OPERON

Accessories catalog

Table of contents

Like the OPERON line of surgical tables, our accessories are characterized by robust construction, ergonomic functionality, and a wide range of applications designed to meet the needs of nearly every surgical discipline. Our extensive portfolio range is designed for safe patient positioning and is arranged in this catalog by specialty and application to help ensure you have the best options possible.

Dimensions:

Accessory dimensions are given in standard measurements.
US standard operating room table side rails – 3/8" W x 1 1/8" H.
All dimensions are L x W x H or L x W.
Standard pads are 2 3/8" thick.

Weight limitations:

Accessories have weight limitations based on the patient's total weight proportional to the body part being supported. When multiple accessories are used, the patient weight should be limited to the lowest capacity accessory. Known weight limitations are listed with the accessories throughout this catalog.

Standard accessories

1.1	Clamps	4
1.2	Storage systems	6

1.1

Clamps

Radial Setting Clamp
OZ 1001041

Accommodates post diameters up to .79" as well as square profiles up to .79" square. Fine radial adjustments in 6° increments.

Clamp fits standard EU and US side rails.

Radial Setting Clamp, Simultaneous Locking
OZ 1001075

Accommodates post diameters up to .79" as well as square profiles up to .79" square. Fine radial adjustments in 6° increments.

Clamp fits standard EU and US side rails.

Quick Clamp, Round Post
OZ 7500775

Snap locks to the side rail. Fits round rods up to .63" in diameter.

Fits US standard table side rails.

Rail Clamp, Flat Blade
OZ 7500875

Attaches at OR table rail ends or at rail notches. Allows horizontal or vertical installation of accessories. Accommodates flat blade accessories up to 1" x .25".

Fits US standard table side rails.

Quick Clamp, Flat Blade
OZ 7516175

Snap lock on mechanism to lock onto side rail at any position. Accommodates flat blade accessories up to 1" x .25".

Fits US standard table side rails.

Imaging Extension Rail Clamp
OZ 7522575

This clamp fits the profile of our imaging extensions and provides a 6" length of side rail to be used for mounting an armboard or side rail mounted accessory in combination with the respective clamp. Fits OZ 7520175 and OZ 7521275.

With US standard side rails.

Inside Rail Clamp
OZ 7527675

Allows the use of standard width footboard and other flat blade accessories that are designed for a standard 20" wide table top. Accommodates flat blade accessories up to 1" x .25".

Fits US standard table side rails.

1.2

Storage systems

**Accessory Stand
OZ 1205075**

Mobile storage cart. One storage tray, three storage baskets, six side rails, two sleeves for knee crutch storage. No equipment included.

Dimensions: 22.2" x 19.7" x 58"

**Accessory Cart, Split Legs
OZ 7532175**

Cart provides storage for split leg sections, single leg plates, clamps, and stirrups.

Dimensions: 21.3" x 21.3" x 54.3"

**Shoulder Chair Cart
OZ 7529475**

Storage cart for integrated shoulder chair accessory. Lower surface provides additional storage for accessories.

1.3

Anesthesia aids

**Anesthesia Screen
OZ 1001101**

Vertical height adjustment of 25.6", .71" post diameter.

Recommended clamp: OZ 1001075

**Flexible Anesthesia Tube Holder
OZ 1001200**

Single locking knob secures 2 joints simultaneously providing flexible positioning for a variety of anesthesia tube diameters. Accommodates tube sizes of .57"/.87"/.93".

Clamp fits standard EU and US side rails.

1.4

Restraint straps

Body Restraint Strap, Padded
OZ 7500975

Secures patient with two integrated locking buckles.
Padded surface at patient contact area.

Dimensions:
Strap: 80" x 2"
Pad: 18" x 5"
Patient weight capacity: 500lbs

1.5

General

Side Rail Extender
OZ 7503975

Attaches to side rail with integrated clamp to provide additional rail length.

Dimensions: L: 8.3"

X-Ray Cassette Tray
OZ 7518475

Cassette tray securely holds film and can be inserted from either end of the table. Tray will pass over column for complete body imaging. Integrated handle stiffens during use and is flexible for convenient storage.

Patient Transfer Boards

- OZ 7565475**
- OZ 7565575**
- OZ 7565675**

Designed to be better for patients, easier for nurses, and more convenient for patient transfer. Foldable for easy storage, includes carry-on strap. Short length, especially recommended for orthopaedics, gynecology and urology.

OZ 7565475 long and wide version.
Dimensions: 71.5" x 20.5"

OZ 7565575 short and wide version.
Dimensions: 32" x 20.5"

OZ 7565675 long and narrow version.
Dimensions: 40" x 16.5"

Patient weight capacity: 500lbs

1.5

General

Foot Control
OZ 7518675

Controls height, tilt and Trendelenburg.

Filler Plates
OZ 7519975
OZ 7522675

OZ 7519975 (Perineal Filler) includes removable standard pad. Closes perineal cut-out at seat and back section, when applicable, of standard table top. Radiolucent. Attaches with hook and loop tape.

