With virtually every move that we make, our joints are being stressed. The same is true for your dog. Lifesource Vitamins Glucosamine for Dogs provides a fast and convenient way to replenish joint tissues and promote normal movement while protecting their healthy cartilage from potential future damage. To increase absorption and functionality, we've added ultra-purified MSM to provide the purest form of sulfur needed for structural integrity of joint cartilage.

Pets are family members too, and we know how important it is for everyone in your family to be healthy. Young or old, big or small, this dog supplement is shown to absorb more quickly and efficiently than pills or tablets, offering faster results. Just mix in their food, water or undiluted for the long-term mobility and health of your dog.

## A gathering of tribes

As an emcee Rick Kelly proclaimed last Sunday, the Great Spirit had indeed blessed the gathering that weekend in Surry County. Dozens of Native American tribal members and guests of other nations proceeded to the inner circle at the start of the powwow. All around, visitors witnessed and photographed the tribe's grand entry, which was repeated on Sunday. There was plenty to see and do during the weekend. For more images, see page 3. At right, Drummer's chair as they posed at the heart of the grand entrance ceremony. Below, Lynette Allston is chief of the Nettoway Tribe.

## Forums scheduled for candidates

STAFF REPORT

**SMITHFIELD** Incumbents and challengers for local and state offices in Isle of Wight County get to present their views on issues next month through the coordinated efforts by civic groups. The Isle of Wight Citizens' Association has partnered with the county's NAACP, the Carrollton Civic League and the newly formed Southern and Central Isle of Wight Citizens Group. Also joining them are members of the Windsor AARP chapter. As Jim Henderson of the WICA pointed out in his letter on page 2, there are three planned forums, and the originator of such public conversation is credited to the late Grace Kent, a founder and longtime past president. At each event, the doors will be open by 5:45 p.m., so that people can meet individually with the candidates. Each session is scheduled to formally begin and end from 7 to 9 p.m. A question-and-answer session will be included for each pair.

**WEDNESDAY, OCT. 16** IOW school board forum: Contested races will be Vicky Haddock and Lawrence I. Bottrick for the Newport District; and Matthew D. Thomas and Denise N. Tynes of Smithfield for the Smithfield District. This will be in the Smithfield Center, 201 N. Church St. Moderators will be Jarad Ford (NAACP) with Herb DeGroot (WICA).

**TUESDAY, OCT. 22** IOW supervisors forum: Contested races will be William M. McCarty Sr. and Rick Collettian for the Newport District; and R.W. "Dick" Goke and Dr. Timmie M. Edwards Sr. for the

## Sidewalk project in Windsor delayed

STEPHEN FALESKI STAFF WRITER

Town Manager Michael Stallings anticipates that an invitation for bids won't go out until some time in October. "We had to complete easement agreements with property owners, and complete permitting requirements with the Army Corps of Engineers," Stallings said of the delay.

## Social Services: More funding needed for Companion Program

STEPHEN FALESKI STAFF WRITER

**ISLE OF WIGHT** A locally funded Social Services program that provides in-home assistance to adults with disabilities may run out of money before the end of the current fiscal year. Isle of Wight County's Board of Supervisors had authorized roughly \$50,000 in seed money at the beginning of the 2019-2020 fiscal year, which

started July 1, so that its Department of Social Services could start the initiative known as the Companion Program. But, according to the county's Social Services director Reynold Jordan, another \$56,900 is needed to continue providing the same level of service through the end of the fiscal year, which is June 30, 2020. "There are only nine people who have been approved to

## County re-soliciting bids for Blackwater property

STEPHEN FALESKI STAFF WRITER

**ISLE OF WIGHT** In August, Isle of Wight County cancelled its request for proposals for hunt clubs for use of a county-owned parcel of land along the Blackwater River, citing a "breach in the purchasing process." Now, the county plans to re-solicit bids, only this time, the process will be a little different. On Sept. 19, the county's Board of Supervisors voted unanimously to issue an invitation for bids, which, according to Assistant County Administrator Don Robertson, differs from an IFP in that it allows the county to specify what it expects of the offer, and simplifies the bidding process so that the highest bidder will be awarded the opportunity to lease the property for hunting. According to David Smith, the county's director of parks and recreation, the IFP will be "a little less formal" in that bidders need not go into detail as to their qualifications to manage the property. "[An] IFB is pretty cut and dry, here's what we need you to do, you tell us what you're going to bid on that," Smith explained. "There's no room for negotiation."

SEE BLACKWATER, 8

This map, included in Isle of Wight County's invitation for bids, shows the boundaries of the northern and southern tracts of the Blackwater property. Five miles of the property is river frontage along the Blackwater, which serves as the border between the counties of Isle of Wight and Southampton.

### Antioxidant Supreme 90 Capsules - \$16.99

Every cell in our body produces tens of thousands of free radicals on a daily basis. From a long-term perspective, the oxidation that inevitably results can have a devastating effect on the integrity of our healthy cells. LifeSource's Antioxidant Supreme are comprised of the most powerful oxidation quenching nutrients available today.

Countering the effects of oxidation provides us with greater amounts of energy, increased stamina, and a better state of overall health. Our distinctive blend of these highly effective free radical fighters can play a substantial role in warding off some of life's most damaging toxins.
