,000 miles.

We look forward to meeting the other CCCC members and participating in some of the upcoming events.

- Mark & Gayla Perini

We discovered Southern Utah back in 2009 on a cross-country trip. Having fallen in love with the desert Southwest, we started looking for a vacation/retirement location and finally bought a house in Ivins in 2018 after several years of looking.

Melissa originally hails from West Virginia, spending her childhood there before moving to Atlanta during her college years. She's worked as a sales engineer for an ethics and compliance company for the past 23 years and has been able to work from home; hence why we decided to make Ivins our home sooner than originally planned.

I was born and raised in Atlanta, spending my entire life there until the move to Utah. I worked as a travelling IT consultant, having spent time at several telecommunications companies. COVID 19 put an end to travel shortly after moving here, so I have been semi-retired since.

While the C8 is my first 'Vette, both Melissa and I have memories of them from our childhood. Melissa's dad's best friend drove a Silver Stingray Corvette. She can't recall the year, but it was the most beautiful car she had ever seen in her whole life. She was 7 years old.

I love cars as a little boy, having posters of Lamborghinis, Porches, and Ferraris on the wall, as well as the Corvette. A friend of mine's dad had a '68 Stingray and it was the most exotic car I had seen in person. I've owned a steady stream of cars since college, alternating between sports coupes and convertibles.

I've always had a fascination with mid-engine cars, so when Corvette went to mid-engine, I started saving pennies. I managed to get a dealer allocation back in April and finally got my car in August; a 3LT Coupe in silver.

-Brad & Melissa Hamlett

Tour of the Vanderhall Factory

Provo, Utah

Thursday, September 16, 2021

Eight Club Corvettes met at Exit 13 and headed North to Provo. Our first stop was in Beaver where we stretched and refreshed. The next stop was in Scipio for a second stretch, and then finally we arrived at Magleby's Restaurant in Springville for lunch. Dave and Marsha Van Otten met us at the restaurant; it was good to see them since they moved North.

Following lunch, we drove about two miles to the Vanderhall Factory where we enjoyed a detailed tour of the assembly line and heard their future plans.

The tour ended at around 3:30pm after which we all went our separate ways, either to tour the area, or to visit friends and relatives.

COMMUNITY SERVICE

Earlier this year, the Club placed a brick in the wall of the monument at the Veteran's Memorial at the Tonaquint Cemetery in St. George.

We love our veterans and hope to recognize and support them as often as we can.

Next time you are driving along Dixie Drive drop in and take a look.

REDUCED SERVICE DEPARTMENT LABOR RATES & SPECIAL CLUB PRICING ON ALL PRE-OWNED VEHICLES

- ❖ Factory-trained mechanics and access to genuine Chevrolet parts
- ❖ When your car needs routine maintenance or repair, you want the technicians working on it to know and understand your vehicle.

- ❖ Factory-trained mechanics, and access to genuine parts, go a long way to ensuring that your vehicle is well-cared for and kept in prime operating condition.
- ❖ Stephen Wade technicians are up to date on the latest service bulletins, recalls, parts changes and service procedures.

- ❖ The benefits of timely routine maintenance should not be underestimated. A well-maintained vehicle is more efficient, safer, more valuable, and more enjoyable to own. Ignoring important maintenance items might save a little money in the short term, but there's great potential for more expensive repairs in the long term by doing so.

2021 Rates

Labor - \$95/hr.

Parts – 15% off the MSRP

Maintenance – 10% discount

Brakes & Alignment – 10% discount

Tires – Can be price matched with either **Discount Tire** or **Costco**.

Cost to balance and mount is \$50/Per tire

Important Note: At each monthly club meeting the Stephen Wade dealership graciously gives us three valuable gift certificates to be used as door prizes, for which we are very grateful.

Due to some earlier confusion, Robert Rashid, Service Manager, has clarified that these certificates never expire, and are redeemable for all services and parts. Exceptions are...tires and GM promotions.
