Maya on Mother's Day

I ♥ MOM

Kids Sit & Draw Competition

To further celebrate women and their significant role in the society as mothers, on the occasion of Mother's Day, we conducted have Kid's Sit & Draw competition on the topic I ♥ MOM at the FOMC National Breast Cancer Foundation Fundraiser Luncheon 2016.

It was wonderful to watch the little ones unleash their creative potential while their parents eagerly waited with a sense of pride witnessing their Kid's creation.

A bright and colourful event was able to encourage participation from kids as young as 2 year old to 12.

Thanks to the enthusiastic team who orchestrated the entire event for a noble cause.

The winners were presented limited edition art blocks of authentic Indian art by eminent woman artist (Ms. Ranita Deb) from India.

Overall, it was the inclusiveness and confluence of multiple generations and a truly multicultural event.

A MOM knows How To Be A Friend
And How To Calm A Fear
She knows A Cure For Every Ache
And How To Dry A Tear....