OZ 7522675 (Imaging Extension Filler) includes removable standard pad.

Compatible with OZ 7520175, OZ 7521275 and OZ 7520375 when attached at the foot end of the table.

Patient weight capacity: 500lbs

Kidney Support
OZ 7520075

Slides onto kidney elevator plate for mounting. Anatomically curved for comfortable body support. Can be used for lateral patient positioning.

Compatible with all D series tables.

Footboard/Foot Extension
OZ 7523275

Attaches to side rails. Adjustable width to also fit most other tables.

Dimensions: 12" x 24"

Recommended clamps: 2 x OZ 7500875

Patient weight capacity: 300lbs

X-Ray Grid Encasement
OZ 7537475

14" x 17" (drop on) grid encasement customized to fit the integrated x-ray channel of the OPERON D series tables.

Works with 14" x 17" film and CR cassettes.

2.1

Armboards & hand/arm tables

**Armboard, Ball Joint, One Hand
OZ 1251875**

Height adjustable armboard with one handed manipulation of tilt and rotation. Integrated clamp.

Dimensions: 23.6" x 6.3"
 Height adjustment: 3.94"
 Pads: OZ 1251800 (concave) OZ 1251810 (flat)
 Restraint strap: OZ 1201830
 Patient weight capacity: 440lbs

**Armboard, Multitask
OZ 7500475**

Ball joint permits a wide range of positioning flexibility. Includes pad and restraint strap. Clamp sold separately.

Dimensions: 20" x 5.5"
 Height adjustment: 16.5"
 Longitudinal adjustment: 7"
 Recommended clamp: OZ 7500775
 Patient weight capacity: 500lbs

**Trigger Armboard
OZ 7504175**

Integrated clamp snap locks onto rail at any position. One hand adjustable. Includes standard pad and restraint strap. Radiolucent.

Dimensions: 26" x 6"
 Patient weight capacity: 400lbs

**Universal Arm/Hand Table
OZ 7515775**

Attaches to side rail via round post clamps. Includes removable support leg and standard pad. Radiolucent.

Dimensions: 30" x 15"
 Recommended clamps: 2 x OZ 7500775
 Patient weight capacity: 500lbs

**Hand/Arm Table, Hourglass Shape
OZ 7516875**

Attaches to the side rail. Contoured for better access. Includes removable support leg and standard pad.

Dimensions: 31.1" x 22.8"
 Width at table center: 15"
 Recommended clamps: 2 x OZ 7500775
 Patient weight capacity: 500lbs

**Armboard, Bariatric
OZ 7519175**

Integrated clamp snap locks onto rail at any position. One hand adjustable. Includes standard gel pad and restraint strap. Radiolucent.

Dimensions: 26" x 8"
 Patient weight capacity: 1,000lbs

2.1

Armboards & hand/arm tables

Prone Arm Support OZ 7531375

Allows for effective position of the arms to help prevent potential patient injury. The malleable hand rest is designed to enable the surgeon to place the patient's hand in any desired orientation. Clamps sold separately.

Recommended clamp: OZ 7500775
Patient weight capacity: 500lbs

Trigger Armboard, Carbon Fiber OZ 7547675

Integrated radiolucent carbon fiber armboard with integrated clamp easily attaches to side rail at any location on the table. Standard pad included.

Dimensions: 26" x 6.3"
2" Pad: OZ 7547775
Patient weight capacity: 400lbs

2.2

Body supports

Footboard/Foot Extension OZ 7523275

Attaches to side rails. Adjustable width to also fit most other tables.

Dimensions: 12" x 24"
Recommended clamps: 2 x OZ 7500875
Patient weight capacity: 500lbs

18" Kneeboard OZ 7540075

18" Kneeboard for patient support in kneeling position. Clamps included.

Dimensions: 21" x 18"
Mounts onto table side rails.
Support Roll: 2 x OZ 1003310 (optional)
Recommended clamps per Support Roll: OZ 1001075 or OZ 1001041
Patient weight capacity: 500lbs

Shoulder Support TrenStop OZ 7531875

Designed to provide support for extreme Trendelenburg positioning. Flexible adjustment for optimal positioning to provide protection against nerve brachial plexus nerve damage. Clamps sold separately.

Recommended clamps: 2 x OZ 7500875
Patient weight capacity: 450lbs

Lateral Positioning Set OZ 7537375

Stabilizes patients for procedures requiring optimal lateral positioning. Attaches to side rail. Vertically, horizontally, and ball joint adjustable.

Recommended clamps: OZ 7500875 or OZ 7516175
Lateral Supports: OZ 7501075
Dimensions: 8.7" x 3.4"
Lateral Padding: OZ 1609104, round dimensions: Ø: 3.9"
Patient weight capacity: 400lbs

2.3

Leg supports

Knee Crutches
OZ 7501575

Includes hook and loop tape straps for security and foam padding. Rotation range 360°. Clamps sold separately.

Recommended clamps: OZ 7500775
 Patient weight capacity: 500lbs

Premium Leg Stirrups, Pair
OZ 7501775

Lift assist mechanism provides easy one-hand adjustment for lithotomy positioning. Soft pad and contoured boot comfortably secures patient's foot and lower leg.

