

PHALLUS TEMPLATE OF COLUMBIA

The purpose of this illustration is to continue in the study of the multi-layered Luciferian and Masonic encryption of the District of Columbia. The core of the District is dedicated to the adoration and exhalation of the combined sexual energies of the male-female properties of the Universe as mirrored from the constellation of Orion approximately, in one aspect. These motifs are in the form of the phallus and anthropomorphic properties of the 'Masonic Man' that is construed with the various ley-lines. In particular, the Washington Monument serves as an optical illusion of a 'shadow erection'. The main emphases of this illustration depicts an approximation of a sexual penetration of the phallus motif with the Masonic 'Square and Compass' that configures the Washington Mall ley-lines. It is an homage to the perverted sexual energies of their goat-god Baphomet among other Luciferian motifs 'hidden in plain sight'.

The main emphases of this Luciferian pattern is that of the counterfeit association of Orion as Nimrod, the 1st Mason that stood opposed as a 'Mighty Hunter' against YHVH. Such encrypted motifs are of the religion of the Synagogue of Satan and Elders of Zion that rule the world as the 'Deep State' and/or the 'Shadow Government', for the time being until Jesus Christ returns. It will be the conclusion of the Tower of Babel Conflict.

THE RESURRECTION OF NIMROD

This illustration suggests that the male member motif is an esoteric encryption of the attempt by the Luciferians to resurrect their coming 'Nimrod' or AntiChrist savior.

Lincoln Memorial

'Phallus Motif'

Washington Monument
'SHAFT OF BAAL'
Shadow 'Erection'

This illustration suggests that the core of the Washington District of Columbia is encrypted with many layers of Luciferian hidden constructs. They seek to venerate and commemorate their exploits of achieving their 'Great Work'.

Jefferson Memorial

The Luciferians have made an ingenious encryption of the 'erection' of Nimrod, the 1st Mason in an illusion of light and shadows. The obelisk of the Washington Monument serves as this means to depict a sexual copulation and penetration motif 'hidden in plain sight'. Although highly suggestive, the Luciferians are keen in utilizing such energies in their blood sacrificial rights. It is for this reason that Satanists for example murder the innocent babies and young boys and girls after sexual exploitation of them to harness their sexual energies in the blood they then drink and dedicate to Lucifer.