Lithotomy movement range +84° to -35°, abduction range +90° to -35°.

Recommended clamps: 2 x OZ 7500875 or 2 x OZ 7516175
 Accessory Stand: OZ 7532175
 Replacement Pad Set: OZ 7555475
 Patient weight capacity: 350lbs

Arthroscopy Leg Holder
OZ 7511975

Attaches to the side rail with clamp. Integrated ratchet adjustment allows stable leg positioning. Includes two disposable pads.

Recommended clamp: OZ 7500775
 Disposable pad sets: OZ 7512075 (12 single-use pads units per set)
 Patient weight capacity: 500lbs

Split Legs, Pair
OZ 7521375

Attaches to OPERON standard table connector. Double pivot allows dual articulation, includes standard pad.

Dimensions: L: 30"
 Recommended footboards: OZ 7521875
 Patient weight capacity: 600lbs

Footboard for Split Leg Plates, Pair
OZ 7521875

Attaches to side rail with clamps. Provides patient support for extreme Reverse Trendelenburg positioning. Includes removable standard pad.

Dimensions: 10.2" square
 Recommended clamps: 2 x OZ 7500775
 Patient weight capacity: 600lbs

Leg Transfer Board
OZ 7522475

Locks into table using x-ray cassette channel. Used to support patient's legs before and after lithotomy positioning. Lightweight and rigid. Includes removable standard pad.

Dimensions: 35.4" x 21"
 Patient weight capacity: 300lbs

Leg Transfer, Sling Style
OZ 7560175

Lightweight fabric style. Used to support the patient's legs before and after lithotomy positioning. Supports user ergonomics for easy attach and release of the section. Connects to the x-ray channel of the table.

Replacement cover: OZ 7560275
 Patient weight capacity: 600lbs

2.3

Leg supports

Leg Transfer Board, Adjustable OZ 7529075

Panel position slides to allow use on both leg and back side of the seat section for normal and reverse orientation. Used to support the patient's legs before and after lithotomy positioning. Includes standard pad.

Dimensions: 36" x 21"

Attaches to OPERON's standard section connectors.

Patient weight capacity:
750lbs standard table position
350lbs reverse table position

Leg Holder, J Shape OZ 7540275

Attaches to side rail with clamp. Stainless steel tube construction.

Vertical adjustment: 28"- 41"

Recommended clamps: OZ 7500775

Patient weight capacity: 300lbs

2.4

Tabletop extensions

Filler Plates OZ 7519975 OZ 7522675

OZ 7519975 (Perineal Filler) includes removable standard pad. Closes perineal cut-out at seat and back section, when applicable, of standard table top. Radiolucent. Attaches with hook and loop tape.

OZ 7522675 (Imaging Extension Filler) includes removable standard pad.

Compatible with OZ 7520175, OZ 7521275, and OZ 7520375 when attached at the foot end of the table.

Patient weight capacity: 500lbs

Imaging Extension Plate, 36" Short, Carbon Fiber OZ 7520175

Attaches in place of back plate or leg plate to allow 360° of radiolucent imaging / 3D imaging.

Dimensions: 36"x 21"

Use Filler Plate OZ 7522675 if attached in place of leg section.

Patient weight capacity: 400lbs

2.4

Tabletop extensions

**Imaging Extension Plate, 44" Long, Carbon Fiber
OZ 7521275**

Attaches in place of back plate or leg plate to allow 360° of radiolucent imaging. Leg support included.

Dimensions: 44" x 21"

Use Filler Plate OZ 7522675 if attached in place of leg section.

Use Filler Plate OZ 7519975 if attached to the seat section in place of the back section.

Patient weight capacity: 750lbs with support leg

**Split Legs, Pair
OZ 7521375**

Attaches to OPERON standard table connector. Double pivot allows dual articulation, includes standard pad.

Dimensions: L: 30"

Recommended footboards: OZ 7521875

Patient weight capacity: 600lbs

**Footboard for Split Leg Plates, Pair
OZ 7521875**

Attaches to side rail with clamps. Provides patient support for extreme Reverse Trendelenburg positioning. Includes removable standard pad.

Dimensions: 10.2" square

Recommended clamps: 2 x OZ 7500775

Patient weight capacity: 600lbs

**Pediatric Table, Carbon Fiber
OZ 7520375**

Attaches to table connectors in place of back section. Integrated side rails. Scalloped shape to permit close access to patient. Use Filler Plate OZ 7522675 if attached in place of leg section. Includes standard pad.

Dimensions:

36" x 14.25" (rail to rail)

36" x 12.25" (without rails)

Patient weight capacity: 75lbs

3.1

Bariatric

**Tabletop Width Extender
OZ 7501275**

Extends table surface for larger patients. Clips to the side rail with integrated clamp. Includes removable pad. Integrated side rail accommodates attachment of additional accessories.

Dimensions: 4.1" x 20"
Patient weight capacity: 400lbs

**Bariatric Leg Stirrups, Pair
OZ 7518975**

Lift assist mechanism provides easy one-hand adjustment for lithotomy positioning. Soft pad and contoured boot designed for larger/heavier patients. Comfortably secures patient's foot and lower leg.

Lithotomy movement range +84° to -33°
Abduction range +90° to -35°

Clamps sold separately.
Replacement pad set: OZ 7555575
Recommended clamps: OZ 7500875
Patient weight capacity: 720lbs

**Leg & Body Strap, Bariatric
OZ 7519075**

Secures patient with four integrated locking buckles. Safe and convenient fixation through additional extra wide and long padding.

Dimensions:
Strap: 80" x 2"
Pad: 30" x 11.8"
Patient weight capacity: 1,000lbs

**Armboard, Bariatric
OZ 7519175**

Integrated clamp snap locks onto rail at any position. One hand adjustable. Includes standard gel pad and restraint strap. Radiolucent.

Dimensions: 26" x 8"
Patient weight capacity: 1,000lbs

**Nissen Straps, Bariatric, Pair
OZ 7520575**

Bariatric Nissen straps offer the support larger patients need during steep Reverse Trendelenburg positioning. Attaches via integrated clamps to the side rail. Oversized pad offers comfortable support.

Dimensions: 72.3" x 2"
Pad: 33" x 7"
Patient weight capacity: 1,000lbs

**Bariatric Width Extenders set, Short Leg, with 2^{3/8}" pad
OZ 7556975**

Extends table surface to accommodate larger patients. Mounts onto side rail and secures via integrated clamps. Includes standard removable pad (2^{3/8}"). Fully radiolucent carbon fiber also includes standard side rails to attach accessories.

Patient weight capacity: 1,000lbs

**Bariatric Width Extenders set, Long Leg, with 2^{3/8}" pad
OZ 7557175**

Extends table surface to accommodate larger patients. Mounts onto side rail and secures via integrated clamps. Includes standard removable pad (2^{3/8}"). Fully radiolucent carbon fiber also includes standard side rails to attach accessories.

Patient weight capacity: 1,000lbs

3.1

Bariatric

**Bariatric Width Extenders set, Short Leg, without pad
OZ 7557075**

Extends table surface to accommodate larger patients. Mounts onto side rail and secures via integrated clamps. Does not include standard pads. Fully radiolucent carbon fiber also includes standard side rails to attach accessories.

Patient weight capacity: 1,000lbs

**Bariatric Width Extenders set, Long Leg, without pad
OZ 7557275**

Extends table surface to accommodate larger patients. Mounts onto side rail and secures via integrated clamps. Does not include standard pads. Fully radiolucent carbon fiber also includes standard side rails to attach accessories.

Patient weight capacity: 1,000lbs

3.2

ENT/Ophthalmology

**Horseshoe Headrest
OZ 1001351**

Height and width adjustable. Ball joint facilitates head positioning for ENT, oral and plastic surgery. Use in combination with wrist support OZ 1001352.

Mounts using neuro adapter part numbers OZ 7515575 or OZ 7520675.

**Wrist Support for Horseshoe Headrest
OZ 1001352**

Provides hand resting surface and support used in combination with the Horseshoe Headrest OZ 1001351.

Mounts to Horseshoe Headrest OZ 1001351.

**ENT Horseshoe Headrest, Adjustable
OZ 1001400**

Dual joint adjustability for ENT, plastic, and ophthalmic applications. Single locking lever for both joints provides ease of positioning.

Mounts using neuro adapters OZ 7515575 or OZ 7520675.

**Headrest, Multi Adjustable
OZ 1001410**

Multi adjustable head support for ENT, plastic and ophthalmic surgery with dual joint operation each secured by a single lever.

Mounts using neuro adapters OZ 7515575 or OZ 7520675.

3.2

ENT/Ophthalmology

Headrest, Narrow
OZ 7517375

Adaptable with appropriate neuro adapter (not included.) Non-articulating headrest contoured to provide optimum access for ENT and Ophthalmology. Includes standard removable pad.

Length: 15.8"

Recommended neuro adapter: OZ 7515575

Patient weight capacity: 500lbs

3.3

Gynecology/Urology

Elbow Support, Piece
OZ 1252675

Elbow support for the surgeons hand/forearm during procedures. Multiple adjustments to accommodate positions. Integrated clamp.

Interface: Mounts onto table side rails.

Attachment Strap for Drainage Bags
OZ 7501875

Flexible band provides excellent access while providing superior fluid containment via drainage bags. Integrated clamp.

Use in combination with OZ 7502075.

Drainage Bags
OZ 7502075

Non-sterile fine mesh drainage bags for gynecology/urology procedures (10 per box).

Compatible with all common suction systems for liquid collection. Use in combination with OZ 7501875.

Instrument Surface
OZ 7504075

Attaches to the side rail with clamp. Provides surface for instruments and supplies for gynecology/urology procedures.

Dimensions: 10" x 24"

Recommended clamp: OZ 7500775

3.3

Gynecology/Urology

Kidney Support
OZ 7520075

Slides onto kidney elevator plate for mounting. Anatomically curved for comfortable body support. Can be used for lateral patient positioning.

Leg Transfer Board
OZ 7522475

Locks into table using x-ray cassette channel. Used to support patient's legs before and after lithotomy positioning. Lightweight and rigid. Includes removable standard pad.

Dimensions: 35.4" x 21"
 Patient weight capacity: 300lbs

Leg Transfer, Sling Style
OZ 7560175

Lightweight fabric style. Used to support the patient's legs before and after lithotomy positioning. Supports user ergonomics for easy attach and release of the section. Connects to the x-ray channel of the table.

Replacement cover: OZ 7560275
 Patient weight capacity: 600lbs

Leg Transfer Board, Adjustable
OZ 7529075

Panel position slides to allow use on both leg and back side of the seat section for normal and reverse orientation. Used to support the patient's legs before and after lithotomy positioning. Includes standard pad.

Dimensions: 36" x 21"
 Attaches to OPERON's standard section connectors.

Patient weight capacity:
 750lbs standard table position
 350lbs reverse table position

Leg Holder, J Shape
OZ 7540275

Attaches to side rail with clamp. Stainless steel tube construction.

Vertical adjustment: 28" - 41"
 Recommended clamps: OZ 7500775
 Patient weight capacity: 300lbs

TUR Module
OZ 7519675

Provides patient support for extreme Reverse Trendelenburg and extended imaging access for gynecology and urology cases. Equipped with radiolucent support plate. Cannot be used with split leg plates. Includes standard gel pad.

Dimensions: L: 11.9"
 Attaches to OPERON's standard section connectors in place of leg plate.
 Patient weight capacity: 800lbs

3.4

Neuro/Spine

Knee-Elbow Positioning Device
OZ 1005275

For knee-elbow position during spinal surgery or proctology. 7.9" height adjustment via hand crank. Attaches to OPERON's standard section connectors.

Support Roll: 2 x OZ 1003310 (optional)
 Recommended clamps per support roll: OZ 1001075 or OZ 1001041
 Patient weight capacity: 440lbs

Neuro Adapter
OZ 7515575

Attaches to side rail. Accepts commonly used Mayfield, Horseshoe Headrest and specialty headrests. Adjusts laterally to fit nearly all tables.

Attaches to OPERON's standard section connectors.
 Ideal for mounting Mayfield and Horseshoe Headrest.
 Patient weight capacity: 500lbs

Pediatric Table, Carbon Fiber
OZ 7520375

Attaches to table connectors in place of back section. Integrated side rails. Scalloped shape to permit close access to patient. Use Filler Plate OZ 7522675 if attached in place of leg section. Includes standard pad.

Dimensions:
 36" x 14.25" (rail to rail)
 36" x 12.25" (without rails)

Patient weight capacity: 75lbs

Neuro Adapter, Low Profile
OZ 7520675

Attaches to OPERON's standard section connectors. Ideal for mounting Mayfield, Horseshoe Headrest and special headrests.

Patient weight capacity: 1,000lbs

Spine Frame
OZ 7529375

Attaches easily to any OPERON surgical table for versatile prone, lateral or supine positioning to facilitate spinal surgery. Allows intraoperative flex eye and airway visibility and access. Unrestricted C-Arm access Radiolucent spars. Small storage footprint. Accessories store on the frame. Supine top set option to convert the open spine frame to a solid image surface. Wingsets allow abdomen to hang free.

Dimensions: 48" x 17"
 Patient weight capacity: 500lbs

Prone Arm Support
OZ 7531375

Allows for effective position of the arms to help reduce potential patient injury. The malleable hand rest enables the surgeon to place the patient's hand in any desired orientation. Clamps sold separately.

Recommended clamp: OZ 7500775
 Patient weight capacity: 500lbs

3.4

Neuro/Spine

18" Kneeboard
OZ 7540075

18" Kneeboard for patient support in kneeling position. Clamps included.

Dimensions: 21" x 18"
 Mounts onto table side rails.
 Support Roll: 2 x OZ 1003310 (optional)

Recommended clamps per Support Roll: OZ 1001075 or OZ 1001041
 Patient weight capacity: 500lbs

Arm Cradle, Disposable Pad
OZ 7547275

Disposable arm supports. 6 pairs per case.

Spine Frame (Wilson Style)
OZ 7547175

Provides a stable and convenient platform for spine surgeries such as laminectomies, decompressions and disc surgery. Intraoperatively adjustable to the desired lordosis to get optimal surgical site exposure. Tapered, adjustable viscoelastic pads provide support and comfort. C-arm compatible.

Comes complete with transport storage dolly and crank handle, disposable headrest, and two arm cradles.

Headrest, Disposable Pad
OZ 7547375

Disposable slotted headrests. 6 per case.

Pad Set, Spine Frame
OZ 7547475

Wilson style spine frame replacement pad set.

Mask, Disposable
OZ 7547575

For use with integrated shoulder chairs OZ 7519475 and OZ 7523075.
 12 masks per box.

3.5

Ortho/Trauma

Supine Tops
OZ 7530475

Radiolucent 4 piece set that fits spine frame OZ 7539375.

Length: 12"

Prone Leg Pad for Spine Frame System
OZ 7530675

Provides comfortable, anatomically correct positioning of the legs while prone patient is engaged with spine frame.

Dimensions: 42" x 5"

Extension for Upper Arm (Weinberger)
OZ 1001450

Upper arm extension for intramedullary nailing of the upper arm/elbow surgery. Set consisting of: Upper armboard with traction unit, fine linear adjustment for the patient's arm length and applied traction forces. Upper arm countertraction post adjustable via clamps. Includes pad.

Radiolucent Weinberger handcuff with integrated clamp. Attaches to the upper armboard with traction unit. Radiolucent. Attaches to side rail via clamps.

Recommended clamps: 2 x OZ 7500775

Arthroscopy Leg Holder
OZ 1002540
OZ 1002560

OZ 1002540 normal version OZ 1002560 XL version. Adjustable horizontally with hand crank and radially with clamp for secure positioning of the leg. Includes three removable pads.

Width adjustment 5.5" to 10.5"
 XL version also fits legs of larger/heavier patients.

Dimensions:

OZ 1002540: (2 x pads) 7.5" x 3.3" (1 x pad) 7.1" x 5.5"
 OZ 1002560: (2 x pads) 10.55" x 2.4" (1 x pad) 7.1" x 5.5"
 Recommended clamps: OZ 1001075 or OZ 1001041

Armboard, Multitask
OZ 7500475

Ball joint permits a wide range of positioning flexibility. Includes pad and restraint strap. Clamp sold separately.

Dimensions: 20" x 5.5"
 Height adjustment: 16.5"
 Longitudinal adjustment: 7"
 Recommended clamp: OZ 7500775
 Patient weight capacity: 500lbs

Arthroscopy Leg Holder
OZ 7511975

Attaches to the side rail with clamp. Integrated ratchet adjustment allows stable leg positioning. Includes two disposable pads.

Recommended clamp: OZ 7500775
 Disposable pad sets: OZ 7512075 (12 single-use pads units per set)
 Patient weight capacity: 500lbs

3.5

Ortho/Trauma

**Chin Straps Single-Use for Shoulder Chair
OZ 7518375**

Single-use soft padded strap with additional chin layer securely restrains patient's head. 12 sets per case.

Compatible with shoulder chairs OZ 7523075 and OZ 7519475.

**Integrated Shoulder Chair, D8XX
OZ 7519475**

Mounts to the head end of the seat section on D model tables. 3-section back plate and ball joint. Adjustable head holder. Two removable side sections provide surgical access. Includes lateral brace to provide support. Rear-mounted side rail for the mounting of shoulder support devices. Attaches to OPERON's standard seat section connectors.

Chin straps: OZ 7518375

Disposable mask: OZ 7547575 (12 sets per box)

Replacement Lateral Brace: OZ 7541675

Patient weight capacity: 500lbs

**Integrated Shoulder Chair, D7XX
OZ 7523075**

Mounts on the leg-end of the seat section on D7XX model tables. 3-section back plate and ball joint. Adjustable head holder. Two removable side sections provide surgical access. Includes lateral brace to provide support. Rear-mounted side rail for the mounting of shoulder support devices. Attaches to OPERON's standard seat section connectors.

Disposable mask: OZ 7547575 (12 sets per box)

Chin straps: OZ 7518375

Replacement Lateral Brace: OZ 7541675

Patient weight capacity: 500lbs

**Orthopaedic Extension Unit, Carbon Fiber
OZ 7532975**

Converts your OPERON surgical table from a general purpose table into an orthopaedic specialty table. The extension unit is designed to be used for hip and lower extremity procedures such as: hip pinning, ender pinning, intramedullary nailing of femur, tibia and fibula surgery.

The extension is a simple and secure attachment to the table with the help of the included cart which enables the user to remove and store the extension and accessories when not in use. Abductor bars and most accessories are constructed of high strength, lightweight, and radiolucent carbon fiber material.

Patient weight capacity:

400lbs with support leg

350lbs without leg support

3.6

Vascular/Cardiovascular

Filler Plates
OZ 7519975
OZ 7522675

OZ 7519975 (Perineal Filler) includes removable standard pad. Closes perineal cut-out at seat and back section, when applicable, of standard table top. Radiolucent. Attaches with hook and loop tape.

OZ 7522675 (Imaging Extension Filler) includes removable standard pad.

Compatible with OZ 7520175, OZ 7521275 and OZ 7520375 when attached at the foot end of the table.

Patient weight capacity: 500lbs

Imaging Extension Plate, 36" Short, Carbon Fiber
OZ 7520175

Attaches in place of back plate or leg plate to allow 360° of radiolucent imaging / 3D imaging.

Dimension: 36"x 21"

Use Filler Plate OZ 7522675 if attached in place of leg section.

Patient weight capacity: 400lbs

Imaging Extension Plate, 44" Long, Carbon Fiber
OZ 7521275

Attaches in place of back plate or leg plate to allow 360° of radiolucent imaging. Leg support included.

Dimensions: 44" x 21"

Use Filler Plate OZ 7522675 if attached in place of leg section.

Use Filler Plate OZ 7519975 if attached to the seat section in place of the back section.

Patient weight capacity: 750lbs with support leg.

4.1

Patient positioning aids

Support Roll, Horizontal
OZ 1001691

Multiuse positioner adjusts vertically and horizontally with additional joint for pad rotation. Multiple uses such as upper arm positioning for fractures, or thoracic support in lateral positions. Includes removable pad.

Dimensions: L x Ø : 10.8" x 5.3"
 Attaches via clamp to the side rail.
 Recommended clamp: OZ 1001075

Tibia Support / Knee Rest
OZ 1003310

Used to support the patient's leg during knee/ tibia applications. Clamp sold separately.

Dimensions: L x Ø: 10.8" x 5.3"
 Attaches via clamp to the side rail.
 Recommended clamps: OZ 1001075 or OZ 1001041

Knee-Elbow Positioning Device
OZ 1005275

For knee-elbow position during spinal surgery or proctology. 7.9" height adjustment via hand crank. Attaches to OPERON's standard section connectors.

Support Roll: 2 x OZ 1003310 (optional)
 Recommended clamps per support roll: OZ 1001075 or OZ 1001041
 Patient weight capacity: 440lbs

Anesthesia Cushion
OZ 2200010

Stabilizes the position of the head in supine position. Equipped with electrically conductive top cover.

Dimensions: 16.53" x 18.9" x 3.93

Half-Moon Cushion
OZ 2200020

Half-moon/semi-circular cushion. Suitable for breast, pelvis and leg support/elevation. Equipped with electrically conductive top cover.

Dimensions: 19.7" x 8.7" x 4.3"

Leg Rest Cushion
OZ 2200030

Designed to stabilize leg in a comfortable position. Cushion for one leg. Equipped with electrically conductive top cover.

Dimensions: 23.6" x 8.6" x 7.1"

Tunnel Cushion
OZ 2200040

Designed to protect the legs from pressure damage in lateral position. Equipped with electrically conductive top cover.

Dimensions: 23.6" x 15.3" x 7.1"

4.1

Patient positioning aids

Lateral Positioning Cushion
OZ 2200050

Wedge-shaped cushion with cut-out designed to reduce pressure of the arm beneath the patient. Mainly suitable for entire lateral patient positions. Equipped with electrically conductive top cover.

Dimensions: 27.6" x 19.7" x 6.3"

Spinal Cushion
OZ 2200060

Foam cushion with cut-out for spinal interventions/prone positioning. X-ray- translucent. Equipped with electrically conductive top cover.

Dimensions: 33" x 18" x 3.93" / 14" x 7.87" (cut-out)

Vacuum Pump with Foot Stand
OZ 2200110

Manual foot pump for air suction of vacuum mattress OZ 22001X0.

Dimensions: L: 23.6"

Vacuum Repair Kit
OZ 2200120

Repair kit to close small holes of the vacuum mattress surface.

Non-Slip Sheet Roll Tabletop
OZ 2200130

Designed to prevent vacuum mattress from sliding on the tabletop in extreme positions.

Single roll 15.7" x 35.4" to tailor on desired length.

Universal Vacuum Mattress
OZ 2200140

Single hand operable valve. X-ray permeable and slip-resistant. Universal size. Contours to the shape of the patient when suction is applied. Utilizes vacuum pump OZ 2200110.

Dimensions: 78.7" x 29.2"

Use with non-slip foil for extreme angle positioning: OZ 2200130

Torso Section Vacuum Mattress with Cutout
OZ 2200150

Single hand operable valve. X-ray permeable and slip-resistant. Torso section. Contours to the shape of the patient when suction is applied. Ideal for gynecology, urology, cholecystectomies, and robotic surgical procedures.

Utilizes vacuum pump OZ 2200110.

Dimensions: 39.4" x 29.2"

Non-slip foil for extreme positioning: OZ 2200130

4.1

Patient positioning aids

Universal Split Leg Vacuum Mattress
OZ 2200160

Single hand operable valve. X-ray permeable and slip-resistant. Use with split leg configured tables. Contours to the shape of the patient when suction is applied.

Utilizes vacuum pump OZ 2200110.
 Dimensions/Interface: 78.7" x 29.5"
 Non-slip foil for extreme positioning: OZ 2200130

Lateral Support, Rectangular
OZ 7501075

Vertically, horizontally and ball-joint adjustable. Attaches to side rail via flat blade clamp, pad included.

Recommended clamps: OZ 7500875 or OZ 7516175

Shoulder Support, Pair
OZ 7517075

Attaches to side rail with clamps. Provides patient support for extreme Trendelenburg positioning. Flexible adjustment for optimal positioning. Includes removable pads.

Dimensions: 7.1" x 5.5"
 Recommended clamps: 2 x OZ 7500875
 Patient Weight Capacity: 500lbs

Shoulder Support TrenStop
OZ 7531875

Designed to provide support for extreme Trendelenburg positioning. Flexible adjustment for optimal positioning to provide protection against nerve brachial plexus nerve damage. Clamps sold separately.

Recommended clamps: 2 x OZ 7500875
 Patient weight capacity: 450lbs

Lateral Positioning Set
OZ 7537375

Stabilizes patients for procedures requiring optimal lateral positioning. Attaches to side rail. Vertically, horizontally, and ball joint adjustable.

Recommended clamps:
 OZ 7500875 or OZ 7516175
 OZ 7501075 Lateral Supports Dimensions: 8.7" x 3.4"
 OZ 1609104 Lateral Padding, Round Dimensions: Ø: 3.9"

Patient weight capacity: 400lbs

Gel Head Donut
OZ 7538575
OZ 7538675

OZ 7538575, for adults OZ 7538675, for adolescents/children
 Protects and stabilizes the head for supine positioning.

OZ 7538575
 Dimensions:
 External Ø x Internal Ø x H:
 Adults: 8" x 3" x 2"
 Adolescents/children: 6" x 2" x 1"

4.1

Patient positioning aids

Gel Horseshoe Head Donut
OZ 7538775
OZ 7546375

Used for various positioning to protect and stabilize the head. Cut-out allows anesthetist access to tubes during operation.

OZ 7538775 for adults
 OZ 7546375 for adolescents/children

Dimensions:
 External Ø x Internal Ø x H:
 8" x 3" x 2"

Gel Heel Pad
OZ 7538875

This pad was designed to effectively protect bones on the heels and elbows.

Gel Heel Elevators
OZ 7538975

This pad was designed to effectively protect bones on the heels and elbows.

Dimensions: 6" x 2" x 2"

Gel Round End Armboard Pad
OZ 7539075

Universal gel pad for standard size armboards.

Dimensions: 6" x 26" x .24"

Gel Oval Ulnar Nerve Protector
OZ 7539175

Designed to help prevent pressure damage to the ulnar nerve. Compact design ensures full access for anesthesia.

Dimensions: 13" x 6" x .5"

Gel Flat Bottom Positioning Rolls
OZ 7539275
OZ 7539375
OZ 7539475
OZ 7539575

For lifting, stabilizing and positioning various body parts such as the breast, pelvis, knee, heel, and ankle.

Dimensions:
 OZ 7539275: 13" x 5" x 4"
 OZ 7539375: 17" x 5" x 4"
 OZ 7539475: 21" x 5" x 4"
 OZ 7539575: 21" x 7" x 6"

4.1

Patient positioning aids

Gel Standard Positioners
OZ 7539675
OZ 7539775

Universal positioning aid. Used for lateral position, or as a support under the heels, knees or shoulder.

Dimensions:
 OZ 7539675 10" x 5" x 2"
 OZ 7539775: 15" x 5" x 2.2"

Gel Contoured Armboard Pads
OZ 7539875
OZ 7540175

Protects biceps, elbows and forearm. The concave shape reduces potential for the arm rolling down. Ideal for supine and lateral.

Dimensions:
 OZ 7539875: 16" x 5.8" x 2.2"
 OZ 7540175: 20" x 5.8" x 2.2"

Gel Horseshoe Head Donut, Pediatric
OZ 7546375

Used for various positioning to protect and stabilize the head. Cut-out allows excellent anesthetist access to tubes during operation.

Dimensions:
 External Ø x Internal Ø x H:
 6" x 2.25" x 1"

Gel Prone Headrest
OZ 7546475

Headrest designed for anatomically correct positioning and stabilization of the patient's head during prone positioning. Allows tube access from both sides.

Dimensions: 11" x 9" x 5.9"

Gel Knee Crutch Pad
OZ 7546575

Comfort and protection for leg positioning (e.g. Goepel leg supports). Mainly for general surgery, gynecology, and urology.

Dimensions: 9" x 11" x .38"

Gel Arm Protector
OZ 7546675

Universal gel support for armboards to guard against nerve damage. Gentle positioning of the patient's arm.

Dimensions: 15" x 5.9" x .25"

4.1

Patient positioning aids

Gel Operating Table Pad
OZ 7546775
OZ 7546875

Comfort and protection over the entire length of the OR table. Usable in multiple ways, e.g. folded or rolled. Designed for pressure distribution for prone, supine and lithotomy as well as steep Trendelenburg positions.

OZ 7546875 with cut-out for lithotomy and steep Trendelenburg positions. Ideal for gynecology and urology.

Dimensions:

OZ 7546775: 46" x 20" x .5"

OZ 7546875: 40" x 20" x .5"

Gel Perineal Post Cushion
OZ 7546975

Additional padding of the perineal post, especially recommended for cases where high traction forces are executed, e.g. arthroscopies. Universal adaptable on perineal post.

Dimensions: 7" x 5.1" .5"

Gel Insert
OZ 7547075

Gel insert for knee arthroscopy device.

Dimensions: 37" x 3.94" x .38"
